All administrative and ministerial consents required of the County shall be given by the County Representative on behalf of County. In any situation requiring Board approval for consent, the County's failure to provide a written notice of disapproval within thirty (30) days of submittal shall be deemed denied and the consent not given by County. Notwithstanding the foregoing, if at the time the Team provides Operator notice of its preferred dates for Hockey Events, there is a previously scheduled Event, including a County Event, which conflicts with any such date then Operator shall inform Team of such conflict within forty-eight (48) hours of Operator's receipt of the preferred dates and Team shall elect an alternate date or dates and provide such dates to Operator which shall be reserved by Operator. Team may increase the number of preferred scheduling dates as necessary to comply with NHL requirements. Operator shall reserve such dates for Team until the NHL releases the official schedule for such Hockey Season, at which time, the scheduled dates shall be reserved, and the remaining dates shall be released.

Within thirty (30) days after the commencement of any Abatement Period, the party claiming the right to abate any obligation hereunder due to the cause of such Abatement Period shall notify the other party of such claim and upon such notification may commence abating such obligation. If the party receiving such notice disputes such claim, such dispute shall be submitted to ADR by the disputing party pursuant to Article 20 within ten (10) days after receipt of such notice.

All revenue from such sales of Sponsor Signs shall be exclusively Team Revenue.

The Team acknowledges that the Operator may sell, license, or grant the right to name some or all of the Facility, including naming Facility concourses, the rink, or any part of the Facility, subject to NHL regulations and pursuant to the terms of the Operating Agreement. Operator shall be free to sell, license, or grant the Naming Rights on such commercially viable terms and conditions and at such consideration as Operator and Team shall determine at any time after the date hereof. The consideration to be received in connection with the sale, license, or grant of Naming Rights may include barter or trade consideration, up to a maximum of twenty percent (20%) of the aggregate value of Naming Rights consideration. In any Contract Year, Team shall be entitled to receive fifty percent (50%) of the actual barter consideration received by Operator in respect of the sale, license, or grant of Naming Rights. However, under no circumstance shall such use of barter reduce the revenue recognition by the Operator to the Project, except to the extent attributable to Team Revenues earned in connection with such barter transaction. All of the other revenues (including the remaining barter consideration) attributable to such Naming Rights that accrue either prior to the License Commencement Date or following the License Commencement Date shall be Facility Operating Revenue. Operator shall consult with Team prior to concluding any such sale, license, or grant of Naming Rights in an effort to avoid conflicts with Team sponsors and with licensees of Sponsors Signs and in order to maximize revenues from such sales or licenses of Naming Rights and in order to permit the Team to market Sponsor Signs to the Naming Rights purchaser, licensee, or grantee.

RECORDS, AUDITS

11.1 Team Records. In addition to the obligations set forth in this Article 11, the Team acknowledges its obligations pursuant to Article 7 of the Operating Agreement. The Team shall keep and maintain full, true and complete books, records, contracts, agreements, documents, financial statements, and accounts (“Records”) of all transactions upon which all Rent and other sums payable hereunder are computed. On the fifteenth (15th) day of each calendar month following a month in which Home Games were played in the Facility, the Team shall provide the Operator with a copy of the official Ticket Receipts statements or other manifests provided to the NHL for the Home Games played during the preceding month. Within 120 days after each Hockey Season during the License Term, Operator’s independent auditor shall have reasonable access to necessary records in order to review, certify, and audit the Ticket Receipts (and any other sums collected by the Team on behalf of the Operator) to ensure compliance with the terms of this License Agreement. If the audit report discloses an overpayment or underpayment of Rent, then within fifteen (15) days following the issuance of the audit report, the Team shall pay to the Operator, or the Operator shall refund to the Team, the applicable underpayment or overpayment.

The County acknowledges that certain Team records or information relating to the use, management or operation of the Facility examined or obtained hereunder by the County via the

Operator could be considered "Trade Secret Information" pursuant to F.S. 815.045 and that any such Trade Secret Information is proprietary, and expressly made confidential and exempt from the public records law. The County acknowledges and agrees that disclosure of any such Trade Secret Information to another person could negatively impact the business interests of Operator and the Team in the marketplace. Accordingly, Team or Operator must submit and conspicuously label as "RESTRICTED MATERIAL – DO NOT PRODUCE" any material (a) that Team or Operator contend constitutes or contains its trade secrets under Chapter 688 or 815.045, Florida Statutes, or (b) for which Team or Operator assert a right to withhold from public disclosure as confidential or otherwise exempt from production under Florida public records laws (including Chapter 119, Florida Statutes) (collectively, "Restricted Material"). In addition, Team or Operator must, simultaneous with the submission of any Restricted Material, provide a sworn declaration or affidavit in a form acceptable to County from a person with personal knowledge attesting that the Restricted Material constitutes trade secrets or is otherwise exempt or confidential under Florida public records laws, including citing the applicable Florida Statute and specifying the factual basis for each such claim. Upon request by County, Team or Operator must promptly identify the specific applicable statutory section that protects any particular document. County covenants and agrees that at all times during the License Term to the extent permitted by law, County shall (i) hold the Trade Secret Information in confidence and refrain from disclosing the Trade Secret Information or transmitting any Trade Secret Information to any other Person; (ii) use the Trade Secret Information solely in connection with this License Agreement and for no other purpose; and (iii) take all precautions necessary to ensure that Trade Secret Information shall not be, or be permitted to be, shown, copied or disclosed to third parties (other than consultants retained by, or on behalf of County), without the prior consent of Team or Operator. The Team and Operator empower each other to consent on behalf of the other party. If a third party submits a request to County for records designated by the Team or Operator as Restricted Material, County shall refrain from disclosing such material unless otherwise ordered by a court of competent jurisdiction, authorized in writing by the Team or Operator, or the claimed exemption is waived by the Team or Operator. Any failure by the Team or Operator to strictly comply with the requirements of this section shall constitute a waiver of County's obligation to treat the records as Restricted Material. The Operator and Team must indemnify and defend County and its employees and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to nondisclosure of Restricted Material in response to a third-party request. The Team and Operator acknowledge and agree that such Restricted Materials may be utilized in litigation between any of the parties and County.

11.3 Facility Records. In addition to the obligations set forth in this Article 11, the Operator acknowledges its obligations pursuant to Article 7 of the Operating Agreement. Operator shall timely provide Team with the financial reports required pursuant to and at such times required by Section 7.3 of the Operating Agreement. In accordance with Article 7 of the Operating Agreement, the Operator shall provide the Team a certified audit

of Facility operations for such Contract Year conducted in accordance with generally accepted accounting standards by a nationally recognized accounting firm chosen by Operator. The audit shall be conducted for the benefit of the parties and the cost of which shall be a Facility Operating Expense. In addition, Operator shall provide Team with copies of all financial reports provided to County pursuant to Article 7 of the Operating Agreement. The Team, or its attorneys or accountants, shall be entitled to inspect the Records of the Facility, at the offices of the Operator at reasonable times upon forty-eight (48) hours' notice. At its expense, the Team may annually conduct an audit of the Records of the Facility. After thirty (30) days' written notice by the Team, Operator shall provide or make available to the Team, all Records requested by Team, to conduct such audit. If either audit reveals an overpayment or underpayment of the Net Operating Income distributed to Team or an underpayment or overpayment of any other amount payable by Operator to County pursuant to the Operating Agreement, then Operator shall either pay or collect from Team or County the underpayment or the overpayment, as the case may be, within thirty (30) days. In the event of a discrepancy between such audits the auditing firms shall reconcile such discrepancy and inform the parties of their results.

11.4 Public Records. Notwithstanding any other provision in this License Agreement, any action taken by County in compliance with, or in a good-faith attempt to comply with, the requirements of Chapter 119, Florida Statutes, shall not constitute a breach of this License Agreement. If the Team or Operator are acting on behalf of County as stated in Section 119.0701, Florida Statutes, they shall:

11.4.1 Keep and maintain public records required by County to perform the services under this License Agreement;

11.4.2 Upon request from County, provide County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed that provided in Chapter 119, Florida Statutes, or as otherwise provided by Applicable Law;

11.4.3 Ensure that public records that are exempt or confidential and exempt from public record requirements are not disclosed except as authorized by Applicable Law for the duration of this License Agreement and after completion or termination of this License Agreement if the records are not transferred to County; and

11.4.4 Upon expiration or termination of this License Agreement, transfer to County, at no cost, all public records in possession of Team or Operator or keep and maintain public records required by County to perform the services under this License Agreement. If Team or Operator transfers the records to County, Operator or Team shall destroy any duplicate public records that are exempt or confidential and exempt. If Operator or Team keeps and maintains the public records, Operator or Team shall meet all requirements of Applicable Law for retaining public records. All records stored electronically must be provided to County upon request in a format that is compatible with the information technology systems of County.

11.4.5 If Operator receives a request for public records regarding this License Agreement or the services provided under this License Agreement, Operator or Team must immediately notify the County Representative in writing and provide all requested records to County to enable County to timely respond to the public records request. County will respond to all such public records requests.

Upon installation, the Additions and Capital Repairs shall become a part of the Facility and the property of the County. The Team shall keep the Facility free from and shall indemnify the Operator and County with respect to, all Liens incurred or permitted by the Team in installing the Team Equipment or constructing Additions and Capital Repairs. If within 60 days following the filing or other assertion of any such Lien, the Team does not cause such Lien to be released in a manner satisfactory to the County (such as by posting a bond or other acceptable security), the County shall have the right but not the obligation to cause the Lien to be released by any means the County deems proper, including, without limitation, payment of the Lien. All reasonable sums paid and expenses (together with interest thereon from the date incurred until paid at the Premium Rate) incurred by the County in connection therewith, including, without limitation, attorneys' fees and costs, shall be payable by the Team upon demand by the County. The insurance companies issuing such insurance shall agree to notify the other parties in writing of any cancellation, alteration or nonrenewal of the policy at least sixty (60) days prior thereto. Within ten (10) days prior to the License Commencement Date and thereafter before a policy period expires, each party shall deliver to the other party certificates evidencing the insurance coverage required herein. Notwithstanding the above, the Team acknowledges that County's obligations to indemnify shall be limited to the extent of County's insurance and subject to the limitations provided by Florida law.

ARTICLE 16

DAMAGE OR DESTRUCTION **CONDEMNATION**

16.1 Operator. If during the License Term, the Facility, the Licensed Premises or any other part of the Arena shall be damaged by fire or other casualty, regardless of the cause,

Operator shall repair and restore the Facility to its previous condition with reasonable dispatch, subject to the receipt of adequate insurance proceeds; and this License Agreement shall continue in effect without reduction in the Rent or diminution of the other obligations of the Team hereunder (except as provided in Section 16.4). All such restoration shall be in accordance with the requirements of the Operating Agreement (the applicable provisions of which as of this date are incorporated herein and no amendment thereof shall be effective hereunder or binding upon the Team without the Team's prior written consent). Operator shall use all reasonable efforts to effect such repairs and/or reconstruction in a manner that will not unreasonably interfere with Team's occupancy, but shall not be required to make such repairs and/or reconstruction only during non-business hours.

16.2 Team. In the event of any damage or destruction of the Team Equipment or to the Additions caused by the negligence or willful acts of the Team, its employees or agents, this License Agreement shall continue in effect without any diminution of the obligations of the Team hereunder and the Team may elect whether not to replace or restore such damage or destruction. The Team waives the right to terminate this License Agreement or to discontinue the payment of Rent as the result of any damage or destruction of the Team Equipment, Additions or of the Facility.

16.3 County and Operator. In the event of any damage or destruction of the Team Equipment or the Additions caused by the negligence or willful acts of the County or Operator, or its employees or agents, the County and Operator promptly shall repair such damage or destruction or replace the damaged or destroyed Team Equipment or Additions and this License Agreement shall continue in effect without reduction in the Rent or diminution of the other obligations of the Team hereunder.

16.4 Fees Abatement. If the damage, Taking or the restoration process described in Sections 16.1 and 16.5 causes the Arena Parking to be inadequate or the Arena, the Licensed Premises or the Facility to fail to meet governmental or NHL requirements and as a result prevents or materially interferes with the playing of the Home Games in the Facility, then until the Facility has been restored as described in Section 16.1, the Team shall not be required to play the Home Games in the Facility and the Team shall have no obligation to pay Operator the Rent.

16.5 Condemnation. If all or part of the Facility is taken by right of eminent domain, with or without litigation, or transferred in lieu of or under threat of such action (collectively, a "Taking" or is "Taken"), the County promptly shall restore the Facility as provided in the Operating Agreement (the applicable provisions of which as of this date are incorporated herein and no amendment thereof shall be effective hereunder or binding upon the Team without the Team's prior written consent) and this License Agreement shall continue in effect without reduction in the Rent (except as provided in Section 16.4). All restoration shall be in accordance with the requirements of the Operating Agreement. Notwithstanding the foregoing, if pursuant to the Operating Agreement, the County fails to restore, or if the County elects to restore but fails to commit or to complete restoration within the times required by the Operating Agreement, then the Team shall be deemed a third party beneficiary of the Operating Agreement and the

Team may enforce County's obligations to restore the Facility or, at Team's election, this License Agreement may be terminated by the Team as provided in the Operating Agreement. If this License is so terminated, the Team shall not be entitled to the rebate of any Rent or the reimbursement of any other prior payments made or expenses incurred hereunder or in connection herewith which relate to the period prior to the Taking. Upon payment of all sums then owing hereunder by either party to the other, the parties shall be released from all future liability hereunder but neither party shall be released from any liability that has accrued on or before the date of such termination. Notwithstanding the foregoing or any provision of the Operating Agreement, the County covenants, warrants, represents, and agrees that it shall not at any time during the License Term initiate, engage in, undertake, attempt or pursue either singly or in combinations with any other Governmental Authority a condemnation proceeding by right of eminent domain of any portion of the Facility, the Arena or the Licensed Premises.

ARTICLE 17

COVENANTS

17.1 Use Covenant; Non-Relocation. As additional consideration for the County's willingness to execute and deliver this License Agreement, the Team specifically covenants and agrees that from the License Commencement Date and continuing until the License Expiration Date, the Team shall play its Home Games only at the Facility and shall not play any of its Home Games at any other location except for Home Games played elsewhere as directed by NHL during NHL special events such as NHL Global Series, NHL Winter Classic or NHL Stadium Series. Team shall also be deemed to violate this Non-Relocation Covenant if Team shall execute a binding and enforceable contract to play its Home Games at another location except as otherwise permitted in the foregoing sentence.

All obligations of the Team to play its Home Games at the Facility pursuant to this Section 17.1 shall be suspended during any Abatement Period, the cause of which prevents the playing of Hockey Events in the Facility and/or prevents the attendance by the public at such games.

17.2 No Interference. The County, the Operator and the Team shall not interfere, and shall not permit interference in the operation of the Facility which causes the Facility to be unavailable for uses permitted by the Operating Agreement or this License Agreement. In the event of a dispute regarding the unavailability of the Facility, such dispute shall be submitted to ADR; provided, however, that neither the requirement to utilize nor the pendency of ADR shall in any way preclude or limit each party's opportunity to seek any interim equitable remedy appropriate to the circumstances.

17.3 Negative Pledge. Except as specifically provided hereunder, the Team hereby pledges to the County and the Operator not to play any of the Team's Home Games at any location other than the Facility.

17.4 Specific Performance. Notwithstanding any of the foregoing, Team acknowledges that the Hockey Games played by the Team are unique and played with particular skill such that there is no substitute therefor. Based on the foregoing, the Team acknowledges that the damages suffered by the County for a breach of any of the covenants in Sections 17.1 and 17.3 cannot be estimated with any degree of certainty and that the monetary damages cannot fairly and adequately compensate the County for a breach of said covenants; therefore, the Team agrees that the County shall have the right, in addition to any other applicable rights or remedies, to compel the Team to comply with the aforesaid covenants by appropriate specific performance, injunctive or equitable proceedings. The Team agrees to be subject to the jurisdiction of any competent Federal or State court of equity located in Broward County, Florida.

Additionally, any provision of law or this License Agreement to the contrary notwithstanding, the parties acknowledge and agree that if the County, the Operator or the Team were to fail to observe or to perform any of the material provisions in this License Agreement, including, without limitation, Section 17.2 above, the award of damages arising from such breach would not be an adequate remedy, in that the subject matter of this License Agreement is unique, and the breach of such obligations create irreparable harm incapable of calculation by monetary damages. Therefore, the parties acknowledge and agree that each party has the absolute right to specific performance, any other injunctive relief, or any other Court order to enforce the covenants and obligations undertaken under this License Agreement; and notwithstanding any other provision in this License Agreement or any Related Agreement, no cure period provided for in this License Agreement or any Related Agreement shall be a condition to the right to obtain such specific performance, other injunctive relief or any court order enforcing performance of the provisions of Section 17.2.

The Team, the County and the Operator hereby waive any and all requirements that the other parties post any security or collateral which may be otherwise required or stipulated as a condition for such party to obtain specific performance injunctive or equitable relief.

17.5 Maintenance of NHL Franchise. Team shall maintain, preserve and protect in full force and effect all rights, privileges and franchises necessary for it to play NHL hockey games at the Arena in accordance with the terms and conditions of this Agreement. Team shall not intentionally permit or cause to occur any event that results in the transfer of their NHL franchise or any of the Team's home games that are required hereunder to be played in the Arena to any other city or location, or voluntarily do or fail to do anything which will cause their right to play major league professional hockey in the Arena to be lost, impaired or transferred to any other city or location. Team Owner shall not relocate, and not permit the relocation of, the Franchise outside of Broward County, Florida.

18.3.2 Authorization, Enforceability. 18.3.5 Non-Competition. The County reasserts, reconfirms, and incorporates herein its covenants and agreements regarding non-competition set forth in the Operating Agreement, and all subdivisions thereof, and agrees that such covenants shall inure to the benefit of Team in the same manner and to the same extent as if made directly to and for the Team as well as the Operator.

18.3.6 No Violation of Laws. The County has received no notice as of the date of this License Agreement asserting any noncompliance in any material respect by the County with applicable statutes, rules and regulations of the United States of America, the State of Florida or any agency having jurisdiction over and with respect to the transactions contemplated in and by this License Agreement; and the County is not in default with respect to any judgment, order, injunction or decree of any court, administrative agency, or other governmental authority which is in any respect material to the transactions contemplated hereby.

18.4 Mutual Covenants.

18.4.1 Additional Documents and Approval. The County, the Operator and the Team shall, whenever and as often as each shall be reasonably requested to do so by the other parties, execute or cause to be executed any further documents, including such reasonable documents or reasonable changes in documents, take any further actions and grant any further approvals as may be necessary or expedient in order to consummate the transactions provided for herein, and to carry out the purpose and intent of this License Agreement and each of the Related Agreements.

18.4.2 Good Faith. In exercising its rights and fulfilling its obligations under this License Agreement and each of the Related Agreements, the County, the Operator and the Team shall act in good faith. Each party acknowledges that this License Agreement and all Related Agreements contemplate cooperation between the Team, the Operator and the County. Each party further acknowledges that the terms and conditions of this License Agreement and the Related Agreements have been negotiated on the basis of certain projections and assumptions, including the assumption that the County, the Operator and the Team will, among other purposes, act to advance, and not unreasonably interfere with, the public purposes to be served by the Facility, including the use of the Facility as a sports facility and, subject to the License, the terms and prior uses granted herein and the terms of the Operating Agreement, as a convention center, concert hall, and arena, as contemplated under the applicable provisions of Section 196.012(6) Florida Statutes.

18.4.3 Cooperation. The County, the Operator and the Team agree to contest any challenge to the validity, authorization and enforceability of this License Agreement ("Challenge"), whether asserted by a taxpayer or any Person. The County, the Operator and the Team shall strive in good faith to defend any such Challenge. If the Challenge occurs during the construction and development period of the Development Agreement, one half of the costs of contesting the Challenge shall be paid by the Team, upon written notice and demand for payment from the County itemizing such costs; the remaining one half of the costs shall be borne by the County. If the Challenge occurs after the License Commencement Date, the costs of contesting the Challenge shall be treated as a Facility Operating Expense and shall be payable from Facility Operating Revenue. However, if the nature of any Challenge (whether prior to or following the License Commencement Date) is to the effect that the County has acted improperly or unlawfully in executing this Agreement, then the County shall pay all of the costs incurred by the parties in contesting this Challenge. The County, the Operator and the Team each shall take all ministerial

actions and proceedings necessary or appropriate to remedy any apparent invalidity, lack or defect in authorization, or illegality, or to cure any other defect, which has been asserted or threatened.

18.4.4 NBA Team Tenant. The parties agree that in the event that a member club of the National Basketball Association (“NBA”) determines at some time after the date of this License Agreement that it wishes to become a tenant or licensee of the Facility then the parties hereto agree that they shall negotiate an amendment to certain terms of this License Agreement in a manner that will permit such prospective tenant or licensee to use the Arena and the Facility as its “home” facility. County shall participate in any such negotiating of a license agreement with an NBA team and shall be the party executing the license agreement. Notwithstanding the foregoing, the lease or license for such NBA team need not be on the same economic terms as Team has under this License Agreement. Team shall continue to enjoy all of its benefits hereunder as “primary tenant,” including but not limited to its Hockey Event scheduling priority, its exclusive rights to possess the Team Areas and its rights concerning Concessions, Marketing, Advertising and Parking.

18.5 Mutual Cooperation. If at any time the County issues any debt pursuant to Section 8.2 of the Operating Agreement, the parties covenant and agree to reasonably cooperate in good faith to facilitate the issuance of such debt and, if required, to amend this License Agreement as necessary to the extent mutually agreed.

ARTICLE 19

DEFAULT AND REMEDIES

19.1 Team Default. If (a) the Team fails to pay when due the Rent and any other sums payable to the Operator hereunder and such failure is not cured within ten (10) days after receipt of written notice from the Operator; (b) the Team violates the provisions of Article 17; or (c) the Team fails to observe or perform any of the other material provisions hereof and such failure is not cured within thirty (30) days after receipt of written notice from the Operator (or such longer period as is necessary for the Team to cure the failure within a reasonable time in the exercise of due diligence), then in any of such events, the Team shall be in default hereof (each, a “Team Default”). In respect of the matters recited in subsections (b) and (c) in this section, Team shall receive notice of, and shall cure such failure or violation within ten (10) days. In the event of a Team Default, at its option, subject to the requirement to comply with Article 20, where applicable, the Operator may: (i) recover all damages and losses provided by law or equity (except for consequential damages); or (ii) exercise any other right or remedy at law or in equity including the right of specific performance; however, the County and Operator hereby waive any right they may have to terminate this License Agreement upon a Team Default. In addition, the Operator shall have the right, but not the obligation, to render the performance required to cure a Team Default by the Team and to charge the Team with all reasonable costs, expenses and reasonable attorneys’ fees (including attorneys’ fees at trial and appellate level) incurred in connection therewith together with interest thereon from the date incurred until paid at the Premium Rate.

Subject to the requirement to comply with Article 20, no remedy conferred herein upon the Operator shall be considered exclusive of any other remedy but shall be cumulative and in addition to all other lawful remedies. Article 20 shall not be applicable to the payment and performance obligations of the Team in subsections (a) through (c) above or to the rights of specific performance under Article 17. Notwithstanding the above, no party under this License Agreement shall be liable to any other party for consequential damages.

19.2 Team Bankruptcy or Attachment. Upon the occurrence of a Bankruptcy Event as defined in the Operating Agreement, the County may exercise its rights under Article 20 of the Operating Agreement. In addition to the other remedies for default authorized herein or by law, the Operator shall be entitled to the appointment of a receiver for the assets of the Team.

19.3 County or Operator Default. If (a) the County or Operator shall fail to observe or perform any of their respective duties and obligations under this License Agreement and such failure is not cured within 30 days after notice by the Team to the County or the Operator, as the case may be, (or such longer period as is necessary for the County or Operator to cure the failure within a reasonable time in the exercise of due diligence), then in any such event (each, a “County or Operator Default”, together with Team Defaults, “Defaults” and each, a “Default”), following resort to the procedures set forth in Article 20, where applicable, the Team may: (i) recover all damages and losses at law or in equity; (ii) exercise any other right or remedy at law or in equity including the right of specific performance; however, the Team hereby waives any right it may have to terminate this License Agreement upon a County or Operator Default (except as provided in Section 16.5); or (iii) effect a cure on the County’s or Operator’s behalf and all reasonable costs and expenses so incurred by the Team together with interest at the Premium Rate shall be due and payable by the County or Operator, as the case may be, on demand by the Team. Subject to the requirement to comply with Article 20 no remedy conferred herein upon the Team shall be considered exclusive of any other remedy but shall be cumulative and in addition all other lawful remedies.

19.4 Remedies are Cumulative. In the event of any breach by any party of any of the covenants, agreements, terms or conditions contained in this Agreement, in addition to any and all other rights provided herein and except as otherwise waived herein, the parties shall be entitled to invoke any right and remedy allowed at law or in equity or by statute or otherwise for such breach as though other remedies were not provided for in this Agreement.

19.5 Termination Waiver. Notwithstanding and prevailing over any contrary provision hereof, it is intended that this License Agreement shall not be subject to termination (except as provided in Sections 2.7 and 16.5 of this License Agreement or in Article 3 of the Operating Agreement) whether because of a Default or otherwise. As to all other events and circumstances, each of the parties waives its right to terminate this License Agreement albeit each party shall have the other rights and remedies set forth in this License Agreement.

ARTICLE 20

DISPUTE RESOLUTION

20.1 Dispute Resolution. In the event of any default, breach or other dispute between the parties in connection with this License Agreement (collectively, the "Dispute"), other than a breach by the Team of its respective covenants in Section 17.1 and Section 17.2 to which this dispute resolution procedure is not applicable, the parties shall comply with the following procedures (all of which shall collectively be referred to as "ADR"): Within seven (7) Business Days after written request (the "Request") by either party, the parties promptly shall hold an initial meeting to attempt in good faith to negotiate a settlement of the Dispute. No Request concerning a Dispute may be made at any time after two (2) years following the occurrence of the event giving rise to the Dispute. If within ten (10) days after the Request, the parties have not negotiated a settlement of the Dispute, the parties jointly shall appoint a mutually acceptable neutral person who is not affiliated with any of the parties or the County (the "Neutral"). If the parties are unable to agree upon the appointment of the Neutral within fourteen (14) days after the Request, either party may request the American Arbitration Association or its successor ("AAA") to select the Neutral or may cause both parties to submit to any procedures of AAA to select the Neutral, including, without limitation, the selection of AAA as the Neutral. In order to resolve the Dispute, the parties shall develop a non-binding alternative dispute resolution procedure such as mediation or facilitation (the "Mediation") with the assistance of the Neutral. The Neutral shall make the decision as to how, when and where the Mediation will be conducted if the parties have been unable to agree on such matters by the earlier of seven (7) Business Days after the appointment of the Neutral or twenty-one (21) days after the Request. The parties shall participate in good faith in the Mediation to its conclusion. If the parties resolve their Dispute through their own negotiations or in the Mediation, the resolution shall be reduced to the form of a written settlement agreement which shall be binding upon both parties and shall preclude any litigation with respect to such Dispute. If the parties have not resolved the Dispute through the Mediation within sixty (60) days after the Request, then at any time thereafter and prior to resolution of the Dispute by the Mediation, upon written demand by either party, the Mediation shall cease and the Dispute shall be submitted to arbitration (the "Arbitration") for resolution by an arbitrator or a panel of arbitrators whose number shall be determined and who shall be selected and shall conduct the Arbitration in accordance with the rules of AAA. If the Arbitration results in a determination by the arbitrator(s) that a Default has occurred, the provisions of this Article 20, shall govern the damages and other remedies as limited by the provisions of this License Agreement which may be implemented or ordered by the arbitrator(s). Neither the requirement to utilize nor the pendency of any ADR procedures shall in any way invalidate any notices or extend any cure periods applicable to a Default. Except as expressly provided to the contrary in this Article 20 or in Article 17 or elsewhere herein, these ADR procedures require that the parties use these ADR procedures exclusively rather than litigation as a means of resolving their disputes hereunder or to determine the consequences of a Default and the implementation of the remedies therefor. Notwithstanding any other provision of this Article 20 to the contrary, in the event either party may wish to seek interim relief, whether affirmative or prohibitive, in the form of a temporary restraining order or preliminary injunction or other interim equitable

relief concerning a Dispute, including, without limitation, declaratory relief, provisional remedies, special action relief, stay proceedings in connection with special action relief and any similar relief of an interim nature, either before beginning the ADR procedures or at any point in the ADR procedures concerning such Dispute, such party may initiate the appropriate litigation to obtain such relief (“Equitable Litigation”). Nothing herein shall be construed to suspend or terminate the obligation of both parties promptly to proceed with the ADR procedures to completion while such litigation and any appeal therefrom is pending. Notwithstanding any contrary provisions of the Florida Rules of Civil Procedure or Rule 65(a)(2) of the Federal Rules of Civil Procedure as either rule currently exists or may be amended, the parties agree there shall be no consolidation of any hearing for preliminary injunction in the Equitable Litigation with a trial of an action for permanent injunction on the same matter. Regardless of whether such interim relief is granted or denied or such Equitable Litigation is pending or any appeal is taken from the grant or denial of such relief, at all times the parties shall diligently proceed to complete the ADR procedures, except as provided in Article 17. Any interim or appellate relief granted in such Equitable Litigation shall remain in effect until, and only until, the ADR procedures concerning the Dispute that is the subject of such Equitable Litigation result in a settlement agreement or the issuance of an Arbitration award. Such written settlement agreement or award shall be the final determination on the merits of the Dispute (including but not limited to any equitable relief and monetary damages but excluding any award of attorneys’ fees in the Equitable Litigation), shall supersede and nullify any decision in the Equitable Litigation on such merits and shall preclude any subsequent litigation on such merits, notwithstanding any determination to the contrary in connection with any Equitable Litigation granting or denying interim relief or any appeal therefrom. The parties agree that any Disputes which arise out of such a written settlement agreement or award during the term of this License Agreement shall be resolved exclusively by the procedures set forth in this Article 20, provided that either party may institute legal proceedings in a court of competent jurisdiction to enforce judgment upon an Arbitration award in accordance with applicable law. The fees and costs of the Neutral and AAA in the Mediation shall be borne equally by the parties to such mediation; provided, however, that the prevailing party in Arbitration shall be entitled to recover from the other party’s own assets, and not from Facility Operating Revenue, in addition to any other remedy, reimbursement for any costs of such proceeding, reasonable attorneys’ fees, reasonable costs of investigation and any other expenses incurred in connection with the Arbitration or the Mediation. Any such recovered costs and expenses in such Arbitration shall not be included as Facility Operating Expenses or paid from Facility Operating Revenue.

ARTICLE 21

MISCELLANEOUS

21.1 Ad Valorem Tax Imposition. It is acknowledged by the parties that the parties have based their projections and assumptions as to sharing of Net Operating Income, described herein, on the basis that there will be no levy of County, City, school district, water management district or any other form of ad valorem taxes on the Facility or its operations, by reason of exemption from ad valorem taxes set forth in Sections 196.199(2) and 196.012(6) Florida Statutes.

Accordingly, if County, City, school district, water management district or any other form of ad valorem taxes are subsequently assessed against the Facility or its operations, and after contest of such taxes through such efforts as Team or Operator shall deem sufficient to determine that such taxes are declared validly assessed against the Facility or its operations, then this License Agreement and the Operating Agreement shall be amended in the following manner:

Upon any assessment of ad valorem taxes against the Facility, County and Operator shall promptly meet and use their respective good faith efforts to reasonably agree upon a fair and equitable allocation of such ad valorem taxes with respect to that Contract Year and all succeeding Contract Years during the Term.

The parties agree to execute the required amendments to this License Agreement, when and if required, to effectuate the contingent events set forth in this section.

21.2 Exclusive Taxes. If, in the future, the County imposes any form of tax or special assessments, which is exclusively imposed or levied on the Facility that will be assessed on Hockey Tickets, or tickets to other Events, Concessions, parking, Rent or other revenue streams of the Facility or its tenants or licensees including the Team or the Operator, then the County and Operator shall promptly meet and use their respective good-faith efforts to reasonably agree upon a fair and equitable allocation of such exclusive taxes and special assessments with respect to the Contract Year and in all succeeding Contract Years. For purposes of this License Agreement, an “exclusively imposed or levied tax” shall mean any tax that generates more than twenty percent (20%) of its composite collections from the Facility and/or the operations at the Facility.

The parties agree to execute the required amendments to this License Agreement, when and if required, to effectuate the contingent events set forth in this section.

21.3 Relationship. Neither of the parties hereto, or their respective employees, agents, contractors and guests, shall be considered employees or agents of either of the other parties or to have been authorized hereby to incur any expense on behalf of either of the other parties or to act for or to bind either of the other parties or the Facility. Neither the Team, the Operator nor the County shall be liable for any acts, omissions or negligence on the part of the other party, its employees or agents, resulting in either personal injury or property damages. Neither the Operator, the County nor the Team shall be construed to be either partners or joint venturers in the operation of the Facility or the conduct of the Team. The relationship created hereby is solely that of licensor-licensee, not that of landlord-tenant and the Team has no possessory or other interest or estate in the Facility other than the right to use it as provided in this License Agreement.

21.4 Subordination. This License Agreement and Team’s rights and benefits hereunder shall not be subordinate to any encumbrance by County. Team’s use and possession of the Licensed Premises and its rights and benefits hereunder shall not be diminished, damaged or subordinate to or on account of, any encumbrance.

21.5 Assurance. The County and the Operator covenant that if, and so long as, the Team keeps and performs the material provisions of this License Agreement, the Team shall peacefully and quietly enjoy its rights under this License Agreement with respect to the Facility, as such rights are defined, set forth and limited by this License Agreement and the Operating Agreement, without hindrance or interference by the County or by any other person lawfully claiming the same by, through or under the County.

21.6 Force Majeure. Except as provided herein, failure in performance by either party hereunder shall not be deemed a Default, and the nonoccurrence of any condition hereunder shall not give rise to any right otherwise provided herein, when such failure or nonoccurrence is due to war; insurrection; strikes; lock-outs; riots; floods; windstorms; fires; casualties; acts of God (other than adverse, but non-severe, weather conditions to the extent normally encountered in Sunrise, Florida area and/or impacts thereof); acts of the public enemy; epidemics; quarantine restrictions; freight embargos; lack of transportation; governmental restrictions; the enactment, imposition or modification of any applicable law which occurs after the date of this Agreement and which prohibits or materially interferes with the use of the Facility; inability (when both parties are faultless) of any contractor, subcontractor or supplier; acts or the failure to act, of any public or governmental agency or entity or any other causes beyond the control and without the fault of the party claiming an extension of time to perform. An extension of time for any such cause shall be limited to the period of delay due to such cause, which period shall be deemed to commence from the time of the commencement of the cause; provided, however, that if notice by the party claiming such extension is sent to the other party more than 60 days after the commencement of the cause, the period shall be deemed to commence 60 days prior to the giving of such notice. The period of delay due to any such cause shall be an Abatement Period and subject to the provisions of Section 16.4. Times of performance under this Agreement may also be extended as mutually agreed upon in writing by the County, the Operator and the Team. However, failure to agree to a proposed extension of time for performance shall not be deemed grounds for delay or failure to timely cure a default hereunder.

21.7 Notice and Payment. Unless otherwise stated herein, for notice to a party to be effective under this License Agreement, notice must be sent via U.S. first-class mail, hand delivery, or commercial overnight delivery, each with a contemporaneous copy via email to the addresses listed below and shall be effective upon mailing or hand delivery (provided the contemporaneous email is also sent). 21.8 Waiver. From time to time during the License Term, the Operator Representative, in its discretion, shall have the right, power, and authority to waive any nonmaterial, non-economic, performance, duty, right, or benefit due Operator or County under this License Agreement.

21.9 Recognition and Non-Disturbance. Upon any Event of Default (as such term is defined in the Operating Agreement) by Operator under the Operating Agreement, this License Agreement shall nonetheless continue in full force and effect, upon, and subject to, all of the terms, covenants, and conditions of this License Agreement for the entire License Term. The County, for itself, its successors and assigns, as well as for any subsequent owner of the Facility, does hereby covenant and warrant with and for the benefit of Team, in the event of the expiration or earlier termination of the Operating Agreement or the surrender thereof, whether voluntary, involuntary, by the Operator, by operation of law or otherwise, prior to the expiration of all of the extension options and rights available to Team under this License Agreement, so long as the License Agreement remains in effect in accordance with its terms:

21.9.1 The License Agreement and all rights created thereunder shall remain in full force and effect; the County shall recognize and give full effect to the License Agreement and Team's rights thereunder; (b) upon such expiration or earlier termination of the Operating Agreement, the County will assume the obligations of the Operator under the License Agreement and shall be bound by the terms, conditions and agreements set forth therein, with the same force and effect as if the County were the original operator thereunder; and (c) upon the request of Team, the County will designate an operator selected by Team to succeed to the rights and obligations of the Operator under a substitute agreement for the Operating Agreement and under the License Agreement.

21.10 Attorneys' Fees. If either party hereto shall initiate, intervene in or is brought into any action at law or equity, whether in ADR, arbitration, court or otherwise, against or involving the other, which is in any way connected with this License Agreement, its interpretation or enforcement, then the party hereto which prevails in any such action shall recover and receive from the other party reasonable attorneys' fees, court costs and expenses as determined by the arbitrator, court or administrative agency and not by the jury, whether in ADR, arbitration, courts or agencies of original, appellate or bankruptcy jurisdiction, provided that nothing in this section

shall be construed to permit any action or proceeding not permitted under Article 20 of this License Agreement.

21.11 Interest. Any amounts which may be owed to either party by the other pursuant to this License Agreement whether as Rent, damages or otherwise, shall bear interest from the due date until paid at the Premium Rate. Payment of such Interest shall not excuse or cure any default.

21.12 Severability. If any provision of this License Agreement is determined to be illegal or unenforceable by an arbitrator or by a court of competent jurisdiction, this License Agreement shall remain valid as if such provision had not been contained herein, provided that no such severance shall serve to deprive any of the parties of the enjoyment of its substantial benefits under this License Agreement.

21.13 Reasonableness. Whenever in this License Agreement the consent or approval of the County, the Operator or the Team is required, unless expressly stated to the contrary, the granting of such consent or approval shall be governed by a standard of reasonableness. If either party contends that the standard has not been met, the matter shall be resolved as provided in Article 20. In the event that such resolution results in the determination that the action was unreasonable, such determination shall not constitute a default of this License Agreement, operate to terminate it or give rise to any right to damages as a result thereof, but the sole remedy shall be limited to specific performance and the recovery of reasonable attorneys' fees and costs (including the fee of the arbitrators) in such resolution procedure.

21.14 Interpretation. This License Agreement constitutes the entire understanding of the parties with respect to the subject matter of this License Agreement. There are no oral or written statements, representations, agreements, understandings or surrounding circumstances which modify, amend or vary any of the provisions hereof, including, without limitation, that certain Binding Letter of Intent dated April 2, 1996, between County and the Team. All attachments hereto shall be deemed to have been incorporated herein so as to become a part of this License Agreement. Notwithstanding the foregoing, in the event of a conflict between any terms and provisions set forth herein and any terms and provisions set forth in the Operating Agreement, then the terms and provisions of the Operating Agreement will control.

21.15 Amendment. This License Agreement shall not be amended or modified, and except as provided herein, rights hereunder shall not be waived except with the prior approval of the parties, and any attempt to amend, modify or waive any of the terms or provisions of this License Agreement without prior approval of the parties shall be void.

21.16 Amendment of Operating Agreement. No amendment to, modification of, or waiver of rights under the Operating Agreement shall be effective without the prior written approval of Team, if the purpose, effect or result of such amendment, modification or waiver will be to deprive Team of any of its rights and benefits under this License Agreement as they exist on the date hereof. Without limiting the foregoing, County and Operator may not amend the definitions of Facility Operating Revenue, Facility Operating Expenses, and Net Operating Income

as defined in the Operating Agreement on the date hereof without the prior written consent of Team.

21.17 Successors and Assigns. This License Agreement shall extend to and be binding upon the representatives, successors and permitted assigns of the respective parties hereto, including, without limitation, any successor, assign or replacement of the Operator as the operator of the Facility whether pursuant to the Operating Agreement or otherwise. This License Agreement shall continue in effect notwithstanding, and neither this License Agreement nor the Team's rights hereunder shall be adversely affected by, a default under or termination of the Operating Agreement or any other agreements between the County and the Operator.

21.18 Time of the Essence. The parties hereto mutually understand and declare that time is of the essence of this License Agreement.

21.19 Governing Law. This License Agreement shall be construed in accordance with and pursuant to the laws of the State of Florida and all disputes arising out of this License Agreement shall be resolved in Broward County, Florida.

21.20 No Liability of Personnel. Notwithstanding and prevailing over any contrary provision or implication in this License Agreement, except for their criminal acts with respect hereto (i.e., acts which would constitute crimes were they prosecuted therefor and convicted thereof), no member, elected official, official, employee, agent or consultant of the County, and no partner (other than any general partner), shareholder of a partner, officer, employee or agents of either of the Team or Operator (collectively, "the Personnel"), shall in any way be liable under or with respect to this License Agreement; no deficiency or other monetary or personal judgment of any kind with respect to liability arising hereunder or with respect hereto shall be sought or entered against any of the Personnel; no judgment with respect to liability arising hereunder or with respect hereto shall give rise to any right of execution or levy against the assets of any of the Personnel.

21.21 Discriminatory Vendor and Scrutinized Companies List; Countries of Concern. The Team and Operator each represent that they have not been placed on the "discriminatory vendor list" as provided in Section 287.134, Florida Statutes, and that they are not a "scrutinized company" pursuant to Sections 215.473 or 215.4725, Florida Statutes. The Team and Operator further represent and certify that they are not, and for the duration of the License Term will not be, ineligible to contract with County on any of the grounds stated in Section 287.135, Florida Statutes. The Team and Operator each represent that they are, and for the duration of the License Term will remain, in compliance with Section 286.101, Florida Statutes.

21.22 Verification of Employment Eligibility. The Team and Operator each represent that they, along with their respective Subcontractors, they have each registered with and use the E-Verify system maintained by the United States Department of Homeland Security to verify the work authorization status of all newly hired employees in compliance with the requirements of Section 448.095, Florida Statutes, and that entry into this License Agreement will not violate that statute. If either the Team or Operator violates this section, the County may immediately

terminate this License Agreement for cause and the violating party shall be liable for all costs incurred by the County due to the termination.

21.23 Prohibited Telecommunications Equipment. The Team and Operator each represent and certify that they, along with their respective Subcontractors, do not use any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, as such terms are used in 48 CFR §§ 52.204-24 through 52.204-26. The Team and Operator further represent and certify that they, along with their respective Subcontractors, shall not provide or use such covered telecommunications equipment, system, or services during the License Term.

21.24 Polystyrene Food Service Articles. The Team and Operator shall not sell or provide for use on County property expanded polystyrene products or food service articles (e.g., Styrofoam), unencapsulated expanded polystyrene products, or single-use plastic straws or stirrers, as set forth in more detail in Section 27.173, Broward County Administrative Code.

21.25 Ownership Disclosure Requirement. By January 1 of each year, the Team and Operator must each submit, and cause each of their respective Subcontractors to submit, an Ownership Disclosure Form (or such other form or information designated by County), available at <https://www.broward.org/econdev/Pages/forms.aspx>, identifying the ownership of the entity and indicating whether the entity is majority-owned by persons fitting specified classifications.
