DP Development of the Treasure Coast, LLC, a certified CBE firm, committed to 30% CBE participation for its contract; it has achieved 30.9% CBE participation to date (Exhibit 3).

The OESBD established a CBE goal of 35% for open-end Contract No. PNC2117217B1, Bridge and Miscellaneous Structures Repairs. FG Construction, LLC, a certified CBE firm, committed to 35% CBE participation for its contract; it has achieved 100% CBE participation to date due to the prime contractor being a CBE certified firm and performing the work with its own forces (Exhibit 4).

On November 12, 2020, the Highway and Bridge Maintenance Division requested a threshold increase for open-end Contract No. PNC2117271B1, General Roadway and Miscellaneous Construction. This increase was necessary to perform emergency general roadway work for severe pavement failures due to the flooding caused by Tropical Storm Eta, including Andrews Avenue at Prospect Road and NW 6th Avenue between Commercial Boulevard and Oakland Park Boulevard (Exhibit 1).

On November 13, 2020, the Highway and Bridge Maintenance Division requested a threshold increase for open-end Contract No. PNC2117217B1, Bridge and Miscellaneous Structures Repairs.
