HOUSING AND URBAN PLANNING DIVISION

1 N. University Drive, Box 102 | Plantation, FL 33324 | 954-357-6634 | Fax 954-357-6521

DEVELOPMENT REVIEW REPORT FOR A NEW PLAT

| Project Description | | | |
|---------------------|-------------------------------------------------------------------------------------|----------------------|---------------------------------------------------------------------|
| Plat Name: | Hollywood Oaks | Application Number: | 031-MP-24 |
| Application Type: | New Plat | Legistar Number: | 25-1588 |
| Owner/Applicant: | 4220 N 58th Avenue Partners, LLC/58 Oak, LLC | Commission District: | 7 |
| Authorized Agent: | Pulice Land Surveyors, Inc. | Section/Twn./Range: | 01/51/41 |
| Location: | East of State Road 7/U.S. 441, between Oak Street/North 42 Street and Stirling Road | Folio Number (s): | 5141-01-01-0010; 5141-01-14-0010 |
| Municipality: | City of Hollywood | Platted Area: | 21 Acres |
| Previous Plat: | 58 Oak (Plat Book 183, Page 299) | Replat: | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No |
| Recommendation: | APPROVAL | | |
| FS 125.022 Waiver | An extension waiver was granted until December 16, 2026 | | |
| Meeting Date: | January 22, 2026 | | |

A location map of the plat is attached as **(Exhibit 2)**.

The Application is attached **(Exhibit 5)**. The Housing and Urban Planning Division (HUPD) distributed the application to agencies for review as required by Section 5-181 of the Land Development Code. A copy of the comments has been distributed to the applicant/agent for their review and records.

| Existing and Future Land Use | |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------|
| Existing Use: | Three (3) Single Family Residences |
| Proposed Use: | 470 mid-rise units on Parcel A; 9,300 square feet clubhouse, and 4,100 square feet place of worship on Parcel B |
| Plan Designation: | Hollywood Transit Oriented Corridor |
| Adjacent Uses | Adjacent Plan Designations |
| North: Commercial | North: Transit Oriented Corridor |
| South: Single-family Residence | South: Transit Oriented Corridor |
| East: Multi-family Residences | East: Medium Residential |
| West: Commercial/Residential | West: Transit Oriented Corridor |

Parcel B of this plat includes a replat of (034-MP-17) 58 Oak plat (Plat Book 183, Page 299), formally known as Hollywood House, which was recorded on July 17, 2019, for 58 mid-rise units and 14,200 square feet of office.

In accordance with the Land Development Code, a mid-rise is defined as three (3) or more attached dwelling units in a building with four (4) to eight (8) residential stories (exclusive of parking levels).

1. Land Use

Planning Council staff have reviewed this application and determined that the City of Hollywood Comprehensive Plan is the effective land use plan. That plan designates the area covered by this plat for the uses permitted in the "Hollywood Transit Oriented Corridor" land use category.

This plat is subject to the executed "Interlocal Agreement for the Monitoring of Development Activity and Enforcement of Permitted Land Uses in Transit Oriented Corridor Activity Center," as recorded with instrument Number 119991257.

Planning Council Staff notes that this plat is located within an area that was the subject of Broward County Land Use Plan (BCLUP) amendments PC 10-10/PCT 10-7, which were approved by the Broward County Commission on September 28, 2010, recognizing the following voluntary commitment:

- No new residential development shall be constructed within 60+ Ldn contour located north of Griffin Road

Planning Council staff also notes that this plat is located south of Griffin Road. Planning Council memorandum is attached (**Exhibit 3**).

2. Affordable Housing

This plat was subject to Broward County Land Use Plan (BCLUP) amendments PC 10-10/PCT 10-7, which were not subject to Policy 2.16.2, as they did not propose any additional dwelling units to the BCLUP.

3. Adjacent Municipality

The City of Dania Beach was notified of this application and did not provide a response.

4. Trafficways

Trafficways approval was received on May 22, 2025, and is valid for 10 months.

5. Access

Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division have reviewed the plat application and provided comments and recommendations with respect to the safe and adequate access standards of the Broward County Land Development Code, as shown in the attached memorandum (**Exhibit 4**).

Please note Section 5-184(d)(2) of the Broward County Land Development Code requires a recordable agreement for the required improvements. The owner of this plat shall enter into the standard installation of Required Improvements Agreement (BCF#450) and submit it to the Highway Construction and Engineering Division for review and approval prior to plat recordation. The completion date for all required improvements listed as Exhibit "B" shall indicate completion prior to approval from the Highway Construction and Engineering Division. The use of a non-standard agreement will require independent approval by the County Commission.

6. Concurrency – Transportation

This plat is located in the Southeast Transportation Concurrency Management Areas (TCMA), where level of service (LOS) is expressed in terms of bus headways, and where Transportation Concurrency Assessment Fees apply per Sec. 5-182.1(a) of Land Development Code. The proposed development generates an increase of 204 Trips per PM Peak Hour.

| | Existing Use Trips per PM Peak Hour | Proposed Use Trips per PM Peak Hour |
|-----------------|-------------------------------------|-------------------------------------|
| Residential | 3 | 183 |
| Non-residential | 0 | 24 |
| Difference | (207 – 3 = 204) | |

7. Concurrency - Water and Wastewater Capacity

This plat receives water and wastewater from the utilities listed below:

| | Potable Water | Wastewater |
|-------------------------|--------------------------------------------------|-------------------------|
| Utility Provider: | City of Hollywood | City of Hollywood |
| Plant name: | Hollywood Department of Public Utilities (05/24) | Hollywood (HOL) (06/25) |
| Design Capacity: | 37.50 MGD | 55.50 MGD |
| Annual Average Flow: | 27.60 MGD | 44.86 MGD |
| Estimated Project Flow: | 0.18 MGD | 0.16 MGD |

Sufficient capacity exists at this time to serve the proposed development; however, approval of this Plat does not guarantee reservation of future capacity. Plat approval does not infer any approval to connect to any wastewater collection, treatment, or disposal system, or that sufficient capacity will exist at time of building permit approval.

8. Concurrency – Regional Parks

Broward County reviews all projects for Regional Park impacts (and only projects in the Broward Municipal Service Districts/unincorporated area for local park impacts.)

| | Land Dedication (Acres) |
|----------|-------------------------|
| Regional | 2.538 |
| Local | 0 |

9. Concurrency - Public School

Based on student generation rate adopted by the School Board and incorporated into the Land Development Code, the proposed 470 mid-rise units will generate 21 (10 elementary, 4 middle, 7 high school) students. This plat will be subject to school impact fees which will be assessed in accordance with the fee schedule specified in the Land Development Code. The Final SCAD letter is valid until October 9, 2026.

10. Impact Fee

All impact fees (school impact fees, park impact fees, transportation impact fees and administrative fees) will be calculated by Housing and Urban Planning Division, Development and Environmental Review Section, in accordance with the fee schedule specified in the Land Development Code during the review of construction plans submitted for Broward County Development and Environmental review. Fees must be paid prior to the issuance of the building permit. Impact fees in the amount of \$117,208 was paid for 58 mid-rise units and 9,330 square feet of office use on October 28, 2019.

At the time of plat application, three (3) single-family residences exist on this site, which the applicant stated will be demolished. In accordance with the credit provisions of Section 5-182.13 of the Land Development Code, this structure may be eligible for credit towards transportation concurrency impact fees, provided appropriate documentation is submitted and provided the demolition occurs within certain time periods.

11. Environmental Review

This plat was reviewed by Environmental Permitting Division and have the following recommendations regarding environmental permitting for the future development.

A. Domestic & Non-Domestic Wastewater and Surface Water Management

The Broward County Domestic Wastewater Licensing Program has no objection to the described plat. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact the Environmental Permitting Division at 954-519-1483 or WWW.License@broward.org for specific code requirements.

The Broward County Non-Domestic Wastewater Program has no objection to the described plat note amendment because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Environmental Permitting Division at 954-519-1483 or NDDLLicense@broward.org for specific code requirements.

In accordance with Chapter 27, Article V, Sections 27-198 through 27-200 of the Broward County Code, titled Water Resources Management, prior to any alteration to site grading, or construction of a surface water management system, a Broward County Surface Water Management License is required. Contact the Environmental Permitting Division at 954-519-1483 or SWMLicense@broward.org for specific code requirements.

B. Aquatic and Wetland Resources

EPD has not yet conducted a site inspection on this project; however, aerial photographs and light detection and ranging data (LIDAR) indicate that this property may contain County jurisdictional wetlands. The applicant must request a wetland determination from the Water and Environmental Licensing Section prior to any land clearing or filling. If the site is determined to contain wetlands, an Environmental Resource License will be required prior to any dredging, filling, or other alteration of wetlands. Contact the Environmental Permitting Division at 954-519-1483 or AWRLicense@broward.org for specific code requirements.

The Water and Environmental Licensing Section of the Environmental Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Florida Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at Florida Exotic Pest Plant Council (invasive.org).

Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Permitting Division at 954-

519-1483 or AWRLicense@broward.org for specific code requirements.

C. Tree Preservation

This site does not fall under the jurisdiction of the Broward County Tree Preservation and Abuse Ordinance.

D. Clean-Up and Waste Regulation

The subject plat is within one-quarter mile of known contaminated sites. Section 27-353, Broward County Code, prohibits dewatering at or within one-quarter mile of contaminated sites without approval from the Environmental Permitting Division (EPD). In order to receive approval to dewater, a certified Dewatering Plan must be submitted in accordance with EPD's Standard Operating Procedure for Dewatering, which can be found at: <https://www.broward.org/Environment/ContaminatedSites/Pages/Dewatering.aspx>. The interactive map of contaminated sites in Broward County can be found on the internet at <https://broward.org/Environment/ContaminatedSites/Pages/Default.aspx>. Any questions can be directed to 954-519-1483 or EAR@broward.org.

E. Air Program

If any existing facility (e.g. existing structures on site including residential building(s) and/or utility building(s) or facility component (including roof system, insulation, walls, attached piping, mechanical systems, etc.) is planned to be demolished or renovated, the project shall comply with applicable asbestos regulations. More information on the asbestos requirements can be found at: <https://www.broward.org/ePermits/Pages/AsbestosCertificate.aspx>.

Submit a Statement of Responsibilities Regarding Asbestos (SRRA) electronically at ePermits.broward.org at least 10 working-days before commencing work on demolition and/or renovation of facility components subject to asbestos regulations. For assistance, contact Broward County's asbestos program at AsbestosHelp@broward.org or call 954-519-0340.

F. Natural Resources Division

Natural Resources Division notes that this site is not included in the Protected Natural Lands Inventory and is not adjacent to a site in the Inventory.

12. Additional Environmental Protection Actions

Approval to connect to any wastewater collection, treatment, or disposal system is approved by the Environmental Permitting Division as a prerequisite prior to issuance of building permits. These comments do not indicate waiver of approval of any other permit that may be required for other aspects of the project.

13. Historical and Archaeological Resource Review

This plat was reviewed by the Broward County's consulting archaeologist. The review of available information including archival documents, maps, the Broward County Property Appraiser, the Broward County Land Use Plan, and the Florida Master Site File (FMSF) determined that the proposed project will not have an adverse effect on any known historical or archaeological resources or areas of archaeological sensitivity.

The plat includes "in situ" preservation of the Bryan Homestead within a green space setting with development surrounding the historical structure. This is also satisfactory since the project specifies that the Bryan Homestead (a significant historical structure) is preserved and incorporated into the development plan.

The site is in a municipality that has been designated a Certified Local Government (CLG). The applicant is advised to contact Andria Wingett, Director, Development Services, City of Hollywood at 2600 Hollywood Boulevard, Room 403, Hollywood, FL 33022 or by phone at (954) 921-3471 for additional information.

In the event any unmarked human burial remains are discovered, then pursuant to Florida Statutes, Chapter 872.05, all activities that may disturb the unmarked burial shall cease immediately, and the district medical examiner shall be notified. The district medical examiner can be reached via email at Med_Exam_Trauma@broward.org or via phone at (954) 357-5200. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist.

14. Aviation

This property is within close proximity to Broward County's Fort Lauderdale-Hollywood International Airport (FLL) and North Perry Airport (HWO). Any proposed construction on this property or use of cranes or other high-lift equipment must be reviewed to determine if Federal Aviation Regulation Part 77, Florida Statutes, Chapter 333 and Broward County Code of Ordinance's Chapter 5 (Building Regulations and Land Use) including Sec. 5-182.10 (Airports) apply. Based on the location of the proposed project, the FAA may need to review to determine whether the project is a potential hazard to aviation. To initiate the Federal Aviation Review, access the FAA Web Page at: <http://oeaaa.faa.gov>. To initiate the Broward County Aviation Department Review, please contact AirspaceReview@Broward.org.

The applicant should visit www.FLL.net/Airspacerewiew to determine if the proposed project exceeds the height limitations in the Airport Airspace Imaginary Surfaces Composite Map.

15. Utilities

Florida Power and Light (FPL) and AT&T have been advised of this plat application. AT&T had no objections and FPL provided no response.

16. Notice to Applicant

The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

Specific questions regarding any of the above comments may be directed to each review agency contact person. A list of agency contacts is available on the Housing and Urban Planning Division's web page at: www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf.

FINDINGS

Staff reviewed the application and found that it meets the requirements of the Land Development Code and satisfies requirements for Concurrency:

1. This plat is located within the Southeast Transportation Concurrency Management Area. This district meets the regional transportation concurrency standards specified in Section 5-182.1(a)(1)(a) of the Land Development Code.

2. This plat was reviewed by the School Board and satisfies the public-school concurrency requirements of Section 5-182.9(a)(1) of the Land Development Code.
3. This plat satisfies the drainage, water, wastewater and solid waste disposal concurrency requirement of Section 5-182.6 of the Broward County Land Development Code.
4. This plat satisfies the regional park concurrency requirement of Section 5-182.7 of the Broward County Land Development Code.

RECOMMENDATIONS

Based on the review and findings, staff recommends **APPROVAL** of this application, subject to the following conditions which shall ensure compliance with the standards and requirements of the Land Development Code.

1. Conditions attached in the Highway Construction and Engineering Memorandum.
2. Place note on the face of the plat, preceding municipal official's signature, reading:

Concurrency/impact fees for the construction, expansion, and/or conversion of a building within this plat shall be paid on the date of building permit issuance.

3. Place a note on the face of the plat reading:
 - a. This plat is restricted to 470 mid-rise units on Parcel A; 9,300 square feet clubhouse, and 4,100 square feet place of worship on Parcel B.
 - b. This note is required by Chapter 5, Article IX, Broward County Code of Ordinances, and may be amended by approval of the Broward County Board of County Commissioners. The notation and any amendments thereto are solely indicating the approved development level for property located within the plat and do not operate as a restriction in favor of any property owner including an owner or owners of property within this plat who took title to the property with reference to this plat.
 - c. Any structure within this plat must comply with Section 2.1.f Development Review Requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.
4. If this item is approved, the Mayor is authorized to sign an order approving this agenda item subject to staff findings, comments, and recommendations.
