SUBJECT: Proposed Facility Renaming 26-NM1: Hollywood North Beach Park

The Housing and Urban Planning Division reviewed an application, submitted by Senator Nan H. Rich, to rename Hollywood North Beach Park (Park) to the Suzanne Gunzburger Hollywood North Beach Park. The Park, located in Commission District 6, is owned by the State with a portion of it leased to the County through the Florida Department of Environmental Protection. A renaming request of the Park shall require the Board to direct staff to submit formal application to the State.

While Broward County does not have the authority to rename the park, staff found that the proposed request complies with the following criteria established in Section 18.43 of Broward County's Administrative Code:

1. Historical significance.
2. Geographical identifiers.
3. Flora and fauna.
4. Individuals who have made significant, nonfinancial, humanitarian contributions at the local, state, and national level.

If you have any questions about this request, please feel free contact me at 954-357-9792 or ddelsalle@broward.org.
