Summary Explanation/Background

Broward County currently provides its employee prospective parents up to 180 hours of paid parental leave for qualifying events, including the birth of a biological child, the placement of a child with the employee for adoption or foster care, or the appointment as guardian of a minor child pursuant to court order. In order to qualify for the paid parental leave benefit, the employee must have worked in a benefit-eligible position for at least twelve (12) months and worked at least 1,250 hours during the twelve (12) month period preceding the qualifying event.

Miami-Dade County provides its employees 180 hours of paid parental leave, allotted over a period of six (6) weeks. Palm Beach County provides its employees 240 hours of paid parental leave, plus an additional two (2) weeks to birthing mothers if the additional time is required for medical reasons.

The proposed Resolution, if adopted, would increase the paid parental leave period from 180 hours to 240 hours, and would provide an additional two (2) weeks to birthing mothers if medically necessary. The proposed Resolution would also require that the employee repay the monetary value of the paid parental leave if the employee voluntarily terminates County employment within the six (6) months following the period of paid parental leave.

At the Board meeting of January 12, 2021, the sponsor's proposed amendments to the Resolution were approved for inclusion in the item for consideration at the public hearing. Accordingly, the proposed Resolution before the Board has been revised to incorporate those amendments.
