Summary Explanation/Background

THE OFFICE OF ECONOMIC AND SMALL BUSINESS DEVELOPMENT RECOMMENDS APPROVAL OF THE ABOVE MOTION.

This motion supports the Board of County Commissioners' Vision of "A vibrant economy with a diverse, skilled workforce, in a County offering unique advantages that attract all types of businesses to create equitable, countywide prosperity.", Value A: "Ensuring economic opportunities for Broward's diverse population and businesses," Goal 1: "Attract and retain all types of business, especially high-wage industries that offer employee benefits, through partnerships with the Alliance, chambers of commerce, colleges and universities, CareerSource, and any other available avenues."

The Office of Economic and Small Business Development (hereinafter referred to as "OESBD") reviewed the Fiscal Year 2020 Alliance Quarterly Performance Report (Exhibit 1). The quarterly report has been summarized to highlight the Alliance's achievements for the first quarter of Fiscal Year 2020 (Exhibit 1, page 3 of 17). The quarterly report demonstrates the successful achievement of 62% of the Alliance's overall quarterly goals, with notable achievements in projected job creation with

560 projected new value-added jobs; direct capital investment of \$273.4 million and 863 retained jobs. The Alliance has exceeded the annual goal for overall capital investment for Fiscal Year 2020.

As reported by the Alliance, goal attainment challenges listed were missed due to several outside influences. Regarding average number of projects in the pipeline, the Alliance reports that while this measure is currently under goal, there are several project generation outreach programs in process. They anticipate they will bring the Alliance in line with goal as the year progresses. The Alliance reports that the goal for announced projects is five per quarter, and this quarter, three were announced. There are a number of projects in the pipeline that are currently being finalized and as they are announced, it is anticipated they will bring the Alliance in line with goal as the year progresses. The Alliance reports the goal for business retention and expansion is to conduct 180 corporate visits in Fiscal Year 2020, or 45 per quarter. The Alliance conducted a total of 34 visits during the first quarter, which represents 75% goal attainment. Alliance staff is focusing on this important objective through proactive outreach to local companies, and with additional visits planned for the next three quarters, it is anticipated this goal will be met for the year.

OESBD has reviewed the quarterly report and accepts the Alliance response relating to performance activities including its three departments: Business Development, Investor Relations, and Business Intelligence Function. The Alliance has achieved a significant portion of its quarterly goals.
