PREFERENCE FOR LOCAL VENDORS - RFP's							Formula for calculating 5% range if No. 1 Ranked Firm is non-local:	
For all other competitive solicitations in which objective factors used to evaluate the responses from vendors are assigned point totals, if, upon the completion of final rankings (technical and price combined, if applicable) by the evaluation committee, a nonlocal vendor is the highest ranked vendor and one or more Local Businesses (as defined by Section 1-74 of the Broward County Code of Ordinances) are within five percent (5%) of the total points obtained by the nonlocal vendor, the highest ranked Local Business shall be deemed to be the highest ranked vendor overall, and the County shall proceed to negotiations with that vendor. If impasse is reached, the County shall next proceed to negotiations with the next highest ranked Local Business that was within five percent (5%) of the total points obtained by the nonlocal vendor, if any.							1) Take Total Points X 5% 2) Subtract that amount from total points 3) Any local firm's total points within that range are eligible to move up in Ranking over non-local vendor
