MBR consistently performs quality work on time, understands the needs of the municipality, has knowledgeable office and field managers with low-turnover, uses qualified sub-contractors, keeps the job site safe and clean, and maintains good in-house equipment and field workers so that they can be nimble in the field in order to maximize efficiency and deliver successful projects. We continue to be happy to work with MBR, knowing our projects will be in good hands.

City Park was completed on time. MBR does an excellent job catching potential design issues well in advance of issues creating project delays.

**Attachment to User Concurrence Form for
Bid No. PNC2127029C1, Hollywood North Beach Park Mooring Fields**

MBR Construction, Inc. (MBR) has three performance evaluations in Contracts Central for the previous three years.

MBR received an overall performance rating of 3.22 for the Construction of Sunview Park Community Center completed in 2019. However, MBR received five ratings of "2" (Poor) regarding site cleanliness, project superintendence, safety standards, and progress of the work. MBR no longer employs the site superintendent responsible for project superintendence and enforcing safety standards, and many of these issues were resolved before completion of the construction work.

The Parks Planning & Design Section of the Parks and Recreation Division (Parks) recommends award to MBR for the following reasons:

- MBR has since completed three construction projects for the Parks and Recreation Division and received performance evaluations of at least 4.30, none of which include ratings of "2" or "1":
 - ✓ New Tree Tops South Restroom, completed in 2022 for approximately \$325,000
 - ✓ Everglades Holiday Park Site Improvements, completed in 2022 for approximately \$12,000,000
 - ✓ T.Y. Park Reclaimed Water Irrigation, completed in 2023 for approximately \$2,020,000
- References from other municipalities are all positive, as indicated in the attached Vendor Reference Verification Forms
- Parks is currently utilizing the services of MBR for other construction projects and although there is occasionally room for improvement, MBR performs well and collaborates with Parks staff to find solutions and complete projects on time and within budget
