Summary Explanation/Background

The American Rescue Plan Act of 2021 ("Rescue Act") provides funds to local governments that may be used to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, and the provision of aid to impacted industries such as tourism, travel, and hospitality. Broward County's total allocation of Rescue Act funds is \$379,304,234.

The United Drivers of Broward ("UDOB") submitted a request for Rescue Act funding (Exhibit 1). UDOB indicates its membership includes more than 700 taxicab drivers from minority and immigrant communities. A survey conducted by UDOB indicated that more than 92% of taxicab drivers surveyed suffered a loss of more than 50% of their revenue for affected time periods as a result of COVID-19.

This agenda item, if approved, would authorize the County Administrator to utilize up to \$5,000,000 in Rescue Act monies to provide monetary assistance of up to \$5,000 per registered taxicab or jitney

driver toward eligible financial losses during qualifying time periods prior to September 30, 2021. This item would authorize the County Administrator to take any necessary administrative and budgetary actions to establish and administer the referenced program and to execute any necessary funding agreements, subject to review for legal sufficiency by the Office of the County Attorney.
