1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):
Levies a 0.25% Indigent Care and Trauma Center Surtax to fund a broad range of primary and preventive care for persons who are indigent or medically poor or who are participating in innovative, cost-effective programs, including without limitation cardiac and cancer screening programs.

2. Estimate of direct economic impact of the proposed ordinance on private, for-profit businesses in Broward County, including, if applicable:

- a. Estimate of direct compliance costs that businesses may reasonably incur;
- b. Any new charge or fee imposed by the proposed ordinance; and
- c. Estimate of the County's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

Businesses that collect sales taxes may have nominal implementation costs related to adding a new tax code. Any qualified purchase will have additional surtax of 0.25 percent of the taxable cost; private for-profit businesses will be affected to the degree of such purchases, versus individuals (residents and tourists). A recent report on sales tax revenues indicated that 18.8% Florida sales taxes were paid by "businesses" as opposed to "tourists" and "households" (see [FloridaSalesTaxContributions FY20-21.pdf \(state.fl.us\)](#).) It is estimated that the levy of one quarter cent of indigent surtax would generate a total of \$125 million in revenue on a conservative estimate for the first full fiscal year in 2026, based on the forecast for FY24. It is assumed that the Florida Department of Revenue will collect the 0.25% Indigent Care and Trauma Center Surtax, net of any collection costs.

3. Estimate of the number of businesses likely to be impacted by the proposed ordinance:

All private, for-profit businesses that make qualified purchases will be affected.
