I. Planning Council Staff Transmittal Recommendation

May 13, 2025

While Planning Council staff does not generally support these types of amendment applications due to the environmentally sensitive nature of the designated lands, there are aspects of the application that differentiate it from other similar applications, including the deed restriction for aviation uses and that the management of the site is preempted by the Federal Aviation Administration. In consideration of the balancing of interests in this very narrow set of circumstances, Planning Council staff does not object to the removal of Sites 42A, 42B, 42C and 42D / Map Labels 95, 91, 93 and 92 from the Natural Resource Map Series Environmentally Sensitive Lands Map.

The City of Pompano Beach's commitments regarding 1) gopher tortoise survey no more than 90 days prior to any construction or clearing and the relocation of gopher tortoise burrows subject to Florida Wildlife Commission permitting, 2) tree plantings along the City's multipurpose path (Northeast 5th Avenue and Northeast 10th Street) and 3) the detailed listed plant survey to be taken prior to any land clearing, as well as the City assisting Broward County or similar staff with the collection of native seeds and plant clippings from rare and endangered plants on the parcels, are recognized.

As the Planning Council is aware, the Broward County Charter requires at least one Planning Council public hearing and Article 1.2(A) of the *Administrative Rules Document:* BrowardNext outlines the following circumstances in which a second Planning Council public hearing may be recommended or required:

- (1) At its initial public hearing, the Planning Council takes an action to recommend denial of a proposed amendment; or
- (2) At its initial public hearing, the Planning Council takes an action to recommend approval subject to meeting specific criteria or policy prior to a second Planning Council public hearing; or
- (3) At its initial public hearing, the Planning Council votes by a majority of the members present with a minimum of six (6) affirmative votes for a second Planning Council public hearing; or
