CONTRACT

This construction contract ("Contract") is between Broward County, a political subdivision of the State of Florida ("County"), and Boland's LLC ("Contractor") (each a "Party" and collectively referred to as the "Parties"), for the goods and services set forth herein.

RECITALS

- A. County is the owner and operator of the Airport (hereinafter defined).
- B. The FAA (hereinafter defined) requires the Airport to have Engineered Materials Arresting Systems ("EMAS") as part of the Airport's operating certificate, as the Airport does not have the standard runway safety areas dimensions as mandated by federal aviation regulations.
- C. The Airport has two (2) EMAS located on Runway 10L-28R ("North Runway") and two (2) EMAS located on Runway 10R-28L ("South Runway").
- D. On April 9, 2023, a small aircraft overran the east end of the South Runway and damaged approximately two hundred (200) blocks of the EMAS bed.
- E. On April 12, 2023, the Airport had severe flooding, which resulted in damage to the North Runway EMAS beds.
- F. On July 19, 2023, the Broward County Aviation Department requested authorization for an emergency procurement for the replacement of the damaged EMAS beds, which was approved by the County Administrator.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

A Certificate of Occupancy (or a Temporary Certificate of Occupancy ("TCO") or other alternate municipal/county authorization for limited or conditional occupancy acceptable to the Contract Administrator) must be issued for Substantial Completion to be achieved; however, the issuance of a Certificate of Occupancy will not, by itself, constitute the achievement or date of Substantial Completion.

ARTICLE 2. SCOPE OF WORK

Contractor hereby agrees to furnish all of the labor, materials, equipment, services, and incidentals necessary to perform all Work described in the Contract Documents for the Project. See Exhibit A.

ARTICLE 3. CONTRACT TIME

3.1. Contractor shall be instructed to commence the Work by written instruction in the form of a Purchase Order issued by County's Director of Purchasing and two or more Notices to Proceed issued by the Contract Administrator. The first Notice to Proceed and Purchase Order will not be issued until Contractor's submits to County all required documents and after execution of this Contract by both Parties. Preliminary Work, including submission of a project schedule, and other documents required for permitting, and performance of Work that does not require permits, shall commence within ten (10) days after the date of the first Notice to Proceed. Contractor shall have ten (10) days after receipt of signed and sealed contract Drawings from Consultant to apply for construction permits to the applicable permitting authority. Issuance of all permits by the permitting authority shall be a condition precedent to the issuance of a second Notice to Proceed for additional Work. Except for the reimbursement of permit application fees, impact fees, and performance and payment bond premiums, as may be provided for in the Contract Documents, Contractor shall not be entitled to compensation of any kind during the permitting process. The Work to be performed pursuant to the second Notice to Proceed shall commence within ten (10) days after the Project Initiation Date(s) specified in the second or subsequent Notice(s) to Proceed. Multiple Notices to Proceed may be issued to commence the repair work and replacement work. County will consult with Contractor on its availability before issuing the second or subsequent Notice(s) to Proceed. If after consultation the Parties cannot agree on the Project Initiation Date(s), County may nonetheless issue the Notice(s) to Proceed and Contractor shall commence the work identified therein within twenty (20) days.

3.2. Time is of the essence for Contractor's performance under this Contract. Contractor must obtain Substantial Completion of the Work, and Final Completion, as established in the Notice to Proceed.

3.3. Upon failure of Contractor to obtain Substantial Completion of the replacement bed within the deadline stated in Section 3.2, as extended by any approved time extensions, Contractor shall pay to County the sum of \$881.13 for each day after the deadline for Substantial Completion, as extended by any approved time extensions, until Substantial Completion is obtained. After Substantial Completion, should Contractor fail to complete the remaining Work and obtain Final Completion within the deadline stated in Section 3.2, as extended by approved time extensions thereof, Contractor shall pay to County the sum of \$375 for each day after the deadline for Final Completion, as extended by any approved extensions, until Final Completion is obtained. These amounts are not penalties but are liquidated damages to County for its inability to obtain full beneficial occupancy and/or use of the Project. Liquidated damages are hereby fixed and agreed upon between the Parties based on (1) a mutual recognition of the impossibility of precisely ascertaining the amount of damages that will be sustained by County as a consequence of Contractor's failure to timely obtain Substantial Completion, Final Completion, or both; and (2) both Parties' desire to obviate any question or dispute concerning the amount of said damages and the cost and effect of the failure of Contractor to achieve Substantial Completion, Final Completion, or both, on time. These liquidated damages shall apply separately to each portion of the Project for which a deadline for Substantial Completion, Final Completion, or both, is given. Liquidated damages do not address costs incurred by County or Consultant: (a) due to an audit conducted pursuant to Article 17 of the General Conditions; or (b) in having Consultant administer the construction of the Project beyond the deadlines for Substantial Completion, Final Completion, or both. Contractor is separately responsible to County for the actual costs referenced in (a) or (b) above, pursuant to Section 3.5. Contractor shall be provided a day for day extension for any days Contractor cannot work because of inclement weather.

3.4. County may, but is not obligated to, deduct liquidated damages from monies due to Contractor for the Work under this Contract or as much thereof as County may, in its sole discretion, deem just and reasonable.

3.5. Separate and apart from the liquidated damages stated in Section 3.3, Contractor shall also reimburse County for all costs incurred by Consultant in administering the construction of the Project beyond the completion dates specified in Section 3.2, as extended by any approved time extensions. Consultant construction administration costs shall be in the amounts set forth in the contract between County and Consultant. County may, but is not obligated to, deduct such costs from the monies due Contractor for performance of Work under this Contract by means of unilateral credit Change Orders issued by County as costs are incurred by Consultant and agreed to by County. Contractor shall not be responsible for costs incurred by Consultant due to an extension of time caused by inclement weather.

3.6. If County elects not to deduct all or a portion of either the Liquidated Damages or the Consultant costs incurred by County beyond the completion dates, as described in Section 3.5, from other monies due Contractor from County, Contractor must pay the claimed amounts within thirty (30) days after demand by the Contract Administrator.

ARTICLE 4. CONTRACT PRICE

4.1. ☐ This is a Unit Price Contract:*

4.1.1. County shall pay to Contractor the amounts determined for the total number of each of the units of Work completed at the unit price stated in the Contract Price. The number of units contained in Contractor's bid is an estimate only, and final payment shall be made for the actual number of units incorporated in or made necessary by the Work.

4.1.2. Payment shall be made at the unit prices applicable to each integral part of the Work. These prices shall be full compensation to Contractor for all costs, including overhead and profit, associated with Contractor's completion of all Work in full conformity with the requirements as stated or shown, or both, in the Contract Documents. The cost of any item of Work not covered by a specific Contract unit price shall be included in the Contract unit price or lump sum price to which the item is most applicable.

4.2. ☒ This is a Lump Sum Contract:*

4.2.1. County shall pay Contractor the Contract Price (of \$1,641,324.00 as set forth in Contractor's quotes to the County in Exhibit B), for the performance of the Work described in the Contract Documents.

4.2.2. Payment shall be at the lump sum price stated in this Contract. This price shall be full compensation for all costs, including overhead and profit, associated with completion of all Work in full conformity with the requirements as stated or shown, or both, in the Contract Documents. The cost of any item of Work not covered by a specific Contract lump sum should be included in the lump sum price to which the item is most applicable.

***Note:** Only the subsections in the Contract Documents corresponding to any checked box in this Article 4 will apply to this Contract. Some Projects include both unit prices and lump sums, in which case both subsections shall apply as appropriate depending upon the type of Work being performed by Contractor and approved by County.

ARTICLE 5. PROGRESS PAYMENTS

5.1. Contractor may make an application for progress payment ("Application for Payment"), at intervals of not more than once a month, for Work completed on the Project during the preceding interval. Contractor shall. Contractor's Applications for Payment must show a complete breakdown of the Project components, the quantities completed during the applicable interval, and the amount of payment sought, together with such supporting evidence as may be required by Consultant or Contract Administrator. At a minimum, Contractor shall submit with each Application for Payment an updated progress schedule acceptable to Consultant as required by the Contract Documents; a Certification of Payments to Subcontractors Form (Form 9); and a release of claims relative to the Work that was the subject of any previous Applications for Payment or consent of surety relative to the Work that is the subject of the Application for Payment. If Contractor has not made payment to a Subcontractor, the Certification of Payments to Subcontractors Form shall be accompanied by a copy of the notification sent to each Subcontractor (listed in Item 2 of the Form) to whom payment has not been made, explaining the good cause why payment was not made. Each Application for Payment shall be submitted in triplicate to Consultant for approval as follows:

**Broward County Aviation Department
Gasser Douge – Contract Administrator
320 Terminal Drive, Suite 200
Fort Lauderdale, Florida 33315
(954) 359-6973**

All Applications for Payment shall be stamped as received on the date on which they are delivered in the manner specified above. Payments of Applications for Payment shall be subject to approval as specified herein and, if approved, payment for the undisputed portion(s) of the Application for Payment shall be due twenty (20) business days after the date on which the Application for Payment is stamped received. At the end of the twenty (20) business days, Contractor may send the Contract Administrator an overdue notice. If the Application for Payment is not rejected within four (4) business days after delivery of the overdue notice, the Application for Payment shall be deemed accepted, excepting any portions that County determines to be fraudulent or misleading. If the Application for Payment does not meet the requirements of this Contract, County shall reject the Application for Payment within five (5) business days after the date stamped received and said rejection shall specify each deficiency and the action necessary by Contractor to cure each deficiency. If Contractor submits a request that corrects each deficiency, the corrected Application for Payment must be paid or rejected within ten (10) business days after the corrected Application for Payment is stamped as received. Any dispute between County and Contractor shall be communicated in writing and resolved in accordance with the Prompt Payment Ordinance (Section 1-51.6 of the Code), subject to the process and time frames for payment set forth above. For all other disputes related to payment, the dispute shall be resolved pursuant to the dispute resolution procedure set forth in Article 12 of the General Conditions.

5.2. Prior to issuance of the Punch List, County may withhold retainage on each progress payment as set forth in Section 255.078, Florida Statutes, as may be amended during this Contract. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes, shall be at the sole discretion of the Contract Administrator, as may be recommended by Consultant. Any interest earned on retainage shall accrue to the benefit of County.

5.3. Notwithstanding any provision of this Contract to the contrary, County may withhold payment, in whole or in part, in accordance with Applicable Law, as a consequence of Contractor's material breach of any obligation under the Contract Documents, or to such extent as may be necessary to protect itself from loss on account of:

5.3.1 Inadequate or defective Work not remedied.

5.3.2 Claims filed or reasonable evidence indicating probable filing of claims by other parties against Contractor or County relating to Contractor's performance.

5.3.3 Failure of Contractor to make payments properly to Subcontractors or for material or labor.

5.3.4 Damage to another contractor not remedied.

5.3.5 Liquidated damages and costs incurred by Consultant for extended construction administration.

5.3.6 Failure of Contractor to provide any document(s) required by the Contract Documents.

When the above grounds are removed or resolved to the satisfaction of the Contract Administrator, any applicable withheld payment shall be made to the extent otherwise due.

ARTICLE 6. ACCEPTANCE AND FINAL PAYMENT

6.1. County will request Runway Safe, Inc. ("RWS") conduct an inspection within ten (10) days after receipt of written notice from Contractor that all Work described in the Punch List has been completed and the Work is ready for final inspection and acceptance. A Final Certificate of Payment (Form 11) for the Work, or the applicable phase thereof, shall be issued if Consultant and Contract Administrator find that: (a) RWS approved the Work; (b) the requisite documents have been submitted; (c) the requirements of the Contract Documents are fully satisfied; and (d) all conditions of the permits and regulatory agencies have been met. Such Final Certificate of Payment (Form 11) shall be issued by Consultant, under its signature, stating that the applicable requirements of the Contract Documents have been performed and that the Work is ready for acceptance under the terms and conditions of the Contract Documents.

6.2. Before issuance of the Final Certificate for Payment, Contractor shall deliver to Consultant the following final payment package: a complete release of all claims arising out of this Contract, or receipts in full in lieu thereof; an affidavit certifying that all suppliers and Subcontractors have been paid in full and that all other indebtedness and financial obligations connected with the applicable Work have been paid, or, in the alternative, a consent of the Surety to final payment on Contractor's behalf; and the final Application for Payment. This final payment package must include the certification document titled Final List of Non-Certified Subcontractors and Suppliers (Form 13), which must be signed and notarized by Contractor. A list of all noncertified Subcontractors and suppliers used must be attached to this certified document. County shall supply Contractor with all forms required to be submitted for final payment.

6.3. If, after Substantial Completion, Final Completion is materially delayed through no fault of Contractor, and Consultant so certifies, County shall, upon certification of Consultant, and without terminating this Contract, make payment of the balance due for any portion of the Work fully completed and accepted. Such payment

shall be made under the terms and conditions governing final payment, but it shall not constitute a waiver of any claims by County.

6.4. Final payment shall be made only after the Board or Director of Purchasing, as applicable, has reviewed a written evaluation of the performance of Contractor prepared by the Contract Administrator and has approved the final payment. The acceptance of final payment shall constitute a waiver of all claims by Contractor, except those previously made in strict accordance with the provisions of the General Conditions and identified by Contractor as unsettled at the time of the application for final payment.

ARTICLE 7. REPRESENTATIONS AND WARRANTIES

7.1. Representation of Authority. Contractor represents and warrants that this Contract constitutes the legal, valid, binding, and enforceable obligation of Contractor, and that neither the execution nor performance of this Contract constitutes a breach of any agreement that Contractor has with any third party or violates Applicable Law. 7.7. Verification of Employment Eligibility. Contractor represents that Contractor and each Subcontractor have registered with and use the E-Verify system maintained by the United States Department of Homeland Security to verify the work authorization status of all newly hired employees in compliance with the requirements of Section 448.095, Florida Statutes, and that entry into this Contract will not violate that statute. Contractor represents and warrants that the Work shall be performed in a skillful and respectful manner, and that the quality of all such Work shall equal or exceed prevailing industry standards for such Work.

7.12. Entities of Foreign Concern. The provisions of this section apply only if Contractor or any Subcontractor will have access to an individual's personal identifying information under this Contract. Contractor represents and certifies: (a) Contractor is not owned by the government of a foreign country of concern; (b) the government of a foreign country of concern does not have a controlling interest in Contractor; and (c) Contractor is not organized under the laws of and does not have its principal place of business in a foreign country of concern. On or before the Effective Date, Contractor and any Subcontractor that will have access to personal identifying information shall submit to County executed affidavit(s) under penalty of perjury, in a form approved by County attesting that the entity does not meet any of the criteria in Section 287.138(2), Florida Statutes. Compliance with the requirements of this section is included in the requirements of a proper Application for Payment for

purposes of Article 5. Terms used in this section that are not otherwise defined in this Contract shall have the meanings ascribed to such terms in Section 287.138, Florida Statutes.

7.13. Breach of Representations. Contractor acknowledges that County is materially relying on the representations, warranties, and certifications of Contractor stated in this article, and County shall be entitled to exercise any or all of the following remedies if any such representation, warranty, or certification is untrue: (a) recovery of damages incurred; (b) termination of this Contract without any further liability to Contractor; (c) set off from any amounts due Contractor the full amount of any damage incurred; and (d) debarment of Contractor.

ARTICLE 8. MISCELLANEOUS

8.1. Contract Documents and Priority of Provisions. If there is any conflict between the terms contained in this Contract and those contained in a Contract Supplement, the terms of such Contract Supplement shall prevail. Furthermore, if there is any conflict between the terms of the General Conditions included in this Contract and those contained in any General Supplemental Provisions, the terms of such General Supplemental Provisions shall prevail.

8.2. Independent Contractor. Contractor is an independent contractor under this Contract. Work provided by Contractor (and all Subcontractors) pursuant to this Contract shall be subject to the supervision of Contractor. In providing such services, neither Contractor nor its agents shall act as officers, employees, or agents of County. This Contract shall not constitute or make the Parties a partnership or joint venture.

8.3. Third-Party Beneficiaries. Neither Contractor nor County intends to primarily or directly benefit a third party by entering into this Contract. 8.5. Assignment. Neither this Contract nor any interest herein or proceeds hereof shall be assigned, transferred, or encumbered without the written consent of the other party, and Contractor shall not subcontract any portion of the Work required by this Contract except as authorized by Article 28 of the General Conditions. Any attempted assignment, transfer, encumbrance, or subcontract in violation of this section shall be void and ineffective, and shall constitute a breach of this Contract. County reserves the right to condition its approval of any assignment, transfer, encumbrance, or subcontract upon further due diligence and an additional fee paid to County to reasonably compensate it for the performance of any such due diligence.

8.6. Materiality and Waiver of Breach. Each requirement, duty, and obligation set forth in this Contract was bargained for at arm's-length and is agreed to by the Parties. Each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Contract and is, therefore, a material term.

8.7. No Waiver. County's failure to enforce any provision of this Contract shall not be deemed a waiver of its right or power to enforce such provision or a modification of this Contract. The failure to assert a breach of a provision of this Contract shall not be deemed a waiver of such breach or of any subsequent breach, nor shall it be construed to be a modification of the terms of this Contract.

8.8. Severability. If any part of this Contract is found to be unenforceable by a court of competent jurisdiction, that part shall be deemed severed from this Contract and the balance of this Contract shall remain in full force and effect.

8.9. Law, Jurisdiction, Venue, Waiver of Jury Trial. This Contract shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Jurisdiction of any controversies or legal problems arising out of this Contract, and any action involving the enforcement or interpretation of any rights hereunder, shall be exclusively in the state courts of the Seventeenth Judicial Circuit in Broward County, Florida, and venue for such litigation shall be exclusively in such state courts, forsaking any other jurisdiction that either party may claim by virtue of its residency or other jurisdictional device. **EACH PARTY HEREBY EACH EXPRESSLY WAIVES ANY RIGHTS IT MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS CONTRACT. IF A PARTY FAILS TO WITHDRAW A DEMAND FOR A JURY TRIAL AFTER WRITTEN NOTICE BY THE OTHER PARTY, THE PARTY MAKING THE DEMAND FOR JURY TRIAL SHALL BE LIABLE FOR REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY TO CONTEST THE DEMAND FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION. CONTRACTOR, PURSUANT TO ARTICLE 28 OF THE GENERAL CONDITIONS, SHALL SPECIFICALLY BIND ALL SUBCONTRACTORS TO THE PROVISIONS OF THIS SECTION.**

8.10. Amendments. Unless otherwise expressly authorized herein, no modification, amendment, or alteration of any portion of this Contract shall be effective unless contained in a written document executed with the same or similar formality as this Contract by duly authorized representatives of County and Contractor.

8.11. Prior Agreements. The Contract is the final and complete understanding of the Parties regarding the subject matter hereof and supersedes all prior and contemporaneous negotiations and discussions regarding

that subject matter. All commitments, agreements, and understandings of the Parties concerning the subject matter of this Contract or the Contract Documents are contained herein.

8.12. Compliance with Laws. Contractor and the Work must comply with all Applicable Law, including, but not limited to, the Americans with Disabilities Act, 42 U.S.C. § 12101, Section 504 of the Rehabilitation Act of 1973, and the requirements of any applicable grant agreements.

8.13. Drug-Free Workplace. If required under Section 21.23(f), Broward County Administrative Code, or Section 287.087, Florida Statutes, Contractor certifies that it has and will maintain a drug-free workplace program throughout the duration of this Contract.

8.14. Polystyrene Food Service Articles. Contractor shall not sell or provide for use on County property expanded polystyrene products or food service articles (e.g., Styrofoam), unencapsulated expanded polystyrene products, or single-use plastic straws or stirrers, as set forth in more detail in Section 27.173, Broward County Administrative Code.

8.15. Regulatory Capacity. Notwithstanding the fact that County is a political subdivision with certain regulatory authority, County's performance under this Contract is as a Party to this Contract and not in its regulatory capacity. If County exercises its regulatory authority, the exercise of such authority and the enforcement of Applicable Law shall have occurred pursuant to County's regulatory authority as a governmental body separate and apart from this Contract, and shall not be attributable in any manner to County as a party to this Contract.

8.16. Construction Apprenticeship Program. NOT APPLICABLE

8.17. Interpretation. The titles and headings in the Contract Documents are for reference purposes only and shall not in any way affect the meaning or interpretation of this Contract. All personal pronouns shall include any other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein" refer to the Contract as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a section or article, such reference is to the section or article as a whole, including the subsections thereof, unless the reference is made to a particular subsection or subparagraph of such section or article. Any reference to "days" means calendar days, unless otherwise expressly stated. Any reference to approval by County shall require approval in writing, unless otherwise expressly stated.

8.18. Incorporation by Reference. Any and all Recital clauses stated above are true and correct and are incorporated in this Contract by reference. The attached Exhibits are incorporated into and made a part of this Contract.

8.19. Fiscal Year. The continuation of this Contract beyond the end of any County fiscal year is subject to both the appropriation and the availability of funds pursuant to Chapter 129 and, if applicable, Chapter 212, Florida Statutes.

8.20. Sovereign Immunity. Except to the extent sovereign immunity may be deemed to be waived by entering into this Contract, nothing herein is intended to serve as a waiver of sovereign immunity by County nor shall anything included herein be construed as consent by County to be sued by third parties in any matter arising out of this Contract.

8.21. Counterparts and Multiple Originals. This Contract may be executed in multiple originals, and may be executed in counterparts, whether signed physically or electronically, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same agreement.

8.22. Workforce Investment Program. NOT APPLICABLE

GENERAL CONDITIONS

ARTICLE 1. CONTRACT DOCUMENTS

1.1. The Contract Documents shall be followed in strict accordance as to Work, performance, material(s), and dimensions, except when Consultant may authorize, in writing, an exception.

1.2. Dimensions given in figures shall predominate over scaled measurements from the Drawings; however, any discrepancies regarding figures must be resolved by Consultant prior to applicable Work commencing. Contractor shall not proceed when in doubt as to any dimension or measurement, but shall seek clarification from Consultant.

ARTICLE 2. INTENTION OF COUNTY

County intends to describe in this Contract a functionally complete Project (or part thereof) to be constructed in accordance with this Contract and in accordance with all codes and regulations governing construction of the Project. The Work is a description of Contractor's obligations and responsibilities and is deemed to include preliminary considerations and prerequisites, as well as all labor, materials, equipment, and tasks, that are such an inseparable part of the Work described that exclusion of them from the Work would render performance by Contractor impractical, illogical, or unconscionable, and shall be supplied by Contractor whether or not specifically called for. When words that have a well-known technical or trade meaning are used to describe Work, materials, or equipment, such words shall be interpreted in accordance with that meaning, unless specified otherwise herein. Reference to standard specifications, manuals, or codes of any technical society, organization, or association, or to the laws or regulations of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, laws, or regulations in effect at the time of opening of bids for the Project. Contractor shall comply with such specifications, manuals, codes, laws, or regulations. County will have no duties other than those duties and obligations expressly set forth within this Contract.

ARTICLE 3. PRELIMINARY MATTERS

3.1. At least five (5) days prior to the pre-construction meeting described in Section 3.2, Contractor shall submit to Consultant:

3.1.1. A progress schedule in the indicated form:

☒ Bar Chart

☐ Modified Critical Path Method ("CPM")

☐ CPM

☐ Computerized CPM

The progress schedule shall indicate the start and completion dates of the various stages of the Work, and shall show an activity network for the planning and execution of the Work. Included with the progress schedule shall be a narrative description of the progress schedule.

3.1.2. A preliminary schedule of shop drawing submissions; and

3.1.3. In a lump sum contract or in a contract that includes lump sum bid items of Work, a preliminary schedule of values for all of the Work that includes quantities and prices of items aggregating the Contract Price, in as much detail as may be requested by County in writing, and that subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during construction.

3.2. At a time specified by Consultant, but before Contractor starts the Work at the Project site, a conference attended by Contractor, Consultant, and others as deemed appropriate by Contract Administrator, will be held to discuss the schedules referred to in Section 3.1, to discuss procedures for handling shop drawings and other submittals and for processing Applications for Payment; and to establish a working understanding among the Parties as to the Work.

ARTICLE 4. PERFORMANCE BOND AND PAYMENT BOND

4.1. Within ten (10) days after execution of the Contract by the Parties, Contractor shall furnish a Performance Bond and a Payment Bond containing all the provisions of the Performance Bond (Form 1) and Payment Bond (Form 2). Each Bond shall be in the amount of one hundred percent (100%) of the Contract Price guaranteeing to County the completion and performance of the Work covered in such Contract as well as full payment of all suppliers, laborers, and Subcontractors employed pursuant to this Project. Each bond shall be with a surety company that is qualified pursuant to Article 5.

4.2. Pursuant to the requirements of Section 255.05, Florida Statutes, Contractor shall ensure that the bond(s) referenced above shall be recorded in the Official Records of Broward County and provide County with evidence of such recording.

4.3. In lieu of a Performance Bond and a Payment Bond, Contractor may furnish alternate forms of security in the form of cash, money order, certified check, cashier's check, or unconditional letter of credit. Such alternate forms of security shall be subject to the approval of County and for same purpose, and shall be subject to the same conditions as those applicable above, and shall be held by County for one (1) year after completion and acceptance of the Work.

ARTICLE 5. QUALIFICATION OF SURETY

5.1. For all Bid Bonds, Performance Bonds, and Payment Bonds over \$500,000.00:

5.1.1. Each bond must be executed by a surety company of recognized standing, authorized to do business in the State of Florida as surety, having a resident agent in the State of Florida, and having been in business with a record of successful continuous operation for at least the past five (5) years.

5.1.2. The surety company shall hold a current Certificate of Authority as acceptable surety on federal bonds in accordance with United States Department of Treasury Circular 570, Current Revisions. If the amount of the Bond exceeds the underwriting limitation set forth in the circular, in order to qualify as a proper surety herein, the net retention of the surety company shall not exceed the underwriting limitation in the circular, and the excess risks must be protected by coinsurance, reinsurance, or other methods in accordance with Treasury Circular 297, Revised (31 C.F.R. §§ 223.10, 223.11). Further, the surety company shall provide County with evidence satisfactory to County that such excess risk has been protected in an acceptable manner.

5.1.3. A surety company that is rejected by County may be substituted by the Bidder or proposer with a surety company acceptable to County, but only if the bid amount does not increase.

5.1.4. All bonds shall be written through surety insurers authorized to do business in the State of Florida as surety, with the following qualifications according to the latest edition of Best's Insurance Guide, published by AM Best Company, Oldwick, New Jersey:

Amount of Bond	Minimum Policy Holder's Ratings Strength/Financial Size
\$500,001 to \$1,500,000	A / III
\$1,500,001 to \$2,500,000	A / VI
\$2,500,001 to \$5,000,000	A / VII
\$5,000,001 to \$10,000,000	A / VIII
Over \$10,000,000	A / IX

5.2. For projects that do not exceed \$500,000.00, County may accept a Bid Bond, Performance Bond, or Payment Bond from a surety company that has twice the minimum surplus and capital required by the Florida Office of Insurance Regulation at the time the solicitation is issued, if the surety company is otherwise in compliance with the provisions of the Florida Insurance Code, and if the surety company holds a currently valid Certificate of Authority issued by the United States Department of the Treasury under Sections 9304 to 9308 of Title 31 of the United States Code. The Certificate and Affidavit (Form 4) so certifying should be submitted with the Bid Bond, Performance Bond, or Payment Bond.

5.3. More stringent requirements of any grantor agency may be set forth within the Supplemental Conditions. If there are no more stringent requirements, the provisions of this article shall apply.

ARTICLE 6. INDEMNIFICATION

Contractor shall indemnify and hold harmless County and its current, past, and future officers and employees (collectively, "Indemnified Party"), from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees (collectively, a "Claim"), to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor or persons employed or utilized by Contractor in the performance of this Contract, including but not limited to Contractor's Subcontractors, sub-subcontractors, materialmen, or agents of any tier, or any of their respective employees. These indemnifications shall survive the term of this Contract.

ARTICLE 7. INSURANCE REQUIREMENTS

7.1. The specific insurance coverage requirements for this project are identified in the Minimum Insurance Requirements Exhibit C, which is a part of the Contract Documents. For purposes of this article, the term "County" shall include Broward County and its members, officials, officers, and employees.

7.2. For the duration of the Contract, Contractor shall, at its sole expense, maintain at least the minimum limits of insurance coverage designated in the Contract Documents (inclusive of any amount provided by an umbrella or excess policy) in accordance with the terms and conditions stated in this article. If Contractor maintains broader coverage or higher limits than the insurance requirements stated in Exhibit C, County shall be entitled to all such broader coverages and higher limits. County reserves the right at any time to review and

adjust the limits and types of coverage required under this article. Contractor shall add County as an additional insured on all required insurance coverage.

7.3. Contractor shall maintain insurance coverage against claims relating to any act or omission by Contractor, its agents, representatives, employees, or Subcontractors in connection with the Contract. All required insurance under this article shall provide primary coverage, list County as an additional insured, and shall not require contribution from any County insurance, self-insurance or otherwise. All insurance held by County, as well as County's self-insurance, shall be in excess of and shall not contribute to the insurance provided by Contractor. Unless prohibited by the applicable policy, Contractor waives any right to subrogation that any of Contractor's insurers may acquire against County, and agrees to obtain same in an endorsement on all lines of insurance required of Contractor under this article including any excess or umbrella policies.

7.4. All required insurance policies must be placed with insurers or surplus line carriers authorized to conduct business in the State of Florida with an A.M. Best rating of A- or better and a financial size category class VII or greater, unless otherwise approved by County's Risk Management Division in writing.

7.5. Contractor shall declare in writing any self-insured retentions or deductibles over the limit(s) prescribed in Exhibit C, and shall submit same to County, at least fifteen (15) days prior to the effective date of the Contract or commencement of the Work for County's written approval of such retentions or deductibles. Contractor shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against County. County may, at any time, require Contractor to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. Contractor agrees that any deductible or self-insured retention may be satisfied by either the named insured or County, if so elected by County, and Contractor agrees to obtain same in endorsements to the required policies.

7.6. To the extent insurance requirements are designated in the Minimum Insurance Requirements, the applicable policies shall comply with the following:

7.6.1. Commercial General Liability Insurance. Policy shall be no more restrictive than that provided by the latest edition of the standard Commercial General Liability Form (Form CG 00 01) as filed for use in the State of Florida by the Insurance Services Office (ISO), with the exception of endorsements specifically required by ISO or the State of Florida, and liability arising out of: Mold, fungus, or bacteria; Terrorism; Silica, asbestos or lead; Sexual molestation; and Architects and engineers professional liability, unless coverage for professional liability is specifically required by this Contract. County and Consultant shall be included on the policy (and any excess or umbrella policy) as "Additional Insureds" on a form no more restrictive than ISO form CG 20 10 (Additional Insured – Owners, Lessees, or Contractor).

7.6.2. Contractor shall maintain products or completed work coverage for a minimum of three (3) years from the date of the final completion of the Work, unless otherwise stated in the Insurance Requirements Exhibit. In that case, the term specified in the Insurance Requirements shall govern the duration of the coverage required by this paragraph.

7.6.3. Business Automobile Liability Insurance. Policy shall be no more restrictive than that provided by Section II (Liability Coverage) of the most recent version of the standard Business Auto Policy (ISO Form CA 00 01) without any restrictive endorsements, including coverage for liability contractually assumed, and shall cover all owned, non-owned, and hired autos used in connection with the performance of Work

under this Contract. County and Consultant shall be included on the policy (and any excess or umbrella policy) as "Additional Insureds."

7.6.4. Workers' Compensation/Employer's Liability Insurance. Such insurance shall be no more restrictive than that provided by the latest edition of the standard Workers' Compensation Policy, as filed for use in Florida by the National Council on Compensation Insurance (NCCI), with the exception of endorsements required by NCCI or the State of Florida. The policy must be endorsed to waive the insurer's right to subrogate against County in the manner which would result from the attachment of the NCCI form "Waiver of our Right to Recover from Others Endorsement" (Advisory Form WC 00 03 13) with County scheduled thereon. Where appropriate, coverage shall be included to the extent required by Applicable Law, including, but not limited to, the Federal Employer's Liability Act, the Jones Act, and the Longshoreman and Harbor Workers' Compensation Act.

If Contractor provides all or a portion of the Workers' Compensation/Employer's Liability insurance required herein via a professional employer organization ("PEO") or employee leasing company, any such Workers' Compensation/Employer's Liability insurance provided will only be deemed acceptable solely for the purposes of insuring Contractor's enrolled employees. In addition, and notwithstanding the foregoing, in order to adequately protect County against injuries to uninsured employees of Subcontractors and non-enrolled employees of Contractor, Contractor must still procure, maintain, and furnish County with evidence of a stand-alone separate Workers' Compensation/Employer's Liability insurance policy issued with Contractor as an additional insured, and complying with all requirements for Contractor provided Workers' Compensation contained in the Contract Documents. It is permissible for Contractor to exclude payroll of leased employees from such separate Workers' Compensation/Employer's Liability insurance policy.

7.7. On or before the effective date of the Contract, or at least fifteen (15) days prior to commencement of the Work, as requested by County, Contractor shall provide County with a copy of all Certificates of Insurance or other documentation sufficient to demonstrate the insurance coverage required in this article.

7.8. Contractor shall ensure that all insurance coverages required by this article remain in full force and effect without any lapse in coverage for the duration of this Contract and until all performance required by Contractor has been completed, as determined by Contract Administrator. Contractor shall provide notice to County of any cancellation or modification of any required policy at least thirty (30) days prior to the effective date of cancellation or modification, and at least ten (10) days prior to the effective date of any cancellation due to nonpayment, and shall concurrently provide County with a copy of its updated Certificates of Insurance evidencing continuation of the required coverage(s).

7.9. If and to the extent requested by County, Contractor shall provide to County complete, certified copies of all required insurance policies and all required endorsements within thirty (30) days after County's request.

7.10. Contractor shall ensure that "Broward County, 115 S. Andrews Avenue, Fort Lauderdale, Florida 33301" and Consultant are listed as additional insureds on all policies required under this article. Broward County shall be listed as Certificate Holder.

7.11. Contractor shall require each Subcontractor to maintain insurance coverage that adequately covers the Work provided by that Subcontractor on substantially the same insurance terms and conditions required of Contractor under this article. Contractor shall ensure that all such Subcontractors comply with these requirements and that "Broward County" and Consultant are named as additional insureds under the

Subcontractors' applicable insurance policies. If Contractor or any Subcontractor fails to maintain the insurance required by the Contract Documents, County may pay any costs of premiums necessary to maintain the required coverage and deduct such costs from any payment otherwise due to Contractor. Contractor shall not permit any Subcontractor to provide services under the Contract unless and until the requirements of this section are satisfied. If requested by County, Contractor shall provide, within one (1) business day, evidence of each Subcontractor's compliance with this article.

7.12. If any of the policies required under this article provide claims-made coverage: (1) any retroactive date must be prior to the effective date of the Contract; (2) the required coverage must be maintained after termination or expiration of the Contract for at least the duration stated in Exhibit C; and (3) if coverage is canceled or nonrenewed and is not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Contract, Contractor must obtain and maintain "extended reporting" coverage that applies after termination or expiration of the Contract for at least the duration stated in Exhibit C.

ARTICLE 8. LABOR AND MATERIALS

8.1. Unless otherwise provided herein, Contractor shall provide and pay for all Materials, labor, water, tools, equipment, light, power, transportation, and other facilities and services necessary for the proper execution and completion of the Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the Work.

8.2. Contractor shall at all times enforce strict discipline and good order among its employees and Subcontractors at the Project site and shall not employ any unfit person or anyone not skilled in the Work to which they are assigned.

ARTICLE 9. ROYALTIES AND PATENTS

All fees, royalties, and claims for any invention, or pretended inventions, or patent of any article, material, arrangement, appliance, or method that may be used upon or in any manner be connected with the construction of the Work or appurtenances, are hereby included in the prices stipulated in this Contract for said Work.

ARTICLE 10. WEATHER

Extensions to the Contract Time for delays caused by the effects of inclement weather shall be submitted as a request for a change in the Contract Time pursuant to Article 40. Time extensions are justified only when rain, other inclement weather conditions, or related adverse soil conditions result in Contractor being unable to work at least fifty percent (50%) of the normal workday on controlling items of Work identified on the accepted schedule or updates to that schedule. Contractor shall submit all such requests pursuant to this Article to County, with a copy to Consultant, on a weekly basis, as and when applicable.

ARTICLE 11. PERMITS, LICENSES, AND IMPACT FEES

11.1. Except as otherwise provided within the Special Instructions for Vendors, Contractor shall secure and pay for all necessary permits and licenses required for the Work pursuant to Applicable Law. Contractor shall be reimbursed for only the actual amount of the permit fees levied by the permitting authority and paid by the Contractor as evidenced by an invoice or other acceptable documentation issued by the permitting authority. Reimbursement to Contractor shall be on a pass-through basis and shall not include profit or overhead of

Contractor. Contractor shall have and maintain appropriate Certificate(s) of Competency, valid for the Work to be performed and valid for the jurisdiction in which the Work is to be performed, for all persons working on the Project for whom a Certificate of Competency is required.

11.2. County shall directly pay for all impact fees levied by any municipal governmental entity with jurisdiction.

ARTICLE 12. RESOLUTION OF DISPUTES

12.1. To prevent all disputes and litigation, the Parties agree that Consultant shall decide all questions, claims, difficulties, and disputes of whatever nature that may arise relative to the technical interpretation of the Contract Documents or fulfillment of the Contract as to the character, quality, amount, and value of any Work done or materials furnished, or proposed to be done or furnished, under or by reason of the Contract Documents, and Consultant's decisions of all claims, questions, difficulties, and disputes shall be final and binding to the extent provided in Section 12.2. Any claim, question, difficulty, or dispute that cannot be resolved by agreement of the Contract Administrator and Contractor shall be submitted to Consultant in writing within five (5) days after the date of impasse. Unless a different period of time is set forth in this Contract, Consultant shall notify the Contract Administrator and Contractor in writing of Consultant's decision within fourteen (14) days after the date of the receipt of the claim, question, difficulty, or dispute, unless Consultant requires additional time to gather information or allow the Parties to provide additional information. Except for disputes directly related to the promptness of payment as set forth in Section 5.1 of the Contract, all nontechnical administrative disputes shall be determined by the Contract Administrator pursuant to the time periods provided herein. During the pendency of any dispute and after a determination thereof, Contractor, Consultant, and Contract Administrator shall act in good faith to mitigate any potential damages, including utilization of construction schedule changes and alternative means of construction.

12.2. If the determination of a dispute under this article is unacceptable to either party, the party objecting to the determination must notify the other party in writing within ten (10) days of receipt of the written determination. The notice must state the basis of the objection and must be accompanied by a statement that any Contract Time or Contract Price adjustment claimed is the entire adjustment to which the objecting party has reason to believe it is entitled to as a result of the determination. Within sixty (60) days after Final Completion of the Work, the Parties shall participate in mediation to address all objections to any determinations and to attempt to prevent litigation. Neither party shall commence litigation prior to the expiration of the sixty (60) day mediation period. The mediator shall be mutually agreed upon by the Parties. Should any objection not be resolved in mediation, the Parties retain all their legal rights and remedies provided under State law. **A PARTY SPECIFICALLY WAIVES ALL OF ITS RIGHTS, INCLUDING, BUT NOT LIMITED TO, CLAIMS FOR CONTRACT TIME AND CONTRACT PRICE ADJUSTMENTS PROVIDED IN THE CONTRACT, INCLUDING ITS RIGHTS AND REMEDIES UNDER STATE LAW, IF SAID PARTY FAILS TO COMPLY IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS ARTICLE.**

12.3. In any lawsuit or legal proceeding arising under this Contract, Contractor hereby waives any claim or defense based on facts or evidentiary materials of which Contractor had knowledge but were not presented for consideration during the resolution of disputes process set forth in Sections 12.1 and 12.2 above.

12.4. This article shall survive any dispute or litigation between the Parties, or expiration or termination of this Contract for any reason, and Contractor expressly acknowledges and agrees to be bound by this article throughout the course of any dispute or litigation with County.

ARTICLE 13. INSPECTION OF WORK

13.1. Consultant and County shall at all times have access to the Work, and Contractor shall provide proper facilities for such access and for inspecting, measuring, and testing.

13.2. The payment of any compensation, the giving of any gratuity, or the granting of any favor, of any character or form, by Contractor to any inspector, directly or indirectly, is strictly prohibited, and any such act on the part of Contractor will constitute a breach of this Contract.

ARTICLE 14. SUPERINTENDENCE AND SUPERVISION

14.1. County's instructions are to be given through Consultant, which instructions Contractor must strictly and promptly follow in every case. Contractor shall keep on the Project a full-time, competent, English-speaking superintendent and any necessary assistants, all of whom must be satisfactory to Consultant. The superintendent shall not be changed except with the written consent of Consultant unless the superintendent proves to be unsatisfactory to Contractor and ceases to be in its employ. The superintendent shall represent Contractor; all instructions given to the superintendent shall be as binding as if given to Contractor, and will be confirmed in writing by Consultant upon the written request of Contractor. Contractor shall provide efficient supervision of the Work, using its best skill and attention.

14.2. On a daily basis, Contractor's superintendent shall record, at a minimum, the following information in a bound log: the day; date; weather conditions and how any weather condition affected progress of the Work; time of commencement of Work for the day; the Work being performed; materials, labor, personnel, equipment and Subcontractors at the Project site; visitors to the Project site, including representatives of County, Consultant, or regulatory representatives; any event that caused or contributed a delay to the Project; any special or unusual conditions or occurrences encountered; and the time of termination of Work for the day. All information shall be recorded in the daily log in ink, unless otherwise approved by Consultant. The daily log shall be kept on or accessible from the Project site and shall be available at all times for inspection and copying by County and Consultant.

14.3. The Contract Administrator, Contractor, and Consultant shall meet at least every two (2) weeks (or as otherwise determined by the Contract Administrator) during the course of the Work to review and agree upon the Work performed to date and to establish the controlling items of Work for the next two (2) weeks. Consultant shall publish, keep, and distribute minutes and any comments thereto of each such meeting. Contractor is permitted to appear at the meetings via remote means.

14.4. Contractor shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with this Contract. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

ARTICLE 15. COUNTY'S RIGHT TO TERMINATE CONTRACT

15.1. The Contract Administrator may give notice in writing to Contractor and its Surety of delay, neglect, or default, specifying the same with a notice to cure, upon the occurrence of any of the following:

15.1.1. Contractor fails to begin the Work within fifteen (15) days after the Project Initiation Date;

15.1.2. Contractor fails to perform the Work with sufficient workers, equipment, or materials to ensure the prompt completion of the Work;

15.1.3. Contractor performs the Work unsuitably or causes it to be rejected as defective and unsuitable;

15.1.4. Contractor discontinues performance of the Work in contravention of the accepted schedule;

15.1.5. Contractor fails to perform any material term set forth in this Contract;

15.1.6. Contractor becomes insolvent or declared bankrupt, commits any act of bankruptcy or insolvency, or makes an assignment for the benefit of creditors; or

15.1.7. From any other cause whatsoever, Contractor fails to carry on the Work in an acceptable manner.

15.2. If Contractor, within a period of ten (10) days after such notice, does not proceed to cure in accordance therewith, then County's awarding authority for this Contract may, upon written certification from Consultant of the fact of such delay, neglect, or default and Contractor's failure to comply with such notice, terminate the services of Contractor, exclude Contractor from the Project site and take the performance of the Work out of the hands of Contractor, and appropriate or use any or all materials and equipment on the Project site as may be suitable and acceptable. In such case, Contractor shall not be entitled to receive any further payment until the Project is completed. In addition, County may enter into an agreement for the completion of the Project according to the terms and provisions of this Contract, use such other methods as in the Contract Administrator's sole opinion shall be required for the completion of the Project according to the terms and provisions of this Contract, or use such other methods as in the Contract Administrator's sole opinion shall be required for the completion of the Project in an acceptable manner. All damages, costs, and charges incurred by County, together with the costs of completing the Project, shall be deducted from any monies due or which may become due to Contractor. If the damages and expenses so incurred by County shall exceed the unpaid balance, Contractor shall be liable and shall pay to County the amount of said excess.

15.3. Unless otherwise stated in this Contract, if this Contract was approved by Board action, termination for cause by County must be by action of the Board or the County Administrator; in any other instance, termination for cause may be by the County Administrator, the County representative expressly authorized under this Contract, or the County representative (including any successor) who executed the Contract on behalf of County. If County erroneously, improperly, or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience and the rights and obligations of County and Contractor shall be the same as if the termination had been exercised pursuant to the Termination for Convenience clause as set forth in Section 15.4 below.

15.4. This Contract may be terminated for convenience, for any reason or no reason, in writing by the Board with at least ten (10) days' advance written notice to Contractor (delivered by certified mail, return receipt requested) of intent to terminate and the date on which such termination becomes effective. If this Contract is terminated by County pursuant to this section, Contractor shall be paid for all Work properly executed and actual expenses incurred prior to termination in addition to termination settlement costs reasonably incurred by Contractor relating to commitments that had become firm prior to the termination. Payment shall include reasonable profit for Work and services performed as limited by Article 39 hereof. All actual expenses incurred shall have sufficient back-up documentation to verify that such expenses were actually incurred by Contractor. No payment shall be made for profit for Work and services that Contractor has not performed. Contractor acknowledges that it has received good, valuable, and sufficient consideration for County's right to terminate

this Contract for convenience including in the form of County's obligation to provide advance notice to Contractor of such termination in accordance with this Section 15.4.

15.5. Upon receipt of a notice of termination pursuant to Sections 15.2, 15.4, or 15.6, Contractor shall promptly discontinue all affected Work unless the notice of termination directs otherwise, and shall deliver or otherwise make available to County all data, drawings, specifications, reports, estimates, summaries, and such other information as may have been required by this Contract whether completed or in process.

15.6. This Contract may also be terminated by the Board:

15.6.1. If Contractor is a "scrutinized company" pursuant to Sections 215.473 or 215.4725, Florida Statutes, if Contractor is placed on a "discriminatory vendor list" pursuant to Section 287.134, Florida Statutes, or if Contractor is otherwise ineligible to transact business with County under Applicable Law or provides a false certification submitted pursuant to Section 287.135, Florida Statutes.

ARTICLE 16. SUSPENSION OF WORK

Contractor shall carry on the Work and adhere to the progress schedule during all disputes or disagreements with County. No Work shall be delayed or postponed pending resolution of any disputes or disagreements except as Contractor and County may otherwise agree in writing. Suspension of Work by Contractor during any dispute or disagreement with County shall entitle County to terminate this Contract for cause.

ARTICLE 17. PROJECT RECORDS AND RIGHT TO AUDIT

17.1. Audit Rights and Retention of Records. Contractor and all Subcontractors shall preserve all Contract Records (as defined below) for a minimum period of three (3) years after expiration or termination of this Contract or until resolution of any audit findings, whichever is longer. This article shall survive any dispute or litigation between the Parties, and Contractor expressly acknowledges and agrees to be bound by this article throughout the course of any dispute or litigation with County. Contract Records shall, upon reasonable notice, be open to County inspection and subject to audit and reproduction during normal business hours. County audits and inspections pursuant to this article may be performed by any County representative (including any outside representative engaged by County). County may, without limitation, verify information, payroll distribution, and amounts through interviews, written affirmations, and on-site inspection with Contractor's employees, Subcontractors, vendors, or other labor.

County shall have the right to audit, review, examine, inspect, analyze, and make copies of all Contract Records at a location within Broward County. County reserves the right to conduct such audit or review at Contractor's place of business, if deemed appropriate by County, with seventy-two (72) hours' advance notice. Contractor agrees to provide adequate and appropriate workspace for such review. Contractor shall provide County with reasonable access to Contractor's facilities, and County shall be allowed to interview all current or former employees to discuss matters pertinent to the performance of this Contract. Contractor shall make all Contract Records available electronically in common file formats or via remote access if, and to the extent, requested by County.

17.2. Contract Records include any and all information, materials and data of every kind and character, including without limitation, records, books, papers, documents, subscriptions, recordings, agreements,

purchase orders, leases, contracts, commitments, arrangements, notes, daily diaries, drawings, receipts, vouchers and memoranda, and any and all other documents that pertain to rights, duties, obligations, or performance under this Contract. Contract Records include hard copy and electronic records, written policies and procedures, time sheets, payroll records and registers, cancelled payroll checks, estimating work sheets, correspondence, invoices and related payment documentation, general ledgers, insurance rebates and dividends, and any other records pertaining to rights, duties, obligations or performance under this Contract, whether by Contractor or Subcontractors, or otherwise necessary to adequately permit evaluation and verification of any or all of the following:

- c) Compliance with Contract provisions regarding the pricing of Change Orders
- d) Accuracy of Contractor representations regarding the pricing of invoices
- e) Accuracy of Contractor representations related to claims submitted by Contractor including Subcontractors, or any of its other payees.

17.3. Contractor shall, by written contract, require all Subcontractors to agree to the requirements and obligations of this article.

17.4. Any incomplete or incorrect entry in such books, records, and accounts shall be a basis for County's disallowance and recovery of any payment reliant upon such entry.

17.5. If an audit inspection or examination reveals overpricing or overcharges to County of any nature by Contractor or its Subcontractors in excess of five percent (5%) of the total contract billings reviewed by County, in addition to adjusting for the overcharges, Contractor shall pay the reasonable cost of County's audit. Any adjustments or payments due as a result of any such audit or inspection shall be made within thirty (30) days after presentation of County's findings to Contractor.

ARTICLE 18. RIGHTS OF VARIOUS INTERESTS

ARTICLE 19. EXPLOSIVES

NOT APPLICABLE

ARTICLE 20. DIFFERING SITE CONDITIONS

If during the course of the Work Contractor encounters (1) subsurface or concealed conditions at the Project site that differ materially from those shown in the Contract Documents and from those ordinarily encountered and generally recognized as inherent in work of the character called for in this Contract; or (2) unknown physical conditions of the Project site, of an unusual nature, which differ materially from that ordinarily encountered and generally recognized as inherent in work of the character called for in this Contract, then Contractor, without disturbing the conditions and before performing any Work affected by such conditions, shall, within twenty-four (24) hours of their discovery, notify Contract Administrator and Consultant in writing of the existence of the aforesaid conditions. Consultant and Contract Administrator shall, within two (2) business days after receipt of Contractor's written notice, investigate the site conditions identified by Contractor. If, in the sole opinion of Contract Administrator, the conditions do materially so differ and cause an increase or decrease in Contractor's cost of, or the time required for, the performance of any part of the Work, whether or not charged as a result of the conditions, Contract Administrator may recommend an equitable adjustment to the Contract Price, or the Contract Time, or both. If Contract Administrator and Contractor cannot agree on an adjustment in the Contract Price or Contract Time, the adjustment shall be referred to Consultant for determination in accordance with the provisions of Article 12. No request by Contractor for an equitable adjustment to this Contract under this provision shall be allowed unless Contractor has given written notice to Contract Administrator in strict accordance with the provisions of this article. **No request for an equitable adjustment or change to the Contract Price or Contract Time for differing site conditions shall be allowed if made after the date certified by Contract Administrator as the date of Substantial Completion.**

ARTICLE 21. PLANS AND WORKING DRAWINGS

NOT APPLICABLE

ARTICLE 22. CONTRACTOR TO CHECK PLANS, SPECIFICATIONS, AND DATA

NOT APPLICABLE

ARTICLE 23. CONTRACTOR'S RESPONSIBILITY FOR DAMAGES AND ACCIDENTS

23.1. Contractor shall accept full responsibility for the Work against all loss or damage caused by Contractor until final acceptance by County, and shall promptly repair any damage done from any cause whatsoever, except as provided in Article 30.

23.2. Contractor shall be responsible for all Materials, equipment and supplies pertaining to the Project. If any such Materials, equipment or supplies are lost, stolen, damaged, or destroyed prior to final acceptance by County, Contractor shall replace same without cost to County, except as provided in Article 30. Contractor is not responsible for damage to materials, equipment, or supplies to be installed unless and to the extent Contractor caused the damage. Should the Parties not agree on the apportionment of fault, the issue shall be addressed through Article 12 of the General Conditions.

ARTICLE 24. WARRANTY

Contractor warrants to County that all Materials and equipment furnished under this Contract will be new unless otherwise specified and that all of the Work will be of good quality, free from faults and defects, and in conformance with this Contract. All Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by Consultant, Contractor shall furnish satisfactory evidence as to the kind and quality of Materials and equipment. This warranty is not limited by the provisions of Article 26 herein.

ARTICLE 25. SUPPLEMENTARY DRAWINGS

25.1. When, in the opinion of Consultant, it becomes necessary to explain the Work to be done more fully, or to illustrate the Work further, or to show any changes that may be required, supplementary drawings, with specifications pertaining thereto, will be prepared by Consultant.

25.2. The supplementary drawings shall be binding upon Contractor with the same force as this Contract. Where such supplementary drawings require either less or more than the original quantities of Work, appropriate adjustments shall be made by Change Order.

ARTICLE 26. DEFECTIVE WORK

26.1. Consultant has the authority to reject or disapprove Work that Consultant finds to be defective. If required by Consultant, Contractor shall promptly either correct all defective Work or remove such defective Work and replace it with non-defective Work. Contractor shall bear all direct, indirect, and consequential costs of such removal or corrections including cost of testing laboratories and personnel.

26.2. Should Contractor fail or refuse to remove or correct any defective Work or to make any necessary repairs in accordance with the requirements of this Contract within the time indicated in writing by Consultant, County shall have the authority to cause the defective Work to be removed or corrected, or make such repairs as may be necessary, at Contractor's expense. Any expense incurred by County in making such removals, corrections, or repairs, shall, at County's election, be paid for out of any monies due or which may become due to Contractor or charged against the Performance Bond. In the event of failure of Contractor to make all necessary repairs promptly and fully, County may declare Contractor in default.

26.3. If, within one (1) year after Substantial Completion or such longer period of time as may be prescribed by the terms of any applicable special warranty required by this Contract, or by any specific provision of this Project #108256 | BCF #170 7/10/23

Contract, any of the Work is found to be defective or not in accordance with this Contract, Contractor, after receipt of written notice from County, shall promptly correct such defective or nonconforming Work within the time specified by County, without cost to County. Nothing contained herein shall be construed to establish a period of limitation with respect to any other obligation that Contractor might have under this Contract, including, but not limited to, Article 24 hereof and any claim regarding latent defects. The Parties agree Contractor is not warranting materials provided by RWS.

26.4. Failure to reject any defective Work or material shall not in any way prevent later rejection when such defect is discovered, nor shall such failure obligate County to final acceptance.

ARTICLE 27. TAXES

Contractor shall pay all applicable sales, consumer, use, and other taxes required by Applicable Law. Contractor is responsible for reviewing the pertinent state statutes involving state taxes and complying with all their requirements.

ARTICLE 28. SUBCONTRACTS

28.1. Each Subcontractor must possess certificates of competency and licenses required by Applicable Law. Contractor shall notify the Contract Administrator and Consultant of any change in Subcontractors.

28.2. Contractor shall not employ any Subcontractor against whom County or Consultant may have a reasonable objection. Contractor shall not be required to employ any Subcontractor against whom Contractor has a reasonable objection.

28.3. Contractor shall be fully responsible for all acts and omissions of its Subcontractors, persons directly or indirectly employed by its Subcontractors, and persons for whose acts any of its Subcontractors may be liable to the same extent that Contractor is responsible for the acts and omissions of persons directly employed by it. Nothing in this Contract shall create any contractual relationship between any Subcontractor and County or any obligation on the part of County to pay or to see the payment of any monies due any Subcontractor. County or Consultant may furnish to any Subcontractor evidence of amounts paid to Contractor on account of specific Work performed.

28.4. Contractor shall bind specifically every Subcontractor to the applicable terms and conditions of this Contract for the benefit of County.

ARTICLE 29. SEPARATE CONTRACTS

29.1. County has the right to enter into contracts with other parties in connection with this Project. Contractor shall afford such other parties reasonable opportunity for the introduction and storage of their materials and the execution of their work, and shall properly connect and coordinate this Work with theirs.

29.2. If any part of Contractor's Work depends for proper execution or results on the work of any third parties, Contractor shall inspect and promptly report to Consultant any defects in such work that render it unsuitable for such proper execution and results of Contractor's Work. Contractor's failure to so inspect and report shall constitute an acceptance of the third party's work as fit and proper for the performance of Contractor's Work, except as to defects which may develop in the third parties' work after the execution of Contractor's Work.

29.3. Contractor shall conduct its operations and take all reasonable steps to coordinate the prosecution of the Work so as to not interfere with or impact any other contractor on the site. Should such interference or impact occur, Contractor shall indemnify County from any liability to the affected contractor related to such interference or impact.

29.4. To ensure the proper execution of subsequent Work, Contractor shall inspect the Work already in place and shall immediately report to Consultant any discrepancy between the executed Work and the requirements of this Contract.

ARTICLE 30. USE OF COMPLETED PORTIONS

30.1. County has the right at its sole option to take possession of and use any completed or partially completed portions of the Project ("Designated Area"). Such possession and use shall not be deemed an acceptance of any of the Work not completed in accordance with this Contract. If such possession and use increase the cost of or delays the Work, Contractor shall be entitled to reasonable extra compensation or reasonable extension of time or both, as recommended by Consultant and approved by County.

30.2. If County decides to take possession of any completed or partially completed portions of the Project, the following shall occur:

30.2.1. County shall give notice to Contractor in writing at least thirty (30) days prior to County's intended occupancy of a Designated Area.

30.2.2. Contractor shall complete to the point of Substantial Completion the Designated Area and request inspection and issuance of a Certificate of Substantial Completion (007600-1) from Consultant.

30.2.3. Upon Consultant's issuance of a Certificate of Substantial Completion for the Designated Area, County will assume full responsibility for maintenance, utilities, subsequent damages of County and public, adjustment of insurance coverages, and start of warranty for the Designated Area.

30.2.4. Contractor shall complete all items noted on the Certificate of Substantial Completion within the time specified by Consultant on the Certificate of Substantial Completion, and request final inspection and final acceptance of the portion of the Work occupied. Upon completion of final inspection and receipt of an application for final payment, Consultant shall issue a Final Certificate of Payment relative to the Designated Area.

30.2.5. If County decides to occupy or use a portion or portions of the Work prior to Substantial Completion thereof, such occupancy or use shall not commence prior to a time mutually agreed upon by County and Contractor and to which the insurance company or companies providing the property insurance have consented by endorsement to the policy or policies. Insurance on the unoccupied or unused portion or portions shall not be canceled or lapsed on account of such partial occupancy or use. Consent of Contractor and of the insurance company or companies to such occupancy or use shall not be unreasonably withheld.

ARTICLE 31. LANDS OF WORK

31.1. County shall provide, as may be indicated in this Contract, the lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and such other lands as are designated by County for the use of Contractor. County will make reasonable efforts to provide a staging area in close proximity to

the areas where the EMAS must be installed. The staging area must be large enough for the trailer(s), new EMAS, and the removed EMAS. The staging area must be stable enough to support large trucks, staged trailer(s), and installation equipment. Contractor shall not be required to cross active runways to perform the work of this Contract.

ARTICLE 32. LEGAL RESTRICTIONS AND TRAFFIC PROVISIONS

Contractor shall conform to and obey all Applicable Law with regard to labor, hours of work, and Contractor's operations. Contractor shall conduct its operations so as not to close any thoroughfare, nor interfere in any way with traffic on railway, highways, or water, without the written consent of the proper authorities.

ARTICLE 33. LOCATION AND DAMAGE TO EXISTING FACILITIES, EQUIPMENT, OR UTILITIES

33.1. Utility lines in the Project area have been shown on the Plans. However, County does not represent or warrant that all lines are shown, or that the ones indicated are in their true location. Contractor must identify and locate all underground and overhead utility lines or equipment affecting or affected by the Project. Contractor will not be entitled to any additional payment due to discrepancies between actual location of utilities and Plan location of utilities.

33.2. Contractor shall notify each utility company with facilities in the Project site, at least thirty (30) days prior to the start of construction, to arrange for positive underground location, relocation, or support of its utility where that utility may be in conflict with or endangered by the Work. The cost of relocation of water mains or other utilities for the convenience of Contractor shall be paid by Contractor. All charges by utility companies for temporary support of its utilities shall be paid for by Contractor. All costs of permanent utility relocation to avoid conflict shall be the responsibility of the utility company involved. Contractor will not be entitled to any additional payment or extension of time for utility relocations, regardless of reason for relocation.

33.3. Contractor shall schedule the Work in such a manner that the Work is not delayed by the utility providers relocating or supporting their utilities. Contractor shall coordinate its activities with any and all public and private utility providers occupying the right-of-way. Contractor will not be entitled to any additional compensation or extension of time for any delay associated with utility relocation or support.

33.4. Within 20 days of Contractor's receipt of the Project Plans and Specifications, the location of proposed staging area, and the proposed ingress and egress routes, Contractor shall evaluate the sufficiency of the proposed ingress and egress routes and notify County of any issues or concerns with proceeding. Contractor shall thereafter take reasonable steps to protect all overhead, surface, or underground structures and utilities from damage or displacement in performing the Work. Contractor will promptly and completely repair all damage it causes to such structures within a reasonable time. All damaged utilities must be replaced or fully repaired to the satisfaction of the utility owner. All repairs are to be inspected by the utility owner prior to backfilling. County reserves the right to remedy such damage by making such repairs or causing such repairs to be made at the expense of Contractor. County's expense in causing such repairs shall be deducted from Contractor's next Application for Payment.

ARTICLE 34. VALUE ENGINEERING

Contractor may request substitution of Materials, articles, pieces of equipment, or any changes that reduce the Contract Price by making such request to Consultant in writing. Consultant will be the sole judge of the acceptability of any proposed substitute, and no substitute will be ordered, installed, used, or initiated without

Consultant's prior written acceptance by a Change Order or an approved shop drawing. In no event will any substitution accepted by Consultant result in an increase in the Contract Price or Contract Time. By making a request for substitution, Contractor agrees to pay directly to Consultant all Consultant's fees and charges related to Consultant's review of the request for substitution, regardless of whether the request for substitution is accepted by Consultant. Any substitution submitted by Contractor must meet the form, fit, function, and life cycle criteria of the item proposed to be replaced, and there must be a reduction in Contract Price including Consultant review fees and charges. Unless otherwise indicated in the relevant Change Order, if a substitution is approved, the net dollar savings shall be shared equally between Contractor and County and processed as a deductive Change Order. County may require Contractor to furnish, at Contractor's expense, a special performance guarantee or other surety with respect to any substitute approved after award of this Contract.

ARTICLE 35. PAYMENT BY COUNTY FOR TESTS

Except when otherwise specified in the Contract Documents, the expense of all tests shall be borne by County and be performed by a testing firm selected by County. For road construction projects, the procedure for making tests required by County will be in conformance with the most recent edition of the State of Florida, Department of Transportation Standard Specifications for Road and Bridge Construction.

ARTICLE 36. CHANGE IN THE WORK OR TERMS OF CONTRACT

36.1. Without invalidating this Contract and without notice to any surety, County has the right to make such increases, decreases, or other changes in the character or quantity of the Work as may be considered necessary or desirable by County to fully and acceptably complete the proposed Work in a satisfactory manner. Any extra or additional Work within the scope of this Project must be accomplished by means of appropriate Field Orders and Supplemental Instructions or Change Orders.

36.2. Any changes to the terms of this Contract must be contained in a written document, executed by the Parties hereto, with the same formality and of equal dignity as this Contract prior to the initiation of any Work described in such change. This section shall not prohibit the issuance of Change Orders executed only by County, as provided in this Contract.

ARTICLE 37. FIELD ORDERS AND SUPPLEMENTAL INSTRUCTIONS

37.1. The Contract Administrator, through Consultant, shall have the right to approve and issue Field Orders setting forth written interpretations of the intent of this Contract and ordering minor changes in the Work. Field Orders may not change the Contract Price or the Contract Time.

37.2. Consultant shall have the right to approve and issue Supplemental Instructions setting forth written orders, instructions, or interpretations concerning the Contract Documents or performance of the Work. Supplemental Instructions may not change the Contract Price or the Contract Time.

ARTICLE 38. CHANGE ORDERS

38.1. Changes in the quantity or character of the Work within the scope of the Project that cannot be accomplished by means of Field Orders or Supplemental Instructions, including all changes resulting in changes to the Contract Price or the Contract Time, shall be authorized only by Change Orders approved in advance and issued in accordance with the provisions of the Broward County Procurement Code, as amended from time to time.

38.2. Contractor shall not start work on any changes requiring an increase in the Contract Price or the Contract Time until a Change Order setting forth the adjustments is approved by County. Upon receipt of a Change Order, Contractor shall promptly proceed with the Work set forth in the Change Order.

38.3. If satisfactory adjustment cannot be reached for any item requiring a change in the Contract Price or Contract Time, and a Change Order has not been issued, County may, at its sole option, either terminate this Contract as it applies to the items in question and make such arrangements as County deems necessary to complete the work associated with the disputed item or submit the matter in dispute to Consultant as set forth in Article 12.

38.4. Under circumstances determined necessary by County, Change Orders may be issued unilaterally by County. During the pendency of the dispute, and upon receipt of a Change Order from County, Contractor shall promptly proceed with the change in the Work involved and advise Consultant and Contract Administrator in writing within seven (7) days after receipt of the Change Order of Contractor's agreement or disagreement with the method, if any, provided in the Change Order for determining the proposed adjustment in the Contract Price or Contract Time. Notwithstanding the above, Contractor cannot be compelled to perform Change Order work unrelated to specific scope of work identified in this Contract.

38.5. On approval of any Contract change increasing the Contract Price, Contractor shall promptly ensure that the performance bond and payment bond are increased so that each reflects the total Contract Price as increased. Contractor will promptly provide County such updated bonds.

ARTICLE 39. VALUE OF CHANGE ORDER WORK

39.1. The value of any Work covered by a Change Order or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:

39.1.1. If the Work involved is covered by unit prices contained in this Contract, by application of unit prices to the quantities of items involved, subject to the provisions of Section 39.7.

39.1.2. By mutual acceptance of a lump sum, which sum Contractor and County acknowledge contains a component for overhead and profit.

39.1.3. On the basis of the "Cost of Work," determined as provided in Sections 39.2 and 39.3, plus a Contractor's fee for overhead and profit as determined in Section 39.4.

39.2. The term "Cost of Work" means the sum of all direct costs necessarily incurred and paid by Contractor (or, if applicable, Subcontractor) in the proper performance of the Work described in the Change Order. Except as otherwise may be agreed to in writing by County, such costs shall be in amounts no higher than those prevailing in the locality of the Project; shall include only the following items; and shall not include any of the costs itemized in Section 39.3.

39.2.1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work described in the Change Order under schedules of job classifications agreed upon by County and Contractor. Payroll costs for employees not employed full time on the Work covered by the Change Order shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise and payroll taxes, workers' compensation, health and retirement

benefits, bonuses, sick leave, vacation and holiday pay application thereto. Such employees shall include superintendents and foremen at the site. The expenses of performing the Work after regular working hours, on Sunday or legal holidays, shall be included in the above to the extent authorized in advance by County.

39.2.2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and manufacturers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless County deposits funds with Contractor to make payments, in which case the cash discounts shall accrue to County. Rentals of all construction equipment and machinery, and the parts thereof, whether rented by Contractor, in accordance with rental agreements approved by County with the advice of Consultant, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof, all in accordance with the terms of said agreements. County will not be responsible for the cost of the rental of any such equipment, machinery, or parts when the use thereof is no longer necessary for the Work.

39.2.3. If required by County, Contractor shall obtain competitive bids from Subcontractors acceptable to Contractor, and shall deliver such bids to County who will then determine, with the advice of Consultant, which bids will be accepted. If the subcontract provides that the Subcontractor is to be paid on the basis of Cost of Work plus a fee, the Subcontractor's Cost of Work shall be determined in the same manner as Contractor's Cost of Work. All Subcontractors shall be subject to the other provisions of this Contract insofar as applicable.

39.2.4. Cost of special consultants, including, but not limited to, engineers, architects, testing laboratories, and surveyors employed for services specifically related to the performance of the work described in the Change Order.

39.2.5. Supplemental costs including the following:

39.2.5.1. 39.4.2.2. Contractor shall not be entitled to claim lost profits for any Work not performed.

39.6. Whenever the cost of any Work is to be determined pursuant to Sections 39.2 and 39.3, Contractor will submit in a form acceptable to Consultant an itemized cost breakdown together with the supporting data.

39.7. If the quantity of any item of the Work covered by a unit price is increased or decreased by more than twenty percent (20%) from the quantity of such Work indicated in this Contract, an appropriate Change Order shall be issued to adjust the unit price, if warranted.

39.8. Whenever a change in the Work is to be based on mutual acceptance of a lump sum, whether the amount is an addition, credit or no change-in-cost, Contractor shall submit an initial cost estimate acceptable to Consultant and Contract Administrator.

39.8.1. Such cost estimate shall include a breakdown listing the quantities and unit prices for materials, labor, equipment and other items of cost.

39.8.2. Whenever a change involves Contractor and one or more Subcontractors and the change is an increase in the Contract Price, overhead and profit percentage for Contractor and each Subcontractor shall be itemized separately.

39.9. Each Change Order must state within the body of the Change Order whether it is based upon unit price, negotiated lump sum, or "cost of the work."

ARTICLE 40. NOTIFICATION AND CLAIM FOR CHANGE OF CONTRACT TIME OR CONTRACT PRICE

40.1. Any claim for a change in the Contract Time or Contract Price shall be made by written notice by Contractor (notice by email will suffice) to the Contract Administrator, with copy to Consultant within five (5) days of the commencement of the event giving rise to the claim or Contractor's knowledge of the claim, and the notice shall state the general nature and cause of the claim. Thereafter, within twenty (20) days after the termination of the event giving rise to the claim or Contractor's knowledge of the claim, Contractor shall submit written notice of the extent of the claim with supporting information and documentation to the Contract Administrator and Consultant (hereinafter "Claim Notice"). The Claim Notice shall include Contractor's written notarized certification that the adjustment claimed is the entire adjustment to which Contractor has reason to believe it is entitled as a result of the occurrence the event giving rise to the claim. If the Contract Administrator and Contractor cannot resolve a claim for changes in the Contract Time or Contract Price within twenty (20) days after receipt of the Claim Notice by the Contract Administrator and Consultant, then Contractor shall submit the claim to Consultant within five (5) days after the date of impasse in accordance with Article 12 hereof. **IT IS EXPRESSLY AND SPECIFICALLY AGREED THAT ANY AND ALL CLAIMS FOR CHANGES TO THE CONTRACT TIME OR CONTRACT PRICE SHALL BE WAIVED IF NOT SUBMITTED IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS SECTION.**

40.2. The Contract Time will be extended in an amount equal to time lost on critical Work items due to delays beyond the control of and through no fault or negligence of Contractor if a claim for an extension in accordance with Section 40.1, Such delays shall include, but not be limited to, acts, omissions, or neglect by any separate contractor employed by County, fires, floods, labor disputes, epidemics, abnormal weather conditions, or acts of God.

40.3. Within twenty (20) days after receipt of the Project Plans and Specifications, Contractor shall comply with this Article 40 if Contractor contends it is due additional Contract Time or Contract Price.

ARTICLE 41. NO DAMAGES FOR DELAY

No claim for damages or any claim, other than for an extension of time, shall be made or asserted against County by reason of any delays except as provided herein. Contractor shall not be entitled to an increase in the Contract

Price or payment or compensation of any kind from County for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising from delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable. Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above; provided, however, that this provision shall not preclude recovery of damages by Contractor for actual delays due solely to fraud, bad faith, or active interference on the part of County or its Consultant.

ARTICLE 42. EXCUSABLE DELAY; COMPENSABLE; NON-COMPENSABLE

42.1. Excusable Delay. Delay that extends the completion of the Work and that is caused by circumstances beyond the control of Contractor or its Subcontractors, suppliers, or vendors are Excusable Delay. Subject to General Conditions Article 10, inclement weather may be considered an excusable delay. Contractor is entitled to a time extension of the Contract Time for each day the Work is delayed due to Excusable Delay. Contractor shall document its claim for any time extension as provided in Article 40 hereof. Failure of Contractor to comply with Article 40 hereof as to any particular event of delay shall be deemed conclusively to constitute a waiver, abandonment, or relinquishment of any and all claims resulting from that particular event of delay. Excusable Delay may be compensable or non-compensable, as provided below. Contractor shall submit all such requests pursuant to this Article to County, with a copy to Consultant, on a weekly basis, as and when applicable.

42.1.1. Compensable Excusable Delay. Excusable Delay is compensable when (a) the delay extends the Contract Time; (b) is caused by circumstances beyond the control of Contractor or its Subcontractors, suppliers, or vendor; and (c) is caused solely by fraud, bad faith or active interference on the part of County or its agents. In no event shall Contractor be compensated for interim delays that do not extend the Contract Time. Contractor shall be entitled to direct and indirect costs for Compensable Excusable Delay. Direct costs recoverable by Contractor shall be limited to the actual additional costs allowed pursuant to Article 39 hereof.

County and Contractor recognize and agree that the amount of Contractor's precise actual indirect costs for delay in the performance and completion of the Work is impossible to determine as of the date of execution of this Contract, and that proof of the precise amount will be difficult. Therefore, indirect costs recoverable by Contractor shall be liquidated on a daily basis for each day the Contract Time is delayed due to a Compensable Excusable Delay. These liquidated indirect costs shall be paid to compensate Contractor for all indirect costs caused by a Compensable Excusable Delay, and shall include, but not be limited to, lost profits, all profit on indirect costs, home office overhead, acceleration, loss of earnings, loss of productivity, loss of bonding capacity, loss of opportunity and all other indirect costs incurred by Contractor. The amount of liquidated indirect costs recoverable shall be \$881.13 per day for each day this Contract is delayed due to a Compensable Excusable Delay.

42.1.2. Non-Compensable Excusable Delay. When Excusable Delay is (a) caused by circumstances beyond the control of Contractor, its Subcontractors, suppliers, and vendors; (b) caused by circumstances beyond the control of County or Consultant; or (c) caused jointly or concurrently by Contractor or its Subcontractors, suppliers or vendors and by County or Consultant, then Contractor shall be entitled only to a time extension and no further compensation for the delay.

ARTICLE 43. SUBSTANTIAL COMPLETION

When Contractor determines in good faith that the Work, or a portion thereof designated by County pursuant to Article 30 hereof, has reached Substantial Completion, Contractor shall so notify the Contract Administrator and Consultant in writing. Consultant and the Contract Administrator shall then promptly coordinate with RWS to have RWS inspect the Work. When RWS, on the basis of such an inspection, determines that the Work or designated portion thereof is properly installed, absent a reasonable objection Consultant shall deem the Work substantially complete and prepare a Certificate of Substantial Completion (Form 10). The Contract Administrator shall affix its determination to the Certificate of Substantial Completion, which shall establish the Date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of County and Contractor for security, maintenance, heat, utilities, damage to the Work, and insurance.

The estimated cost of the Project is as follows (select one):

☒ **less than \$10,000,000.** Within thirty (30) calendar days after the issuance of the Certificate of Substantial Completion, Consultant and the Contract Administrator shall develop and Contractor shall review the Punch List.

☐ **equal to or greater than \$10,000,000.** Within forty-five (45) calendar days after the issuance of the Certificate of Substantial Completion, Consultant and the Contract Administrator shall develop and Contractor shall review the Punch List.

The Punch List shall describe all Work yet to be completed by Contractor, including the estimated cost to complete each item of Work on the Punch List, to satisfy the requirements of this Contract for Final Completion and to make the Work satisfactory and acceptable. The Punch List shall be provided to Contractor within five (5) days after final development and review. If the final Punch List is not provided within the stated five (5) days, the Contract Time for completion shall be extended by the number of days exceeding the five (5) days. The failure to include any items of corrective Work or remaining Work on such Punch List does not alter the responsibility of Contractor to complete all Work in accordance with this Contract. Warranties required by this Contract shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion. The Certificate of Substantial Completion shall be submitted to the Contract Administrator and Contractor for their written acceptance of the responsibilities assigned to them in the Certificate of Substantial Completion.

The process for developing the estimated cost of each item of Work on the Punch List shall use the following methodology or methodologies (select all that apply):

- ☒ Direct costs
- ☐ Prorated value of outstanding Work based on Contractor's original Schedule of Values
- ☐ Unit prices provided in the bid
- ☐ Labor costs per hour
- ☐ Per square foot of site area

- ☐ Per assembly |
- ☐ Historical and current prices for similar work
- ☐ Industry cost database(s)
- ☐ Other: _____.

44.2. If the preceding section is inapplicable or is determined to be invalid or unenforceable by a court of competent jurisdiction, the annual rate of interest payable by County under this Contract, whether as prejudgment interest or for any other purpose, shall be, to the full extent permissible under Applicable Law, one quarter of one percent (0.25%) simple interest (uncompounded).

ARTICLE 45. SHOP DRAWINGS

46.2. Contractor shall maintain in a safe place at the Project site one record copy of all Drawings, Plans, Specifications, Addenda, written amendments, Change Orders, Field Orders and written interpretations and clarifications in good order and annotated to show all changes made during construction. These record documents together with all approved samples and a counterpart of all approved shop drawings shall be available at all times to Consultant for reference. Upon Final Completion of the Project and prior to Final Payment, these record documents, samples, and shop drawings shall be delivered to the Contract Administrator.

ARTICLE 47. SAFETY AND PROTECTION

47.1. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Project. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

47.1.1. All employees on the work site and other persons who may be affected thereby; and

47.1.2. All the Work.

47.2. Contractor shall comply with all Applicable Law of any public body having jurisdiction for the safety of persons or property or to protect person or property from damage, injury, or loss, and Contractor shall erect

and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent property and utilities when performance of the Work may affect them. All damage, injury, or loss to any property referred to in subsections 47.1.2 and 47.1.3 above, caused directly or indirectly, in whole or in part, by Contractor, any Subcontractor or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, shall be repaired or remedied by Contractor. Contractor's duties and responsibilities for the safety and protection of the Work shall continue until such time as all the Work is completed and Consultant has issued a notice to County and Contractor that the Work is acceptable except as otherwise provided in Article 30.

47.3. Contractor shall designate a responsible member of its organization at the Project site whose duty shall be the prevention of accidents. This person shall be Contractor's superintendent unless otherwise designated in writing by Contractor to County.

Contractor shall at all times keep the premises free from accumulation of waste materials or rubbish caused by its operations. At the completion of the Project, Contractor shall remove all its waste materials and rubbish from and about the Project as well as its tools, construction equipment, machinery and surplus materials. If Contractor fails to clean up during the performance of the Work or at the completion of the Work, County may do so and the cost thereof shall be charged to Contractor. If a dispute arises between Contractor and separate contractors of County as to their responsibility for cleaning up, County may clean up and charge the cost thereof to the contractors responsible as Consultant shall determine to be appropriate and equitable.

ARTICLE 51. HURRICANE PRECAUTIONS

51.1. During such periods of time as are designated by the National Weather Services as being a hurricane watch or warning, Contractor, at no cost to County, shall take all precautions necessary to secure the Project site from any damage that may be caused by all threatened storm events, regardless of whether County or Consultant has given notice of same. Contractor will take reasonable steps to install any EMAS blocks that are stored outside of the trailers at the time of such watch or warning. To the extent EMAS blocks cannot be timely installed, Contractor shall secure the EMAS blocks and all loose material in the trailers. The County shall be solely responsible for storing, protecting, and maintaining any uninstalled EMAS blocks, supplies, or materials waiting to be installed.

51.2. Compliance with any specific hurricane watch or warning precautions will not constitute additional work.

51.3. Suspension of the Work caused by a threatened or actual storm event, regardless of whether County has directed such suspension, will entitle Contractor to additional Contract Time as non-compensable, excusable delay, and shall not give rise to a claim for compensable delay.

ARTICLE 52. REMOVAL OF EQUIPMENT

In case of termination of this Contract before completion for any cause whatsoever, Contractor, if notified to do so by County, shall promptly remove any part or all of Contractor's equipment and supplies from the property of County, failing which County shall have the right to remove such equipment and supplies at the expense of Contractor.

ARTICLE 53. DOMESTIC PARTNERSHIP REQUIREMENT

Unless this Contract is exempt from the provisions of the Broward County Domestic Partnership Act, Section 16½-157, of the Code ("Act"), or will be paid with State-appropriated funds, Contractor certifies and represents that it will at all times comply with the provisions of the Act, and the contract language referenced in the Act is deemed incorporated in this Contract as though fully set forth in this section. The failure of Contractor to comply shall be a material breach of this Contract, entitling County to pursue any and all remedies provided under Applicable Law including, but not limited to (1) retaining all monies due or to become due Contractor until Contractor complies; (2) termination of this Contract; and (3) suspension or debarment of Contractor.

ARTICLE 54. EQUAL EMPLOYMENT OPPORTUNITY

54.1. Contractor and Subcontractors shall not discriminate on the basis of race, color, sex, religion, national origin, disability, age, marital status, political affiliation, sexual orientation, pregnancy, or gender identity and expression in the performance of this Contract, except that any project assisted by the U.S. Department of Transportation funds shall comply with the nondiscrimination requirements in 49 C.F.R. Parts 23 and 26. Contractor shall include the foregoing or similar language in its contracts with any Subcontractors.

ARTICLE 55. PUBLIC RECORDS

Notwithstanding any other provision in this Contract, any action taken by County in compliance with, or in a good faith attempt to comply with, the requirements of Chapter 119, Florida Statutes, shall not constitute a breach of this Contract. If Contractor is acting on behalf of County as provided in Section 119.0701, Florida Statutes, Contractor shall:

55.1. Keep and maintain public records required by County to perform the services under this Contract;

55.2. Upon request from County, provide County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed that provided in Chapter 119, Florida Statutes, or as otherwise provided by Applicable Law;

55.3. Ensure that public records that are exempt or confidential and exempt from public record requirements are not disclosed except as authorized by Applicable Law for the duration of this Contract and after completion or termination of this Contract if the records are not transferred to County; and

55.4. Upon completion or termination of this Contract, transfer to County, at no cost, all public records in possession of Contractor or keep and maintain public records required by County to perform the services. If Contractor transfers the records to County, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt. If Contractor keeps and maintains public records, Contractor shall meet all requirements of Applicable Law for retaining public records. All records stored

electronically must be provided to County upon request in a format that is compatible with the information technology systems of County.

The failure of Contractor to comply with the provisions of this article shall constitute a material breach of this Contract entitling County to exercise any remedy provided in this Contract or under Applicable Law, all of such remedies being cumulative.

If Contractor receives a request for public records regarding this Contract or the Services, Contractor must immediately notify the Contract Administrator in writing and provide all requested records to County to enable County to timely respond to the public records request. County will respond to all such public records requests.

Contractor must separately submit and conspicuously label as "RESTRICTED MATERIAL – DO NOT PRODUCE" any material (a) that Contractor contends constitutes or contains its trade secrets under Chapter 688, Florida Statutes, or (b) for which Contractor asserts a right to withhold from public disclosure as confidential or otherwise exempt from production under Florida public records laws (including Chapter 119, Florida Statutes) (collectively, "Restricted Material"). In addition, Contractor must, simultaneous with the submission of any Restricted Material, provide a sworn declaration or affidavit in a form acceptable to County from a person with personal knowledge attesting that the Restricted Material constitutes trade secrets or is otherwise exempt or confidential under Florida public records laws, including citing the applicable Florida statute and specifying the factual basis for each such claim. Upon request by County, Contractor must promptly identify the specific applicable statutory section that protects any particular document. If a third party submits a request to County for records designated by Contractor as Restricted Material, County shall refrain from disclosing such material unless otherwise ordered by a court of competent jurisdiction, authorized in writing by Contractor, or the claimed exemption is waived. Any failure by Contractor to strictly comply with the requirements of this section shall constitute Contractor's waiver of County's obligation to treat the records as Restricted Material. Contractor must indemnify and hold harmless County and its employees and agents from any and all claims, causes of action, losses, fines, penalties, damages, judgments, and liabilities of any kind, including attorneys' fees, litigation expenses, and court costs, relating to nondisclosure of Restricted Material in response to a third-party request.

1. *Compliance with Regulations*: Contractor (hereinafter includes Subcontractors) will comply with the **Title VI List of Pertinent Nondiscrimination Acts and Authorities** (“Nondiscrimination Acts and Authorities”), as they may be amended from time to time, which are herein incorporated by reference and made a part of this Agreement, and which include, but are not limited to, the following:

- h. Titles II and III of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189), as implemented by U.S. Department of Transportation regulations at 49 C.F.R. k. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, providing that national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); and

l. Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. § 1681, et seq).

2. *Nondiscrimination:* Contractor, with regard to the work performed by it during the Agreement, will not discriminate on the grounds of race, color, or national origin in the selection and retention of Subcontractors, including procurements of materials and leases of equipment. Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices, when the Agreement covers any activity, project, or program set forth in Appendix B of 49 C.F.R. Part 21.

3. *Solicitations for Subcontracts, Including Procurements of Materials and Equipment:* In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by Contractor of Contractor's obligations under this Agreement and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. *Information and Reports:* Contractor will provide all information and reports required by the Nondiscrimination Acts and Authorities, and directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Contractor is in the exclusive possession of another who fails or refuses to furnish the information, Contractor will so certify to the sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. *Sanctions for Noncompliance:* In the event of Contractor's noncompliance with the nondiscrimination provisions of this Agreement, the sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

- a. Withholding payments under the Agreement until Contractor complies; and/or
- b. Cancelling, terminating, or suspending the Agreement, in whole or in part.

6. *Incorporation of Provisions:* Contractor will include the provisions of Sections A.1 through A.6 above in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Nondiscrimination Acts and Authorities, and directives issued pursuant thereto. Contractor will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if Contractor becomes involved in, or is threatened with litigation by a Subcontractor or supplier because of such direction, Contractor may request the sponsor to enter into

any litigation to protect the interests of the sponsor. In addition, Contractor may request the United States to enter into the litigation to protect the interests of the United States.

B. Nondiscrimination - 14 C.F.R. Part 152 Requirements. During the performance of this Agreement, Contractor, for itself, its assignees, and successors in interest, agrees as follows:

1. Contractor agrees to undertake an affirmative action program as required by 14 C.F.R. Part 152, Subpart E, to ensure that no person shall on the grounds of race, color, religion, gender, national origin, age, marital status, political affiliation, familial status, physical or mental disability, or sexual orientation be excluded from participation in any employment, contracting, or leasing activities covered in 14 C.F.R. Part 152, Subpart E. Contractor agrees that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. Contractor agrees that it will require its covered suborganizations to provide assurances to Contractor that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations as required by 14 C.F.R. Part 152, Subpart E, to the same effect.

2. Contractor agrees to comply with any affirmative action plan or steps for equal employment opportunity required by 14 C.F.R. Part 152, Subpart E, as part of the affirmative action program, and by any federal, state, county, or local agency or court, including those resulting from a conciliation agreement, a consent decree, court order, or similar mechanism. Contractor agrees that state or county affirmative action plans will be used in lieu of any affirmative action plan or steps required by 14 C.F.R. Part 152, Subpart E, only when they fully meet the standards set forth in 14 C.F.R. 152.409. Contractor agrees to obtain a similar assurance from its covered organizations, and to cause them to require a similar assurance of their covered suborganizations, as required by 14 C.F.R. Part 152, Subpart E.

3. If required by 14 C.F.R. Part 152, Contractor shall prepare and keep on file for review by the FAA Office of Civil Rights an affirmative action plan developed in accordance with the standards in Part 152. Contractor shall similarly require each of its covered suborganizations (if required under Part 152) to prepare and to keep on file for review by the FAA Office of Civil Rights, an affirmative action plan developed in accordance with the standards in Part 152.

4. If Contractor is not subject to an affirmative action plan, regulatory goals and timetables, or other mechanism providing for short- and long-range goals for equal employment opportunity under Part 152, then Contractor shall nevertheless make good faith efforts to recruit and hire minorities and women for its aviation workforce as vacancies occur, by taking any affirmative action steps required by Part 152. Contractor shall similarly require such affirmative action steps of any of its covered suborganizations, as required under Part 152.

5. Contractor shall keep on file, for the period set forth in Part 152, reports (other than those submitted to the FAA), records, and affirmative action plans, if applicable, that will enable the FAA Office of Civil Rights to ascertain if there has been and is compliance with this subpart, and Contractor shall require its covered suborganizations to keep similar records as applicable.

6. Contractor shall, if required by Part 152, annually submit to County the reports required by Section 152.415, and Contractor shall cause each of its covered suborganizations that are covered by Part 152 to annually submit the reports required by Section 152.415 to Contractor who shall, in turn, submit same to County for transmittal to the FAA.

Airport Security Requirements

Airport Security Program and Aviation Regulations. Contractor shall observe all security requirements and other requirements of the Federal Aviation Regulations applicable to Contractor, including, but not limited to, all regulations of the United States Department of Transportation, the Federal Aviation Administration, and the Transportation Security Administration. Contractor shall comply with County's Airport Security Program and the Air Operations Area ("AOA") Vehicle Access Program, and any amendments thereto, and with such other rules and regulations as may be reasonably prescribed by County, including any regulations pertaining to emergency response training, and shall take such steps as may be necessary or directed by County to ensure that Subcontractor, employees, invitees, and guests of Contractor observe these requirements. If required by the Aviation Department, Contractor shall conduct background checks of its employees in accordance with applicable federal regulations. If as a result of any act or omission of Contractor, its Subcontractors, employees, invitees, or guests, County incurs any fine and/or penalty imposed by any governmental agency, including, but not limited to, the United States Department of Transportation, the Federal Aviation Administration, or the Transportation Security Administration, or any expense in enforcing any federal regulations, including, but not limited to, airport security regulations and the rules and regulations of County, and/or any expense in enforcing County's Airport Security Program, then Contractor shall pay and/or reimburse to County all such fines, penalties, costs, and expenses, including all costs of administrative proceedings, court costs, and attorneys' fees and all costs incurred by County in enforcing this provision. Contractor shall rectify any security deficiency or other deficiency as may be determined as such by County or the United States Department of Transportation, Federal Aviation Administration, the Transportation Security Administration, or any other federal agency with jurisdiction. If Contractor fails to remedy any such deficiency, County may do so at the sole cost and expense of Contractor. County reserves the right to take whatever action is necessary to rectify any security deficiency or other deficiency.

(a) Access to Security Identification Display Areas and Identification Media. Contractor shall be responsible for requesting the Aviation Department to issue Airport Issued Identification Media to all employees including those who are authorized access to Security Identification Display Areas ("SIDA") on the Airport, as designated in the Airport Security Program. In addition, Contractor shall be responsible for the immediate reporting of all lost or stolen Airport Issued Identification Media, the immediate return of the media of Contractor's personnel transferred from the Airport or terminated from the employ of Contractor, and the immediate return of all media of all Contractor's personnel upon expiration or termination of this Agreement. Before an Airport Issued Identification Media is issued to an employee, Contractor must comply with the requirements of applicable federal regulations with regard to fingerprinting for criminal history record checks and security threat assessments, and must require that each employee complete security training programs conducted by the Aviation Department. Contractor shall pay or cause to be paid to the Aviation Department such charges as may be established from time to time for lost or stolen Airport Issued Identification Media and those not returned to the Aviation Department in accordance with these provisions. The Aviation Department has the right to require Contractor to conduct background investigations and to furnish certain data on such employees before the issuance of Airport Issued Identification Media, which data may include the fingerprinting of employee applicants for such media.

(b) Operation of Vehicles on the AOA. Before Contractor shall permit any employee of Contractor or of any Subcontractor to operate a motor vehicle of any kind or type on the AOA (and unless escorted by an Aviation Department approved escort), Contractor shall ensure that all such vehicle operators possess current, valid, and appropriate Florida driver's licenses. In addition, any motor vehicles and equipment of Contractor or of any Subcontractor operating on the AOA must have an appropriate vehicle identification permit issued by the

Aviation Department, which identification must be displayed as required by the Aviation Department.

(c) Consent to Search/Inspection. Contractor's vehicles, cargo, goods, and other personal property are subject to being inspected and searched when attempting to enter or leave and while on the AOA. Contractor and its Subcontractor shall not authorize any employee or other person to enter the AOA unless and until such employee or other person has executed a written consent-to-search/inspection form acceptable to the Aviation Department. The foregoing requirements are for the protection of users of the Airport and are intended to reduce incidents of cargo tampering, aircraft sabotage, thefts and other unlawful activities at the Airport. For this reason, persons not executing such consent-to-search/inspection form shall not be employed by Contractor or by any Subcontractor at the Airport in any position requiring access to the AOA or allowed entry to the AOA by Contractor or by any Subcontractor.

(d) Nondisclosure Agreement. If any of Contractor's employees, or the employees of any of its Subcontractors, are required in the course of the work to be performed under this Agreement to access or otherwise be in contact with Sensitive Security Information ("SSI") as defined and construed under federal law, that individual will be required to execute a Sensitive Security Information Nondisclosure Agreement provided by the Aviation Department.

The provisions of this exhibit shall survive the expiration or any other termination of this Agreement.

Federally Funded Contract Requirements
REQUIRED TERMS AND CONDITIONS FOR CONTRACTS ELIGIBLE FOR FUNDING FROM THE FEDERAL
EMERGENCY MANAGEMENT AGENCY (FEMA)

Broward County, as a non-federal entity, is required to include the following terms and conditions into contracts that may be subject to reimbursement from the Federal Emergency Management Agency ("FEMA").

Contractor agrees to be bound by all applicable federal law, including without limitation, 2 C.F.R. Part 200, including 2 C.F.R. § 200.327 and Appendix II. In addition, Contractor agrees that, during the performance of this Agreement, the Contractor, its assignees, and successors in interest (collectively referred to interchangeably as either "Contractor" or "contractor") shall comply with the following:

EQUAL EMPLOYMENT OPPORTUNITY

Contractor agrees to comply with the terms and conditions of this Section A for the duration of the resulting contract.

During the performance of this Agreement, Contractor agrees as follows:

(1) Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to

individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with Contractor's legal duty to furnish information.

(4) Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of Contractor's noncompliance with the nondiscrimination clauses of this Agreement or with any of the said rules, regulations, or orders, this Agreement may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Contractor further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work.

Contractor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

Contractor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, Contractor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this Agreement; refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
