Summary Explanation/Background

At-Large board appointments are made available to County Commissioners according to the At-Large Board Rotation Procedures approved by the Broward County Commission.

The list of available at-large board positions is provided to each Commissioner in a specific rotation order. During each Commissioner's term, they may nominate an individual to one board. The position will then be deleted from the rotation list and any positions that become available are added. The list is then sent to the next Commissioner on the rotation. After an unfilled position has completed a full rotation (available to each Commissioner), the position is removed from the rotation list and added to the list of at-large board positions available to all Commissioners, thereby allowing any Commissioner to nominate one or more individuals to the position (see Exhibit 1). If more than one nomination is submitted for the same position, the County Commission votes to determine which individual will be appointed.
