NARRATIVE FOR PLAT NOTE AMENDMENT

OUR LADY OF MERCY PARISH CENTER PLAT - PB 118 PG 38

LEARNING PLACE IV PRE-SCHOOL PROJECT

DEERFIELD BEACH

November 2024

OVERVIEW

Exhibits #1, #2 and #3 show the general location of the Learning Place IV site on Military Trail in the City of Deerfield Beach. The site is a vacant tract that is part of a larger parcel that also contains an existing Church - Our Lady of Mercy Church.

In 2023, the Church entered into an agreement to sell the vacant parcel to Scott and Caterina Freeland for the purpose of constructing a pre-school facility. The plans for the new pre-school were recently approved by the City and a copy of the approved site plan is enclosed. The new tract that has been created for the pre-school and which is now owned by the applicant is shown on the enclosed sketch and legal.

DISCRIPTION OF PROPOSED USE

The approved plan for the project calls out for the construction of a 13,000 sf one story building on the site that will become a pre-school facility. The school will serve children from ages 1 to 4. As can be seen on the site plan, the project fits well on the property with plenty of area for outdoor play, parking and open space. The facility will operate Monday – Friday and is a much needed use for the area.

NEED FOR NOTE CHANGE

A copy of the current plat for the property is herein provided. The plat is titled Our Lady of Mercy Parish Center. It was recorded in 1982 and contains a note restricting development on the site to 11,320 sf of Church building use.

The approved site plan calls for the construction of 13,000 sf of pre-school. The new parcel that has been created to contain the pre-school is within the Our Lady of Mercy Parish Center plat.

Since the note on that plat limits development to Church use, it will be necessary to formally change the plat note in the County records to recognize the new pre-school parcel. This application is intended to initiate that process.

PROPOSED AMENDMENT

As the note change review process unfolded at the City, the applicant and the City staff coordinated with the County staff to ensure that the language on the plat note approved by the City would be acceptable to the County. The following language for the change has been discussed and agreed to :

Existing Note

11,320 square feet of Church use

Proposed Note

11,320 square feet of Church use and 13,000 square feet of child daycare use

CITY APPROVAL

A copy of City resolution 2024/090 which approved the plat note amendment is included in this transmittal.

PLAN DETAILS

Access

Access to the project will be provided by an existing driveway connection on Military Trail. This entry drive is currently serving the Church property and will be shared through an easement agreement with the new pre-school use. The entrance has one ingress lane in and two egress lanes – one for northbound turns and one for southbound turns. There are large southbound and northbound turn lanes already in place on Military Trail that currently serve the site. See location exhibits.

In terms of the overall flow of traffic, the two uses will be very compatible in that the pre-school will be more active during the day and on weekdays while the Church is more active in the evening and on weekends.

Stacking and Internal Circulation

Because of the location of the access point, the child drop off point and the internal design of the project, the plan creates a long distance for internal stacking – 435ft. or roughly 20 cars. With that noted it should be pointed out that the stacking needs for pre-school facilities are much different than for K-12 facilities. For these higher level schools there is typically a fixed starting time for school to begin – say 7:30 – and all students need to be in place by that time. Thus, all parents come to drop their kids off at basically the same time creating longer stacking lines. The same is true for afternoon pick up which is usually set for the same time each day.

For pre-school the situation is different. There is no fixed time for drop off so parents can come at any time that it is convenient to drop off their children. Because the children are quite young, parents do not just drop them off and let them walk to the school entrance. Rather, they park and escort the their children into the school. As a result they do not stack in line waiting to get to the point where their children can just jump out. This all goes on throughout the day and does not result in long stacking lines..

Traffic Impact

As part of the City of Deerfield Beach's site plan review process, their staff asked that the applicant have a traffic consultant prepare a trip generation analysis documenting the number of daily and peak hour trips anticipated to be generated by the proposed pre-school use on the subject property. Based upon their review of the requested trip generation analysis, the City staff determined that the number of vehicle trips to be generated by the proposed project do not warrant the preparation of a full area-wide traffic impact analysis.

Since Military Trail is not a state-maintained roadway in this area of the Broward County coordination with and approval from FDOT is not required.

Mass Transit Connection

There is an existing bus stop in place on Military Trail along the frontage of the property that services the area. Internal sidewalk connections have been extended to this bus stop to provide a connection to the pre-school. See site plan and location Exhibits.

COUNTY APPROVAL

The next step in the overall process is to obtain approval from the County for the proposed change. This application is intended to initiate that process.

2. COUNTY and DEVELOPER hereby agree that the notation shown on the face of the Our Lady of Mercy Parish Center Plat is hereby amended as follows:

PLEASE CHECK THE APPROPRIATE BOX

☐ Amend the uses on the property

Clarifying and limiting the use of the Our Lady of Mercy Parish Center Plat property from:

11,320 sq ft of
church use
;

to:

This plat is restricted to 27,820 sq ft of church use. Day care, pre-school use are not permitted without the approval of the Broward County Commission, who shall review and address these use for increased impacts.

If a building permit for a principal building (excluding dry models, sales and construction offices) and first inspection approval are not issued by Jan 9, 2004, which date is five (5) years from the date of approval of this note amendment by Broward County, then the County's finding of adequacy shall expire and no additional building permits shall be issued for the amended uses until such time as Broward County makes a subsequent finding that the application satisfies the adequacy requirements set forth within the Broward County Land Development Code. The owner of the property shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame; and/or

If construction of project water lines, sewer lines, drainage, and the rock base for internal roads are not installed by

Jan 9 - 2006 which date is five (5) years from the date of approval of the application by Broward County, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County shall make a subsequent finding that the application satisfies the adequacy requirements set forth within this Article. This requirement may be satisfied for a phase of the project, provided a phasing plan has been approved by Broward County. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame.

[] De minimus Exception

The de minimus exception note is amended to read as follows:

This plat was approved for development under the de minimus exception of Chapter 5, Article IX, of the Broward County Code of Ordinances. Such approval required that a building permit for a principal building be issued on or before the ____ day of _____, _____ (date), which date was three (3) years from the date of approval of the plat by the Broward County Board of County Commissioners. Since no building permit was issued or will be issued by the above date, the County's finding of adequacy of the regional road network expired or will expire. On the ____ day of _____, _____ (date), the Board of County Commissioners made a subsequent finding of adequacy of the regional road network. In the event no building permit is issued by the ____ day of _____, _____ (date), which date (3) years from the date of County's subsequent finding of adequacy of the regional road network, the County's finding of adequacy of the regional road network shall expire and no building permit shall be issued.

[] Other change to the notation on the face of the plat

3. This Agreement shall be recorded in the Public Records of Broward County, Florida, to evidence the agreements and representations of the parties as set forth herein.

4. VENUE; CHOICE OF LAW. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State Courts of the Seventeenth Judicial Circuit of Broward County, Florida, the venue sitis, and shall be governed by the laws of the State of Florida.

5. All other notations on the face of the above referenced plat not amended by this Agreement shall remain in full force and effect.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the COUNTY and DEVELOPER have made and executed this Agreement on the respective dates under each signature: BROWARD COUNTY through its Board of County Commissioners, acting by and through its Chair or Vice Chair, authorized to execute same; and _____, acting by and through its _____, duly authorized to execute same.
