Summary Explanation/Background

THE ENVIRONMENTAL PROTECTION AND GROWTH MANAGEMENT DEPARTMENT AND THE PLANNING AND DEVELOPMENT MANAGEMENT DIVISION RECOMMEND APPROVAL, subject to staff recommendations and conditions which will assure compliance with the standards and requirements of Chapter 5, Article IX of the Broward County Code of Ordinances.

The applicant is requesting approval of an application for a new findings of adequacy to develop an assisted living facility (ALF) with 124 sleeping room (111 dwelling unit equivalents) on approximately 5.8 acres located on the north side of Peters Road, between State Road 7 and Northwest 42 Avenue, in the City of Plantation. The plat was approved by the Broward on November 13, 2008, for 217,800 square feet of warehouse/office which permits up to 50% of ancillary office warehouse use. At the time of plat approval, it included a replat of "PLANTATION SEVEN PLAT" (Plat Book 151, Page 20), which was approved for 30,000 square feet of commercial use. The new findings of adequacy required that either a building permit be issued or infrastructure for development be substantially

completed by November 13, 2013. However, neither was a building permit issued nor infrastructure installed, and in accordance with Section 5-181(o) of the Land Development Code, the County's findings of adequacy have expired.

In addition, the applicant requests to amend the nonvehicular access line (NVAL) to have two 25-foot openings, the first 168 feet south of the north plat limits and the second 280 feet south of the north plat limits.
