

October 31, 2025

Ms. Maribel Feliciano
Director
Broward County Office of Economic and Small Business Development
115 South Andrews Avenue, Room A-680
Fort Lauderdale, FL 33301

Dear Maribel,

Please find below the Alliance's FY 2025 fourth quarter/year-end report to Broward County. The Alliance is pleased to report that Broward County's economy continues to be strong. However, we are seeing upticks in unemployment with Broward's current unemployment rate rising from 3.7% last quarter to 4.1%. While some occupations are seeing downturns, our target industries are holding steady overall. The Alliance and the County's goal of diversifying our economy is a factor in this success and is a testament to the strong collaborations between Broward County, the Alliance, and other partners leading to success in Broward and jobs for its residents. Some of the highlights of the fourth quarter include the following:

1. We were pleased to finalize the following company projects and continue to work with 22 companies that are in the project pipeline:

Project Clearview (formal announcement to be forthcoming from the company), a manufacturer of windows and doors, will be creating 175 jobs and making a \$30 million capital investment in 235,000 square feet of manufacturing space in Pembroke Pines.

Ryzhka International, a provider of high-end materials to a DOD client base, will be creating 5 jobs and retaining 7 jobs in Lauderhill.

Project Automation (formal announcement to be forthcoming from the company), a company which designs and builds custom automation systems for manufacturing, will be creating 3 jobs and occupying 10,000 square feet of manufacturing space in Fort Lauderdale.

NakAI Robotics, a manufacturer of autonomous robots for commercial ship hull inspections and cleaning, will be creating 5 jobs and making a \$300,000 capital investment in Fort Lauderdale.

2. As always, a primary focus of the Alliance is assisting local companies through our BRAVO (Business Retention and Visitation Outreach) program. Seventy two Broward County companies were visited by the Alliance during FY25, as we assisted in areas such as access to capital, workforce training opportunities, permitting and site location.
3. Throughout the year, the Alliance continued to implement its FY25 economic development marketing campaign which targeted C-Level executives and company location decision makers through print and digital, in publications and platforms such as *Business Facilities*, *Chief Executive*, *the Wall Street Journal*, *YouTube*, *LinkedIn*, *Facebook*, and *Instagram*.

On April 22nd the Alliance CEO Council launched the new "Work Hard, Live Better" campaign featuring Florida Panthers star forward, Matthew Tkachuk. The campaign was produced in partnership with the two-time NHL Stanley Cup-winning Florida Panthers and highlighted the top advantages of living and working in Greater Fort Lauderdale. Its aim was to attract prospective talent and companies to the area.

ALLIANCE: PARTNERSHIP FOR ECONOMIC GROWTH

At the end of the fiscal year, the campaign had garnered more than 3 million views on YouTube alone, and was shown at Fort Lauderdale-Hollywood International Airport (FLL), Sheltair, FXE, and National Jets terminals, in addition to the exterior of cruise terminals at Port Everglades and onsite at the Greater Fort Lauderdale/Broward County Convention Center.

For FY25, the Alliance's company and talent attraction campaigns generated more than 21,000,000 impressions and there were more than 130,000 clicks to the Alliance website.

4. The Alliance's Port Everglades Action Team, a partnership with Broward County and numerous community organizations, continued its work to support Port Everglades expansion projects.
5. In effort to continue to grow its social media presence and following, the Alliance outlines goals for number of followers on four social media platforms: Twitter (now X) (6,000), Facebook (6,000), and increase followers on Instagram and LinkedIn. Total followers between the four platforms was 20,051, up from 10,686 at the beginning of the initial reporting period in 2022.
6. The Alliance, together with Marine Industries Association of South Florida and other partners finalized plans for the 2025 Fort Lauderdale International Boat Show. The Alliance serves as a lead partner for the annual Global Business Luncheon held during the boat show, as well as co-hosts the 2025 Ocean Exchange finalists at an event where finalists are educated about our region and invited to consider locating or expanding in Broward County. The Alliance also finalized plans to participate in the Marine Research Hub breakfast featuring speakers who competed at the annual Ocean Exchange event.
7. Eight community meetings were held during September as the Six Pillars Broward 2045 Strategic Visioning Process was launched. Additional meetings will be held in the next four months. Six Pillars Broward 2045 is a bold, community-driven initiative aimed at creating a shared vision and action plan that will guide Broward County's economic and community success through the year 2045. More information is available at www.sixpillarsbroward.org.

Throughout FY 2025, the Alliance continued its work to strengthen and diversify our economy as well as help businesses navigate through difficult economic challenges. Our goal remains to create jobs for the residents of Broward County and build the county's tax base, working with Broward County and other partners.

With warm personal regards, I remain

Sincerely,

A handwritten signature in black ink that reads "Bob Swindell". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Bob Swindell
President and CEO

FY 2025 Market Measures

Administrative Objectives

- A.** Finalize, research, and embark on the Alliance biennial Leadership Trip to Boston, MA, a competitive region for our business leaders with which to review best practices and enhance Broward's business climate. In 2016, 2018, 2020 and 2023 business and elected leaders traveled to Austin, Nashville, Charlotte and San Diego, respectively.

The trip took place April 6-10, 2025 with 110 attendees. The ten teams met for many months in preparation for the trip and scheduled all their meetings within their perspective focus in advance in order to meet with the top leaders in Boston. Overall, our group organized and attended a total of 65 meetings, presentations and tours. Attendees included executives from all major County divisions as well as industry experts from around Broward County.

Once we returned, we met for a debrief in May and prepared a preliminary report we presented at the Six Pillars Broward 2024 meeting on June 18, 7:30 a.m. at the Pompano Beach Cultural Center. Teams focused on what we (Broward) does well, what Boston does well, short term and long-term goals. Examples include:

- **Arts / Culture**
Short Term Goals:
 - Coordinate and unite arts funders for our county & then eventually for region or state, forming an advocacy infrastructure & strategy
 - Recognize the value of arts & culture to economic development by incorporating it more prominently into Alliance priorities, materials, etc.
 - Develop metrics on the value of art & culture
- **Business & Technology**
What Broward Does Well:
 - Broward does economic development better, working with leaders of major institutions across the County and State
 - Broward has a better tax climate for both personal and business
- **Commercial Real Estate**
Short Term Goals:
 - Stay in touch with the developers and urban planners
 - Identify parcels in the County that could potentially be master planned
 - Encourage existing developers & owners to look for a way to further activate their spaces

- **Education, Talent & Workforce**

Short Term Goals:

- Refine GetMyIntern.org: Use employer feedback to improve skill matching & job readiness including updating internship placement process, incorporating certifications, soft skills, and applied learning experiences
- Improve event timing: Align school career events with recruitment windows to help businesses connect with students
- Expand WIN's role: Grow FAU's Workforce Innovations Network to support more sectors & credential-to-career pathways

- **Healthcare / Life Sciences**

What Broward Does Well:

- Urgent care centers - Broward is home to many standalone emergency rooms & urgent care centers, compared to Boston's centralized hospital-based model
- Florida's regulatory environment allows healthcare providers & biotech companies to expand facilities more efficiently
- The cost-of-living index for Boston is roughly 36% higher than Fort Lauderdale

- **Housing Affordability & Homelessness**

Short Term Goals:

- Initiate cross-municipal repurposing of commercial parcels
- Advocate for resilient & transit-aligned housing
- Continue to build political will for affordable housing prioritization

- **Resilience**

Long Term Goals:

- This is the 2nd leadership visit where we have been exposed to a successful, well organized climate tech hub
- Explore the financial partnership needed to attract the right kind of capital
- Foster community-centric waterfront-based planning activities

- **Small Business**

What Broward Does Well:

- Stronger regional collaboration
- Strong local procurement & construction policies
- Community engagement teams & paid mentors help support Broward's small businesses

- **Sports / Entertainment / Recreation**

What Broward Does Well:

- Better utilization of climate & outdoor spaces
- Emphasis on community improvement & geographic/cultural/industry participation
- Economic & tax advantages increase investment & participation

- **Transportation & Infrastructure**

What Broward Does Well:

- Port operations. Whether it is cruise (3rd in the world) or cargo, Port E. outperforms Boston due to our geography & multiple lines of business
- FLL has a greater economic impact (\$37B vs \$20B) due to year-round domestic and international tourism
- Traffic congestion is far less, and commute times are shorter

Leadership:

- Trip Chairs: **Doug Cohen**, president of client development at Kelley Kronenberg
Maria Hernandez, chief program officer at the United Way of Broward County
- Arts / Culture Chairs: **Phillip Dunlap**, Broward Cultural Division
Jennifer O’Flannery Anderson, Community Foundation of Broward
- Business & Technology Chairs: **Sam Blatt**, Amazon
David Coddington, Alliance
- Commercial Real Estate Chairs: **Jenni Morejon**, DDA
Laurel Oswald, TCRE
Olga Torres, Alliance
- Education, Talent & Workforce Chairs: **Randee Deich**, Alliance
Dr. Colin Polsky, FAU
- Healthcare / Life Sciences Chairs: **Ashley Boxer**, The Beck Group
Todd Holt, Alliance
- Housing Affordability & Homelessness Chairs: **Sandra Veszi Einhorn**, Coordinating Council
Barry Somerstein, Greenspoon Marder
- Resilience Chairs: **Ron Drew**, Alliance
Dr. Jennifer Jurado, Broward County
- Small Business Chairs: **Sandy Michael McDonald**, OESBD
Luciano Todeschini, Alliance
- Sports / Entertainment / Recreation Chairs: **Marzi Daoust**, Bay PR
Bryce Hollweg, Florida Panthers
Derek Koger, Seminole Tribe of Florida
- Transportation & Infrastructure Chairs: **Carol Henderson**, Broward MPO
Rufus James, FXE

Highlights of the trip: Kickoff speaker **Tiffany Chan**, CBS Boston got us started as we began our familiarization tour of the City, ending with a working lunch at Fenway Park with speakers **Sam Kennedy**, President / CEO, Boston Red Sox, **Glen Thornborough**, President, TD Garden, COO, Boston Bruins and **Jack Fleming**, President / CEO, Boston Athletic Association / Boston Marathon. That evening we hosted Meet Boston CEO **Martha Sheridan** at the JFK Presidential Library in a discussion moderated by Alliance CEO, **Bob Swindell**. **Boston Mayor Michelle Wu** spoke to the group at the Copley Square Boston Public Library dinner on Tuesday followed by a panel of three generations of successful entrepreneurs / VCs: **Richard D’Amore**, co-founder / general partner, North Bridge Venture, **Jamie Goldstein**, founding / managing partner, Pillar VC and **Chris Wolfel**, founder, Mavrck, Helpful and board member of Startup Maine. Our final full group program of the trip was held at the Institute of Contemporary Arts in the Seaport District with a welcome by **Bianca Beltrán**, bilingual reporter for NBC10 Boston, NECN and Telemundo Boston. The keynote panel centered on urban planning and the development of arts & culture and was moderated by **Phillip Dunlap**, Broward Cultural Division . Panelists included **Michael**

Rosenberg of the Somerville Arts Council; **Annis Sengupta** of the Metropolitan Area Planning Council; and **Joseph Henry**, Director of Cultural Planning for the City of Boston.

- B.** Continue to promote and support the Port Everglades Master Plan through the Port Everglades Action Team with the emphasis on safety, while at the same time, replacing and growing corals in the harbor entrance channel in what will be the largest coral restoration project in the history of the United States. PEAT has successfully partnered with Port administration and Broward County to advocate for Federal and State funds for capital projects such as the ICTF, Turning Notch and the Widening & Deepening of the Port channel.

On March 28, **the Port Everglades Action Team (PEAT)** met at the Broward County Convention Center for an update from the Port executive team including **Port Director Joe Morris, Deputy Port Director Glenn Wiltshire, Assistant Director David Anderton and Broward County Director of the Office of Intergovernmental Affairs, Marty Cassini.**

A meeting is scheduled for early December 2025 with Port executives and the leadership group of PEAT to learn the latest results of an early December trip to DC taken by the Port Director. A full group meeting will then be scheduled for Q2/26.

Members of PEAT will travel to DC for the Fort Lauderdale Chamber's Fly-In. originally scheduled for October, 2025 but now scheduled for early 2026. We will meet with key policy makers - staff and elected officials - to continue to show support for the Widening and Deepening project.

- C.** Continue to implement the focus areas of the Six Pillars Partnership: Community Branding, Economic Mobility, Homelessness, Housing Affordability, Resilience, and Transportation. Convene community leaders and residents to develop an updated 20-year Six Pillars Partnership visioning plan beginning in 2025.

Examples of Project Updates include:

The Prosperity Broward Lauderdale Lakes Pilot Project Report to the Community continues to be rolled out and implemented. The report includes 51 recommendations in 6 focus areas: Improving Residents' and Providers' System Experiences, Leveling the Benefits Cliff, Creating Career Pathways to a Living Wage, Rethinking HR to Achieve Optimal Hiring Results, Spotlighting Community Certified Providers, and Reaching Prosperity by Ensuring Fundamental Needs Are Met.

During the fourth quarter, community and private sector partners continued to invest resources and opportunities that have led to the dismantling of barriers to economic mobility in our Prosperity Zip Codes.

Homelessness – The Alliance, working in partnership with Broward County, United Way and others continues the work of **the Broward Business Council on Homelessness**. Some of the goals are to educate the business community on the status and issues of homelessness, identify resources to help prevent and address homelessness, be a strategic partner to help amplify the community's strategic effort to reduce homelessness, and foster collaboration between businesses, non-profit organizations, and government agencies.

Resilience – Under the Resilience focus area, the Partnership is helping to inform the business community and local residents about the Broward County Climate Change Action Plan (CCAP) and the Southeast Florida Regional Climate Change Action Plan. The Broward CCAP was published in 2020 and consists of nearly 100 strategic actions for addressing the economic, environmental, and social impacts of climate change. The Southeast Florida Regional CCAP 3.0 was released in December 2022. This plan provides a voluntary framework designed to align, guide, and support the acceleration of local and regional climate action in Southeast Florida to realize a healthy, prosperous, more equitable and resilient, low-carbon region.

Plans are underway to conduct a Resilience Summit in early 2026 to continue to educate the business community on issues around improving resilience infrastructure in Broward County. The first Summit was held in February , 2025.

Information about other Pillars and projects can be found at www.SixPillarsPartnership.org.

Estimated Key Broward County Economic Indicators

Following are key Broward County economic statistics
that are indicators of Broward's overall economic health and trends
(2025 numbers are as of August/September 2025)

Years	Number Employed	Number in Labor Force	Number Unemployed	Unemployment Rate
2014	1,017,456	1,065,335	47,879	4.5%
2015	956,378	999,633	43,255	4.3%
2016	980,719	1,025,431	44,712	4.4%
2017	991,883	1,026,696	34,813	3.4%
2018	1,011,564	1,041,177	29,613	2.8%
2019	1,023,100	1,049,805	26,705	2.5%
2020	941,123	1,007,605	66,482	6.6%
2021	1,017,099	1,055,251	38,152	3.6%
2022	1,043,555	1,066,747	23,192	2.2%
2023	1,078,157	1,109,563	31,406	2.8%
2024	1,053,875	1,085,153	31,278	2.9%
2025	1,048,890	1,093,872	44,982	4.1%
