Summary Explanation/Background

On or about January 25, 2021, the State of Florida, Department of Agriculture and Consumer Services ("Department") advertised on the State's Vendor Bid System a "Request for Applications," Advertisement No: 225FL818Y8105, The Emergency Food Assistance Program (the "Procurement"). The Department published the Procurement for the purpose of soliciting responses from potential recipient agencies with which the Department "seeks to contract . . . to distribute USDA Foods for The Emergency Food Assistance Program" ("EFAP"). Feeding South Florida, Inc. ("FSF") submitted a response to the Procurement for Region 18 and was not selected as an awardee of the subject contract. Over the past decade, FSF has provided food distribution in Broward County and has partnered with numerous entities to create consistent and organized opportunities for Broward County residents to obtain needed food through drive-thru distributions, meal boxes, and home

delivery programs, among other methods. Moreover, FSF has the experience, infrastructure, and capacity to handle such a contract.

The Resolution expresses the Board's support for the Department's reconsideration of the scoring of all responses to the Procurement, including the response submitted by FSF. The Resolution also directs the County Administrator to distribute the Resolution to Department Commissioner Nicole "Nikki" Fried.
