Summary Explanation/Background

The Audit Report, issued on December 16, 2020, indicated that "[b]ased on pet ownership statistics and the number of households in Broward County, the County issues licenses for only 17% of all pets...resulting in approximately \$13 million dollars in lost revenue." Additionally, the Audit Report indicated that pet licensing sales have decreased annually from 2016 through 2019, that the number of licenses issued monthly also appears to be decreasing year after year and recommended that pet registration tag issuance and renewals be outsourced.

This agenda item provides an opportunity for the Board to discuss the County Auditor's recommendation and to provide necessary direction to staff as specified in the motion statement.
