DEED OF CONSERVATION EASEMENT

THIS DEED OF CONSERVATION EASEMENT ("Conservation Easement") is given this 26 day of September, 1996, by THE CITY OF COCONUT CREEK, a Florida municipal corporation ("Grantor") whose address is 4800 West Copans Road, Coconut Creek, FL 33063 to the South Florida Water Managment District whose address is 3301 Gun Club Road, West Palm Beach, FL 33416-4680 and Broward County, a political subdivision of the State of Florida, its successors and assigns, whose post office is 115 South Andrews Avenue, Suite 423, Fort Lauderdale, Florida 33301 (collectively reffered to as "Grantee"). As used herein, the term "Grantor" shall include any heir, personal representative, successor, successor-in-interest or assignee of the Grantor, and the term "Grantee" shall include any heir, personal representative, successor, successor-in-interest or assignee of Grantee.

WITNESSETH

WHEREAS, the Grantor is the owner of certain lands situated in Broward County, Florida, and more specifically described in Exhibit A attached hereto and made a part hereof ("Property"); and

WHEREAS, Smigiel Partners, II, Ltd. ("Developer") desires to construct Wiles/Butler ("Project") at a site in Broward County, which Project will impact wetlands under the regulatory jurisdiction of the South Florida Water Management District

Approved BCC 2-11-97 #28

19

Submitted By Biological Resources

→ RETURN TO DOCUMENT CONTROL

("District") and the Broward County Department of Natural Resource Protection ("DNRP"); and

WHEREAS, DNRP License No. DF96-1011 ("DNRP License") and District Surface Water Management Permit No. 06-00732-S-04 ("District Permit") authorize such impacts to wetlands on the Project site; and

WHEREAS, the DNRP ordinance and District Permit require that all mitigated areas shall be protected in perpetuity by a conservation easement in conformity with the requirements of Section 704.06, Florida Statutes (1995); and

WHEREAS, the Developer and Grantor have developed and proposed as part of the DNRP License and District Permit conditions a conservation tract involving enhancement and preservation of the wetland systems on the Property; and

WHEREAS, the Grantor is agreeable to granting and securing to the Grantee a perpetual Conservation Easement as defined in Section 704.06, Florida Statutes (1995), over the Property.

NOW, THEREFORE, in consideration of the DNRP License and the issuance of the District Permit to the Developer to construct and operate the Project, together with other good and valuable consideration, the adequacy and receipt of which is hereby acknowledged, Grantor hereby grants, creates and establishes a perpetual Conservation Easement for the Grantee upon the Property which shall run with the land and be binding upon the Grantor, its heirs, successors and assigns ("hereinafter Grantor"), and shall remain in full force and effect forever.

The scope, nature and character of this Conservation Easement shall be as follows:

1. It is the purpose of the Conservation Easement to retain land or water areas in their natural, scenic, open, agricultural or wooded condition and to retain such areas as suitable habitat for fish, plants or wildlife. It is the purpose and intent of this Conservation Easement to assure that the subject lands (with the exception of included wetlands which are to be enhanced or created as specified in the aforementioned license) will be retained and maintained forever predominantly in the natural vegetative and

hydrologic condition existing at the time of execution of this Conservation Easement. The included wetlands which are to be enhanced or created shall be maintained forever in the enhanced or created conditions required by the license. In the event that the Property is damaged as a result of a hurricane, tornado, lightning, or sink hole, grantee's obligation hereunder shall be to restore the Property to the extent necessary in order to provide wetlands mitigation as contemplated by the License conditions and in accordance with a restoration plan developed by Grantee.

2) To carry out this purpose, the following rights are conveyed to Grantee by this easement:

- (a) To enter upon the Property in a reasonable manner and at reasonable times to ensure compliance and to enforce the terms of this conservation easement and rights herein granted.
- (b) To enjoin any activity on or use of the Property that is inconsistent with this Conservation Easement and to enforce the restoration of such areas or features of the Property that may be damaged by any inconsistent activity and/or use. Grantee shall be entitled to recover the cost of restoring the land to the natural vegetative and hydrologic condition existing at the time of execution of this Conservation Easement or to the vegetative and hydrologic condition required by the aforementioned license, whichever enhancement is the most environmentally desirable. These remedies are in addition to any other remedy, fine or penalty which may be applicable under Chapter 27, Broward County Code of Ordinances.

3. Except for the restoration, creation, enhancement, maintenance, and monitoring activities and other activities and improvements related to the property and permitted or required by the DNRP License and District Permit, and the maintenance and monitoring of the same required by the DNRP License and District Permit, the following activities shall be prohibited in or on the property, to wit:

- (a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;
- (b) Dumping or placing of soil or other substance or material as landfill, or dumping or placing of trash, waste, or unsightly or offensive materials;
- (c) Removal or destruction of trees, shrubs, or other vegetation, except for the removal of exotic vegetation as approved by DNR and the District;
- (d) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;
- (e) Surface use except for purposes that permit the land or water area to remain in its natural condition;
- (f) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation; including but not limited to diking and fencing;
- (g) Acts or uses detrimental to said aforementioned retention and maintenance of land or water areas; and
- (h) Acts or uses detrimental to the preservation of any features or aspects of the property having historical, archeological or cultural significance.

4. Grantor reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein.

5. No right of access by the general public to any portion of the Property is conveyed by this Conservation Easement.

6. Grantee shall not be responsible for any costs or liabilities related to the operation, upkeep and maintenance of the property in the natural vegetative and hydrologic condition, existing at the time of the execution of this Conservation Easement, including the maintenance of enhanced or created wetlands

in the vegetative and hydrologic condition required by the aforementioned license, and Grantor does hereby indemnify and hold harmless the Grantee from the same.

7. Grantor shall pay any and all real property taxes and assessments levied by competent authority on the Property.

8. The terms and conditions of this Conservation Easement may be enforced by the Grantee by injunctive relief and other appropriate available remedies. Any costs including but not limited to reasonable attorney's fees and administrative, trial and appellate court costs which are incurred in enforcing, judicially or otherwise, the terms and restrictions of this Conservation Easement, shall be borne by and recoverable against the non-prevailing party in such proceedings. In any action in which the Grantee prevails, the Grantee shall be entitled to recover the cost of restoring the land to the natural vegetative and hydrologic condition existing at the time of execution of this Conservation Easement or to the vegetative and hydrologic condition required by the aforementioned license. Venue for said actions shall be exclusively in the Seventeenth Judicial Circuit, in and for Broward County, Florida. These remedies are in addition to any other remedy, fine or penalty which may be applicable under Chapter 27 of the Broward County Code of Ordinances.

9. Enforcement of the terms and provisions of the Conservation Easement shall be at the reasonable discretion of Grantee, and any forbearance on behalf of Grantee to exercise its rights hereunder in the event of any breach hereof by Grantor, shall not be deemed or construed to be a waive of Grantee's rights hereunder.

10. Grantee will hold this Conservation Easement exclusively for conservation purposes. Grantee will not assign its rights and obligations under this Conservation Easement except to another organization qualified to hold such interests under the applicable state laws.

11. Grantor's obligation to retain and maintain the land forever predominantly in the vegetative and hydrologic condition as herein specified shall run with the land and shall be binding upon

the Grantor and its successors and assigns and shall inure to the benefit of the Grantee, and its successors and assigns.

12. If any provision of this Conservation Easement or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this Conservation Easement shall not be affected thereby, as long as the purpose of the Conservation Easement is preserved.

13. All notices, consents, approvals or other communications hereunder shall be in writing and shall be deemed properly given if sent by United States certified mail, return receipt requested, addressed to the appropriate party or successor-in-interest.

14. The terms, conditions, restrictions and purpose of this Conservation Easement shall be inserted by Grantor in any subsequent deed or other legal instrument by which Grantor divests itself of any interest in the Property. Any future holder of the Grantor's interest in the Property shall be notified in writing by Grantor of this Conservation Easement.

15. This Conservation Easement may be amended, altered, released or revoked only by written agreement between the parties hereto or their heirs, assigns and successors-in-interest, which shall be filed in the public records in Broward County.

TO HAVE AND TO HOLD unto Grantee, its successors and assigns forever. This Conservation Easement shall be recorded in the Public Records of Broward County and the covenants, terms, conditions, restrictions and purpose imposed with this Conservation Easement shall not only be binding upon Grantor, but also its agents, heirs, successors and assigns, and shall continue as a servitude running in perpetuity with the Property. This Conservation Easement shall not be recorded in the Public Records until after its formal acceptance by the Broward County Board of County Commissioners.

Grantor hereby covenants with said Grantee that Grantor is lawfully seized of said property in fee simple; that Grantor has good right and lawful authority to convey this Conservation Easement; and that it hereby fully warrants and defends the title

to the Conservation Easement hereby conveyed against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF, the City of Coconut Creek has hereunto set its authorized hand this 26 day of September, 1996.
