Summary Explanation/Background

REGIONAL EMERGENCY SERVICES AND COMMUNICATIONS AND THE EMERGENCY MANAGEMENT SECTION RECOMMEND APPROVAL OF THE ABOVE MOTION.

The Board approved a similar motion on June 15, 2021, Agenda Item 80, authorizing the County Administrator to execute all documents, including but not limited to contracts, amendments or revisions to contracts, work authorizations, grant applications and grant awards relating to preparation and response efforts associated with disasters; and to take the necessary administrative and budgetary actions to implement the documents, only to be exercised by the County Administrator if the timeliness requirements did not allow sufficient lead time to bring the item before the board.

Preparedness and response to disasters requires timely execution of agreements with various agencies, most significantly, the State of Florida's Division of Emergency Management, the Federal Emergency Management Agency (FEMA) and other disaster recovery funding sources. These agreements are time sensitive and failure to execute them in a prompt manner may preclude participation in programs or delay recovery efforts.
