Information

Requested Action

MOTION TO APPROVE use of Housing Finance Authority funds as Local Government Contribution ("LGC") for Broward County affordable housing projects submitted to the Florida Housing Finance Corporation ("FHFC"), via the solicitation outlined within the 2021/2022 FHFC Requests For Application ("RFA"s), and authorize future Community Development Block Grant (CDBG) or HOME Investment Partnerships Program (HOME) federal funds or other available Broward County affordable housing resources to replace the Housing Finance Authority of Broward County (the "HFA") reserve funds, up to \$2,000,000, if one or more local projects are selected by the FHFC.

Why Action is Necessary

Approval of the use of HFA funding is required by Board of County Commissioners.

What Action Accomplishes

Allows the HFA to provide up to \$2,000,000 from its reserve account to provide an LGC (estimated value of \$100,000 per project) for the 2021/2022 FHFC RFA's, subject to replacing the HFA funding with CDBG, HOME or other available County affordable housing resources if one or more projects are selected by the FHFC.

Is this Action Goal Related

Yes

Previous Action Taken

None taken.

Summary Explanation/Background

THE ENVIRONMENTAL PROTECTION AND GROWTH MANAGEMENT DEPARTMENT AND THE HOUSING FINANCE AND COMMUNITY REDEVELOPMENT DIVISION RECOMMEND APPROVAL OF THE ABOVE MOTION.

This item supports the Board's vision of offering sustainable, compatible, innovative housing options for all income-levels, including integrated supportive housing and rapid-rehousing: Goal 1: Facilitate a regional approach to growth and redevelopment through coordination and collaboration at the federal, state, county, and local levels; Goal 2: Strengthen stakeholder partnerships to increase the availability of affordable housing of all types (e.g. rental, purchase, supportive, etc.), countywide, in every community; and Goal 3: Develop, through effective community collaboration, neighborhoods and communities incorporating intermodal connectivity, while integrating energy efficiency, community resilience, and other livability standards and initiatives.

On June 18, 2021, FHFC published its "Florida Housing Finance Corporation Tentative 2020/2021 Funding Amounts/Timelines" ("FHFC 2021/2022 Timeline"), charting the estimated amounts and deadlines for its various funding programs, including 9% tax credit financing and State Apartment Investment Loan (SAIL) funding, (collectively, the "2020/2021 FHFC RFA's"). The tentative deadlines to apply for the 2021/2022 FHFC RFA's that are expected to require an LGC begin in August 2021 and run through April 2022. As many FHFC 2021/2022 RFA's have not been published, it is possible that additional RFA's may require an LGC or that the FHFC 2021/2022 timeline may be revised to include additional RFA's requiring an LGC. In order to achieve the maximum possible score within the 2021/2022 FHFC RFA's requiring an LGC, a multifamily development project is required to have an LGC with an expected value of at least \$100,000.

Each year, the Broward County Housing Finance and Community Redevelopment Division (the "Division") advertises for applications for use of the annual CDBG and HOME funds allocations. The mismatch between County and FHFC funding cycles may preclude the ability for the Board of County Commissioners (Board) to timely provide CDBG, HOME or other housing funds to serve as LGC's for the recently announced FHFC RFA's. Therefore, to provide developers an opportunity to get a local match certification for the RFA funding opportunities, the HFA, at its August 18, 2021, board meeting, approved Resolution 2021-008 (Exhibit 1) authorizing the use of up to \$2,000,000 from the HFA Reserve Account to provide an LGC for the 2021/2022 FHFC RFA's, subject to using future CDBG, HOME or other available County affordable housing resources to replace the use of HFA funds if one or more projects are approved by FHFC. The HFA Resolution 2021-008 was approved as to form by the Office of the County Attorney.

This action would allow Broward County projects the opportunity to take advantage of the significant financing leverage that is provided by the 2021/2022 FHFC RFA's. Without the LGC, Broward County projects would not achieve maximum scoring and, therefore, would not be competitive in the FHFC process. All selected projects will require future Board approval for the allocation of CDBG funds, HOME funds, or other available County affordable housing resources in calendar years 2021 or 2022.

It should be noted that there are approximately 3 to 5 Broward projects that receive FHFC funding

annually.
